Counsel to Blue Jay Wireless, LLC

SUMMARY

Blue Jay Wireless, LLC (Blue Jay or the Company) seeks designation as a Lifeline Broadband Provider (LBP) eligible telecommunications carrier (ETC), pursuant to section 214(e)(6) of the Communications Act of 1934, as Amended (the Act), section 54.202 of the Federal Communications Commission's (FCC's or the Commission's) rules, the Lifeline Modernization Order,[1] and the Lifeline Broadband Provider Guidance Public Notice[2] for the limited purpose of providing mobile broadband internet access service (BIAS) supported by the Universal Service Fund (USF) Lifeline program. Section 214(e)(6) permits the Commission to grant LBP ETC designation and the Commission's rules provide that states may not designate LBP ETCs.

As described in greater detail herein, Blue Jay satisfies all of the requirements for streamlined designation as an LBP ETC and is committed to complying with all of the Commission's rules and requirements for ETCs providing broadband, including the minimum service standards in section 54.408 of the Commission's rules. The Company has an established track record of providing quality voice and broadband services to both Lifeline- and non-Lifeline subscribers. The Company has provided local and long distance voice services, without interruption, for nearly four years, broadband service for nearly three years and Lifeline services since June 2013. Currently, the Company provides voice and/or broadband service to more than 227,253 subscribers including 14,985 non-Lifeline subscribers. Therefore, Blue Jay is eligible

[1] *See Lifeline and Link Up Reform and Modernization; Telecommunications Carriers Eligible for Universal Service Support; Connect America Fund*, WC Docket Nos. 11-42, 09-197, 10-90, third Report and Order, Further Report and Order, and Order on Reconsideration, FCC 16-38 (Apr. 27, 2016) (Lifeline Modernization Order).

[2] *See Wireline Competition Bureau Provides Guidance Regarding Designation as a Lifeline Broadband Provider and Lifeline Broadband Minimum Service Standards*, WC Docket Nos. 11-42, 09-197, Public Notice, DA 16-118 (rel. Sept. 30, 2016) (Lifeline Broadband Provider Guidance Public Notice).

for 60-day streamlined processing of its LBP ETC designation and this Petition should be deemed granted within 60 days.[3]

Blue Jay's broadband service offering will provide eligible Lifeline subscribers with 500 megabytes (MB) of much-needed Internet access at reliable 3G speeds each month, in addition to 250 minutes and unlimited texts at no cost to the consumer. The Company will not conduct credit checks or collect deposits, thereby eliminating service barriers for low-income or credit-challenged subscribers. To maximize consumer choice, customers will also have the option of purchasing additional units of 3G or better speed data in affordable increments. This flexibility allows consumers to adjust their broadband service levels to meet their changing needs.

All Lifeline eligible subscribers will receive a Wi-Fi-enabled smartphone at no cost to the subscriber in addition to their broadband service. This smartphone will help to address the most compelling needs - including closing the "jobs gap" and the "homework gap" - of these consumers by allowing them to establish email accounts and access Internet- and apps-based job applications; monitor online homework assignments and progress reports; manage medical benefits and appointments; and stay in touch with friends and relatives. In addition, the smartphone enables subscribers to use many of the advanced applications and services that non-Lifeline subscribers enjoy, including maps, audio and video streaming, educational games, and advanced communications services. The Wi-Fi-enabled phone also enables consumers to extend the reach of their Lifeline broadband plan by leveraging free Wi-Fi hotspots in community anchor institutions, retail locations, and elsewhere to utilize additional data. Blue Jay's mobile broadband service gives customers the ability to access the Internet from almost anywhere, enabling them to engage in the digital economy in a manner comparable to the access enjoyed by non-Lifeline subscribers. Moreover, available hotspot-capable phones permit Blue Jay's Lifeline subscribers to tether other devices - *e.g.*, tablets, laptops and PCs - to their smartphone to

[3] *See* 47 C.F.R. § 54.202(d)(1).

perform tasks such as completing homework assignments or filling out job-applications that are designed for a larger screen.

