Keep Sandwich Isles Communications Commission Authorizations

Since Sandwich Isles Communications became the designated telecommunications carrier for Hawaiian Home Lands 20 years ago, the quality of life for Hawaiians has greatly improved. Sandwich Isles Communications has reliably provided access to emergency services, made health care more accessible by enabling innovative technologies, and empowered Hawaiians to start their own businesses and further their education online. We urge the FCC to allow Sandwich Isles Communications to continue serving families on Hawaiian Home Lands. 3/1/17