Designation of Blue Jay as an LBP ETC is in the public interest. Such designation will provide consumers with an alternative for obtaining quality, reliable and convenient 3G or better broadband service, when and where they need it, and will introduce new competition to the Lifeline market. This competition, in turn, will motivate other service providers to improve their service offerings to low-income consumers, thereby spurring service-level innovation in the Lifeline broadband service market. Consumers will gain convenient and immediate Internet access as an alternative to school or library broadband Internet access that may be effectively unavailable or simply not the best option for the consumer. Additionally, the prepaid nature of Blue Jay's broadband service reduces barriers to adoption and enables low-income consumers to anticipate and control their broadband costs more effectively so that they can stay connected. Blue Jay's proposed Lifeline-supported broadband service offerings promote the goals of the Act as the Company's plans "secure lower prices and higher quality services for American telecommunications consumers and encourage the rapid deployment of new telecommunications technologies" to consumers.[4] Accordingly, and consistent with the streamlined processing provided for LBP ETCs in the Lifeline Modernization Order, Blue Jay respectfully requests expeditious review and approval of this Petition no later than December 2, 2016.

Blue Jay Wireless, LLC	)	
Petition for Streamlined Designation as a Lifeline Broadband Provider Eligible Telecommunications Carrier	)	

BLUE JAY WIRELESS, LLC
PETITION FOR STREAMLINED DESIGNATION AS A LIFELINE BROADBAND PROVIDER ELIGIBLE TELECOMMUNICATIONS CARRIER

Blue Jay Wireless, LLC (Blue Jay or the Company), pursuant to section 214(e) of the Communications Act of 1934, as Amended (the Act), 47 U.S.C. § 214(e) and section 54.202 of the Federal Communications Commission's (Commission's or FCC's) rules, 47 C.F.R. § 54.202, hereby requests streamlined designation as a Lifeline Broadband Provider (LBP) eligible telecommunications carrier (ETC) in 49 states,[5] the District of Columbia and Puerto Rico for the sole purpose of receiving universal service Lifeline support for the provision of mobile

[5] Those states are Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, North Dakota, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Oklahoma, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

broadband internet access service (BIAS).[6] Blue Jay does not request ETC status for the purpose of receiving support for voice services or from any of the other Universal Service Funds (USF), nor does it seek support from the Link Up program.

The Commission has sole jurisdiction, pursuant to section 214(e)(6), to review and grant the Company's request for designation as an LBP ETC and, in its Lifeline Modernization Order, the Commission explicitly preempted state designation of broadband providers.[7] Moreover, the Commission ruled that applicants already possessing Lifeline-only ETC designation do not need to seek additional designation to receive support for BIAS.[8] Petitions for LBP ETC designation will be deemed granted within sixty days of the filing date for applicants that have provided BIAS to the public for at least two years and serve at least 1,000 non-Lifeline subscribers with voice telephony and/or BIAS as of the filing date.[9] By this Petition, Blue Jay requests LBP ETC designation in to serve Tribal and non-Tribal eligible Lifeline subscribers in 49 states[10] (as well as the District of Columbia and Puerto Rico).

[10] Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, North Dakota, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Oklahoma, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

As discussed in more detail below, Blue Jay meets the requirements for designation as an LBP ETC and is able and prepared to offer the Lifeline-supported mobile broadband service in the requested territory. Granting Blue Jay LBP ETC status will benefit the public interest by increasing the availability of quality broadband service offerings to a broad range of low-income consumers eligible for Lifeline benefits.

I. ABOUT BLUE JAY

Blue Jay is an established provider of prepaid voice telecommunications, text messaging, and broadband Internet access service (BIAS or broadband service). The Company has provided local and long distance voice services, without interruption, for nearly four years, broadband service for nearly three years and Lifeline services since June 2013. Blue Jay offers its prepaid voice, text, and broadband service in states where the Company is designated as an ETC and throughout the coverage area of its underlying carriers from which it purchases wireless network services on a wholesale basis and resells the services to its subscribers. The Company currently is designated as an ETC in 17 states (Arizona, California, Colorado, Hawaii, Kentucky, Michigan, Minnesota, Missouri, Nevada, North Dakota, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Texas, Utah, and Wisconsin) and Puerto Rico, and has ETC petitions pending in four other states (New Jersey, New Mexico, South Dakota, and Washington) and before the Commission.[11]

Blue Jay's proposed Lifeline-supported mobile broadband service will provide eligible subscribers with fast and convenient Internet access for activities ranging from researching and

[11] The Company filed a federal ETC petition with the Commission in May 2012, which is still pending. *See Telecommunications Carriers Eligible to Receive Universal Service Support, et al.*, WC Docket Nos. 09-197, 11-42, Blue Jay Wireless, LLC Petition for Limited Designation as an Eligible Telecommunications Carrier in Alabama, Connecticut, Delaware, the District Of Columbia, Florida, New Hampshire, New York, North Carolina, Tennessee and Virginia (filed May 21, 2012).

applying for jobs to completing homework assignments. The non-Tribal broadband offering will provide 500 MB of data (and 250 minutes of voice service and unlimited text messages), each month at no cost to the consumer. To maximize choice, subscribers also will have the option of purchasing additional units of broadband service also at 3G or better speeds. The availability of "top-up" data in affordable increments will give subscribers the flexibility to tailor their broadband services to meet changing needs. Blue Jay's Lifeline-supported mobile broadband offering will include a free Wi-Fi enabled smartphone and, consistent with FCC requirements, the Company will offer subscribers a hotspot-capable smartphone. In addition to its broadband offering, Blue Jay will continue to offer its Lifeline voice services thereby providing an attractive alternative for those eligible consumers that prefer traditional wireless voice services.

Blue Jay is a mission-driven, socially conscious technology distributor. Its mission is to distribute technology to improve lives while empowering individuals to serve society. Blue Jay achieves its mission by creating a unique system to embed its philosophy through its entire organization and its customers. The Company views the Lifeline program as a platform that enables it to distribute life altering technology to those most in need, while at the same time disrupting the traditional wireless reseller model and providing more value to its customers. Blue Jay's objective is to create a system that enables customers to earn their way into additional data and "graduate" from Lifeline service—providing Lifeline as a hand up, rather than a hand out.

Blue Jay has developed a technology distribution platform designed to disrupt the traditional wireless reseller model and provide more value to consumers than traditional wireless resale offerings. Blue Jay has partnered two types of mobile application partners to deliver a portfolio of apps that advance its mission. The first type of mobile application partner provides a

service that enables customers to earn additional value (e.g., additional voice minutes and data), including through a lock-screen application, an "offer wall," and a transportation application. The second type of mobile application partner provides a social benefit to our customers, including telehealth services, jobs applications, and education and training resources. The Blue Jay mobile app ecosystem enables customers to earn additional value while achieving its social mission to help customers receive vital access to healthcare, jobs, program needs and education and to other social services.

Not only does Blue Jay provide tremendous value to its customers, it also strives to give back to the community through a variety of initiatives. For example, Blue Jay has hired over 100 U.S. Veterans to date from all branches of the military. Moreover, beginning in 2014, through the Samaritan Inn, a Dallas-area homeless shelter, Blue Jay has provided employment opportunities to qualified residents of the Inn's homeless program. In addition, through its #GiveADay initiative, each employee at Blue Jay as a goal to give one out of every ten working days back to the community in volunteer service. On a monthly basis, Blue Jay employees contribute over 3,000 hours of volunteer service to their communities.[12]

II. BLUE JAY MEETS THE COMMISSION'S REQUIREMENTS FOR DESIGNATION AS A LIFELINE BROADBAND PROVIDER AND FOR STREAMLINED PROCESSING OF THIS PETITION

Section 54.202 of the Commission's rules outlines the requirements that must be met before the FCC can designate a carrier as an LBP ETC. As discussed in further detail below, Blue Jay meets these requirements and LBP ETC designation is warranted. Further, Blue Jay qualifies for 60-day streamlined processing of this Petition.

[12] Examples of Blue Jay's community service efforts can be found at www.bluejaywireless.com/videos.

a) *Blue Jay is a common carrier*.[13]

As a provider of BIAS to the public, Blue Jay is a common carrier. In the Lifeline Modernization Order, the Commission recognized BIAS as a telecommunications service, which providers have been able to offer as a common carrier service since 2007.[14]

Further, the Commission has consistently held that providers of wireless services are to be treated as common carriers for regulatory purposes. Section 332(c)(1)(A) of the Act states that CMRS providers will be regulated as common carriers.[15] Blue Jay provides wireless telecommunications services and, accordingly, is a common carrier.

b) *Blue Jay will provide supported Lifeline services by reselling the services of its underlying carriers.*

Section 214(e)(1)(A) of the Act states that an ETC must provide services "using its own facilities or a combination of its own facilities and resale of another carrier's services."[16] However, the Commission's 2012 Lifeline Reform Order granted blanket forbearance from the own facilities requirement, subject to conditions, to all ETC petitioners seeking limited ETC designation to participate in the Lifeline program.[17] That forbearance was conditioned upon the Applicant's provision of 911 service and the applicant having obtained an approved compliance

plan.[18] However, by its nature, broadband service does not include 911 service capability and the Commission's Lifeline Modernization Order specifically exempts non-facilities-based broadband provider applicants from the requirement to obtain approval of a compliance plan before receiving LBP designation.[19] Accordingly, Blue Jay is not required to meet the "own facilities" requirement of section 214(e)(1)(A).

> c) *Blue Jay certifies it will comply with the service requirements applicable to the support the Company receives, including the applicable minimum service standards*.[20]

Blue Jay certifies that it will comply with the service requirements applicable to the support the Company receives, including the applicable minimum service standards.[21] Blue Jay will provide Lifeline-supported mobile broadband service[22] and will make the services available to all qualified consumers consistent with the coverage area of its underlying providers. Included as an **Exhibit** is a chart identifying the states and service areas by zip code in which Blue Jay seeks designation as an LBP ETC to provide Lifeline broadband service.[23] The Company seeks designation to serve any subscribers within the wireless network footprint of its underlying providers in those states. The Company's underlying providers are currently Sprint and T-Mobile, but that may change or be supplemented in the future. The Company's mobile

broadband service will enable subscribers to transmit data to and receive data from all or substantially all Internet endpoints and will include all capabilities incidental to, or that enable the operation of the communications service. The service will enable such transmission and receipt by wire or radio and excludes dial-up Internet access service.

Blue Jay's Lifeline-supported mobile broadband service will comply with the Lifeline program's minimum service standards.[24] Blue Jay will provide 3G or better service to its consumers using its underlying carriers' 3G and 4G networks. Blue Jay will provide the following service plans:[25]

	Plan 1	**Plan 2**	**Plan 3**	**Tribal Plan**
Data	500 MB	500 MB	500 MB	1 GB
Voice Minutes	250 minutes	500 minutes	Unlimited	Unlimited
Texts	Unlimited	Unlimited	Unlimited	Unlimited
Price to Lifeline Subscribers	Free	$3.50 (Free in KY and Puerto Rico)	$15.75	Free

Blue Jay will provide additional plans to Lifeline-eligible subscribers in specific states.

The Company understands that it must continue to comply with any future additions to or amendments of the Lifeline rules and will revise its offerings as necessary to comply, in the future, with updated service standards.[26] Blue Jay will not conduct credit checks, require contracts or collect deposits, thereby eliminating the barriers to service often confronting many

[24] *See* 47 C.F.R. § 54.408(b)(2).

[25] Lifeline Modernization Order ¶ 96; 47 C.F.R. § 54.408(c)(2); Lifeline Broadband Provider Guidance Public Notice ¶ 10. Separate service offerings will be available in California.

[26] *See* Lifeline Modernization Order ¶ 93; 47 C.F.R. §§ 54.408(a)(2), (b)(2)(ii), (c).

Lifeline-eligible consumers. To maximize consumer choice, consumers will also have the option of purchasing additional units of data top ups including pay-as-you-go top ups of $10 for 1 GB of data or 1000 units of voice or text messages (at a 1:1 minute-to-text ratio); or $15.75 for unlimited voice minutes and text messages. These supplemental packages, or "top-up" data, will be available for purchase at Blue Jay's website, by telephone or in retail stores like ACE Cash Express. Blue Jay's terms and conditions for its Lifeline-supported mobile broadband plans will be included on its website at www.bluejaywireless.com.[27]

In addition to providing broadband service at no cost to Lifeline subscribers, and flexible service options that subscribers can customize based on their unique needs and circumstances, Blue Jay will provide subscribers with a Wi-Fi-enabled[28] smart phone at no cost to the Lifeline-eligible consumer.[29] The Company also will offer hotspot-enabled phones permitting Lifeline eligible subscribers to share their broadband service with others in their household.[30] Lifeline-eligible subscribers also will be able to purchase device upgrades providing benefits such as the ability to enjoy high-quality photos and video, experience faster load-times for on-device apps and services, and benefit from better storage and memory.

d) *Blue Jay has the ability to remain functional in emergency situations*.[31]

As noted above, Blue Jay currently utilizes the Sprint and T-Mobile networks to provide its broadband services and certifies that the networks over which the Lifeline-supported service is provided are capable of remaining functional in emergency situations. The Company has

---

[27] *See* Lifeline Broadband Provider Guidance Public Notice ¶ 10.

[28] 47 C.F.R. § 54.408(f)(1).

[29] Blue Jay is not responsible for replacement costs if a Lifeline subscriber's phone is lost or stolen. For more information, *see* https://www.bluejaywireless.com/terms-conditions/.

[30] *See* 47 C.F.R. § 54.408(f)(3).

[31] *See* 47 C.F.R. § 54.202(a)(2); Lifeline Broadband Provider Guidance Public Notice ¶ 10.

access to the extensive and well-established Sprint and T-Mobile networks and facilities and believes that those companies' networks are capable of managing traffic spikes that may occur during emergency situations and can reroute traffic in the event of damaged facilities. Blue Jay also understands that Sprint and T-Mobile have sufficient back-up power to ensure functionality if its external power supply is unavailable.

e) *Blue Jay will satisfy applicable consumer protection and service quality standards*.[32]

Section 54.202(a)(3) of the Commission's rules states that a wireless applicant's commitment to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service (CTIA Consumer Code) will satisfy this consumer protection and service quality requirement. Blue Jay fully complies with applicable consumer protection requirements and commits to comply with the CTIA Consumer Code. Blue Jay complies with the CTIA Consumer Code to ensure it offers its subscribers the highest level of protection and quality service. Blue Jay's pledge to provide quality service and voluntarily to comply with this code evidences its commitment to satisfying all of the applicable consumer protection and service quality standards. For example, Blue Jay subscribers can reach the Company in the following ways:

- Web: https://www.bluejaywireless.com/contact-us/
- Customer Support Hotline: (855) 425-8529
- Email: service@bluejaywireless.com

Customer service is available between the hours of 8am and 11pm CST.

[32] *See* 47 C.F.R. § 54.202(a)(3); Lifeline Broadband Provider Guidance Public Notice ¶ 10.

f) *Blue Jay is financially and technically capable of providing Lifeline-supported mobile broadband services in compliance with the Commission's rules*.[33]

Commission rule 54.202(a)(4) requires ETC petitioners to demonstrate financial and technical capability to comply with the Commission's Lifeline service requirements.[34] Blue Jay provides several other telecommunications and broadband services to non-Lifeline customers, in addition to its Lifeline service offerings, and, therefore, is not solely dependent on Lifeline subscribers for its revenues. The Company has provided wireless telecommunications service for nearly four years. With a subscriber base of more than 242,230 subscribers, including 14,985 non-Lifeline subscribers, Blue Jay produced substantial net income in 2016. Consequently, the Company has access to sufficient funds to operate its business and is not solely dependent on reimbursement from the Lifeline Fund. In addition, Blue Jay's nearly four years of experience providing telecommunications services and broadband service and reliance on the networks of its underlying carriers ensures the Company has the technical capability to provide Lifeline broadband services in accordance with the Commission's rules.

g) *Terms and conditions of Blue Jay's Broadband plan for Lifeline subscribers*.[35]

Blue Jay will offer Lifeline subscribers a market-leading broadband service with 500 MB of data, 250 minutes of voice, and unlimited text messages at no cost to the consumer. For Lifeline subscribers in Kentucky and Puerto Rico, Blue Jay will offer 500 MB of data, 500 voice minutes, and unlimited text messages at no cost to the consumer (and $3.50 in all other states). Blue Jay also will offer a plan with 500 MB of data and unlimited voice minutes and text

---

[33] *See* 47 C.F.R. §54.202(a)(4); Lifeline Broadband Provider Guidance Public Notice ¶ 10.

[34] *See id*.

[35] *See* 47 C.F.R. § 54.202(a)(6); Lifeline Broadband Provider Guidance Public Notice ¶ 10.

messages for $15.75. On Tribal lands, Blue Jay will offer a Tribal-only plan with 1 GB of data and unlimited voice minutes and text messages for free. These plans will not roll over.

To maximize consumer choice, consumers will also have the option of purchasing additional units of data top ups including pay-as-you-go top ups of $10 for 1 GB of data or 1000 units of voice or text messages (at a 1:1 minute-to-text ratio); or $15.75 for unlimited voice minutes and text messages. These supplemental packages, or "top-up" data, will be available for purchase at Blue Jay's website, by telephone or in retail stores like ACE Cash Express. Customers must use top-ups within 30 days of purchase.

Blue Jay's terms and conditions for its Lifeline-supported mobile broadband plans will be included on its website at www.bluejaywireless.com.

> *h) Blue Jay will advertise the availability of its service and charges in a manner reasonably designed to reach Lifeline-eligible consumers and will comply with the Commission's revised rules regarding information to be included in advertisements.*[36]

Blue Jay intends to offer its Lifeline-supported mobile broadband services to all eligible low-income consumers and, accordingly, will advertise its Lifeline services using media reasonably calculated to reach the general public as clarified in the Lifeline Modernization Order. In that order, the Commission clarified that "media of general distribution" is "any media reasonably calculated to reach the general public or, for an LBP, the specific audience that makes up the demographic for a particular service offering."[37] Blue Jays' advertising may include mobile enrollment events as a means of reaching those consumers that are likely to qualify for Lifeline broadband services and who may lack available means to fax or scan and email proof of eligibility documents. The Company will use these media to advertise the availability of its

[36] *See* 47 C.F.R. §§ 54.201(d)(2), 54.405(b); 47 U.S.C. § 214(e)(1)(B).

[37] Lifeline Modernization Order ¶ 364.

services to Lifeline subscribers and will expand its advertising efforts if necessary to ensure that Lifeline-eligible subscribers are aware of the service offerings.[38]

Blue Jay will ensure that all of its Lifeline advertising materials comply with section 54.405(c) of the Commission's rules. Specifically, Blue Jay's advertising materials will state, in easily understood language, that: (i) the service is a Lifeline service; (ii) Lifeline is a government assistance program; (iii) the service may not be transferred to someone else; (iv) consumers must meet certain eligibility requirements before enrolling in the Lifeline program; (v) the Lifeline program permits only one Lifeline discount per household; (vi) that documentation is necessary for enrollment; and (vii) Blue Jay is the provider of the services.[39] In addition, Blue Jay's application/certification form will state that subscribers who willfully make a false statement in order to obtain the Lifeline benefit can be punished by fine or imprisonment or can be barred from the program.

i) Blue Jay will comply with the additional ETC obligations.

Blue Jay is aware of the Commission's current requirements regarding certification and verification of a customer's qualification for Lifeline service[40] and has implemented procedures to ensure the requirements are met.[41] As described in Blue Jay's Bureau-approved Compliance Plan, Blue Jay has detailed and comprehensive procedures in place to address customer certification and verification requirements as well as those requirements addressing de-

---

[38] *See* 47 C.F.R. § 54.405(b).

[39] *See* 47 C.F.R. § 54.405(c).

[40] *See* 47 C.F.R. § 54.410.

[41] 2012 Lifeline Reform Order ¶ 110. Blue Jay will retain copies of documentation demonstrating the applicant's income-based or program-based eligibility determination for Lifeline service as required by Commission rules. *See* 47 C.F.R. § 54.410(b)(1)(ii), (c)(1)(ii).

enrollment and duplication of benefits.[42] These procedures comply with the Commission's customer certification and verification requirements.[43] Blue Jay also will check the applicant against the National Lifeline Accountability Database prior to initiating service, as well as its own duplicate checking system and will utilize the National Lifeline Eligibility Verifier once that system is available.[44] Blue Jay also will comply with the annual certification and reporting requirements and the Commission's measures to prevent waste, fraud and abuse of Lifeline services.[45] Blue Jay will not seek Lifeline reimbursement for any subscriber that received Lifeline-supported mobile broadband service from another provider within the previous 12 months except as permitted by Commission rules.[46]

Further, Blue Jay will not enroll applicants at retail locations where the Company does not have an agency agreement with the retailer. Blue Jay will require an agent retailer to have any employees involved in the enrollment process go through the Company's Lifeline-specific training as it would for any other agent. By establishing agency relationships with all of its field representatives Blue Jay meets the "deal directly" requirement adopted in the TracFone Forbearance Order.[47]

The Commission determined in the 2012 Lifeline Reform Order that ETCs may permit agents or representatives to review documentation of consumer program eligibility for Lifeline because "the Commission has consistently found that '[l]icensees and other Commission regulatees are responsible for the acts and omissions of their employees and independent

contractors.'"[48] Because Blue Jay is responsible for the actions of all of its employees and agents, including those enrolling subscribers in any Blue Jay owned or affiliated retail locations, and a Blue Jay employee will be responsible for overseeing and finalizing every Lifeline enrollment prior to including that subscriber on an FCC Form 497 for reimbursement, the Company always "deals directly" with its subscribers to certify and verify the customer's Lifeline eligibility.

Finally, Blue Jay does not charge a number-portability fee for Lifeline accounts.[49] Blue Jay timely pays all applicable federal, state, and local regulatory fees, including universal service and E911 fees.

j) Blue Jay qualifies for streamlined processing of its LBP ETC designation.

The Commission's Lifeline Modernization Order, as reflected in new rule 54.202(d), provides a streamlined process for approving LBP ETC petitions where certain criteria are met.[50] To qualify for LBP ETC designation, applicants must meet the ETC requirements of section 214(e) of the Act, and FCC rules 54.201 and 54.202.[51] However, petitions for LBP ETC designation will be deemed granted, unless the Commission notifies the applicant otherwise, within sixty days of the submission of a complete petition if the filer demonstrates financial stability and experience in providing broadband service.[52] To meet this showing, applicants must show that they have provided broadband internet access or voice service to at least 1,000

[52] *See id*.

non-Lifeline subscribers.[53] In addition, the applicant must have offered broadband service, without interruption, for the two years prior to the filing date.[54]

Blue Jay meets all of the requirements for streamlined LBP ETC designation. Blue Jay provided, in sections II (a)-(i), *supra*, all of the information required by section 214(e) of the Act and FCC rules 54.201 and 54.202. Moreover, Blue Jay has been providing, without interruption, voice telecommunications to non-Lifeline customers since 2012 and broadband service to non-Lifeline customers since 2013.[55] As of this filing, the Company serves approximately 15,000 non-Lifeline subscribers. Accordingly, Blue Jay meets all of the criteria for streamlined grant of its LBP ETC designation.

III. THE PUBLIC INTEREST WILL BENEFIT FROM GRANTING LBP ETC STATUS TO BLUE JAY

The Commission's rules require that, before granting a request for ETC designation, the Commission must find that grant of the designation would be in the public interest.[56] In determining if the public interest showing has been met, in the context of voice Lifeline service, the Commission considers the "benefits of increased consumer choice and the unique advantages and disadvantages of the applicant's service offering."[57] These considerations should apply equally to an LBP ETC designation public interest showing.

The Commission has described broadband as the "essential communications medium of the digital economy," noting that "[a]ccess to broadband shortens the distance to high-quality education, meaningful employment, and reliable healthcare. It is now the dominant technology

used to communicate, educate, inform, and entertain."[58] However, the Commission has recognized that a "digital divide" still exists with low-income consumers "adopting broadband at rates well below the rest of the country."[59]

Grant of Blue Jay's Petition will enable the Company to provide Lifeline-eligible consumers with access to convenient and much-needed Internet access at 3G speeds thereby helping to bridge the digital divide. In addition, entry of Blue Jay to the Lifeline-supported mobile broadband market will result in a source of quality broadband service that may spur other ETCs to offer competitive Lifeline broadband service offerings. Moreover, Blue Jay's Lifeline-supported mobile broadband service plan is designed with disadvantaged consumers in mind and, as such, will help the Commission meet core Lifeline program goals, including closing the jobs and homework gaps and increasing competitive pressure to ensure that subscribers get high value for their Lifeline benefits.

Specifically, the Company will offer to low-income consumers a prepaid mobile broadband service, with 500 MB of data per month on its underlying carriers' 3G and 4G networks at no cost to the consumer, thereby increasing consumer choice and making services more affordable and accessible. The monthly 500 MB of data per month on its underlying carriers' 3G and 4G networks provides speed and capacity for consumers to utilize the Internet to meet their work, health and school-related needs. When coupled with free Wi-Fi available in community anchor institutions, local businesses and elsewhere, Blue Jay's mobile broadband service will enable subscriber access to multiple gigabytes worth of data each month, enabling those consumers to use data-hungry apps and services such as online video courses and real-time video communications just like non-Lifeline consumers. The Company will also offer for

[58] Lifeline Modernization Order ¶ 12.

[59] *Id*. ¶ 19.

purchase smartphones with hotspot capability. The hotspot capability enables consumers to use their Blue Jay data by tethering a variety of different devices, including laptops and tablets, to complete homework assignments or conduct other activities that sometimes require a larger screen.

Blue Jay's broadband service will enable Lifeline-eligible subscribers to access the Internet for tasks such as researching jobs, communicating with their employer, children's schools or family and friends by email, or completing homework assignments. The mobile nature of the service will be particularly attractive to Lifeline-eligible consumers who will now have immediate and convenient Internet access – at home, on a bus commuting to work or school or during a lunch break at work – thereby eliminating the need to undertake time-consuming or costly travel to a library or other location for public Internet access.

The prepaid aspect of Blue Jay's Lifeline-supported mobile broadband service is also an attractive feature for "unbanked" consumers. Moreover, Lifeline-eligible consumers will avoid concerns regarding deposits, hidden costs, varying monthly charges and long term contract issues. Further, Blue Jay will not impose credit checks on applicants thereby providing an alternative for those low-income consumers unable to obtain credit for post-paid services provided by traditional carriers.

Blue Jay recognizes that Lifeline-eligible consumers are often faced with making difficult choices about how to allocate and spend their limited resources. The ability to meet their Internet access needs while at the same time anticipating and controlling the associated costs is critical. Blue Jay's Lifeline-supported mobile broadband service provides consumers with guaranteed broadband capacity each month but the Company also provides consumer-friendly data top-up options, starting at $10.00, that enable subscribers to tailor their broadband services

to their variable needs and budgets. This supplemental "top-up" data, will be available for purchase at Blue Jay's website and by telephone.

Blue Jay's experience and longevity as a provider of Lifeline services in many states demonstrates the Company's commitment and ability to provide quality Lifeline services to eligible, low-income consumers in compliance with program requirements. As of September 2016, Blue Jay provided Lifeline voice telecommunications services to over 227,250 Lifeline subscribers and has established detailed and comprehensive procedures to ensure service is provided in compliance with Lifeline requirements. Blue Jay will leverage this experience and expertise to ensure its Lifeline-supported mobile broadband services are offered in compliance with the Commission's rules, thereby eliminating waste, fraud and abuse of the Lifeline program. This proven track record, combined with an attractive offering of broadband capacity, the ability to supplement capacity at affordable rates, and the provision of a Wi-Fi-enabled smartphone at no charge ensures Blue Jay will provide more choices and more value for Lifeline eligible consumers. Accordingly, grant of the Petition is in the public interest.

IV. ANTI-DRUG ABUSE CERTIFICATION

Blue Jay certifies that no party to this Petition is subject to a denial of federal benefits that includes Commission benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

V. CONCLUSION

For the foregoing reasons, Blue Jay asserts that grant of the instant Petition for Limited Designation as an LBP ETC is in the public interest and is warranted in accordance with section 214(e)(6) of the Act.

Respectfully submitted,

Counsel to Blue Jay Wireless, LLC

Dated: October 3, 2016

DECLARATION

I, David Wareikis, Chief Executive Officer of Blue Jay Wireless, LLC do hereby affirm under penalty of perjury that I have reviewed all of the factual assertions set forth in the foregoing petition for ETC status and that all such statements made therein are true and correct to the best of my knowledge, information and belief.

To the best of my knowledge, no party to this Petition, nor any of their officers, directors, or persons holding five percent or more of the outstanding stock or shares (voting or non-voting) as specified in Section 1.2002(b) of the Commission's rules are subject to denial of federal benefits, including Commission benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.
