WC Docket No. 10-90
Notice of Existing Broadband Coverage Within
CenturyLink Proposed CAF Phase I Round 2
Deployment Census Blocks

Pursuant to Public Notice DA 16-1072, this letter serves as notice to the FCC and to CenturyLink that Citizens Cablevision, Inc (VA) is a local exchange carrier currently offering qualifying broadband service in some of the 9,703 "unserved" and "underserved" census blocks CenturyLink has recently proposed to serve using CAF Phase I incremental support.

Citizens Cablevision, Inc offers fixed Internet speeds of 3 Mbps downstream and 768 kbps upstream or higher in the following census block:

511970501005067

As a result, the above census block should be considered "served" for the purposes of CenturyLink's upcoming 54.312(c)(4) certification. If you have any questions, please contact me at Dusty.Johnson@VantagePnt.com.

Sincerely,

Dusty Johnson
Vice President of Consulting
On Behalf of Citizens Cablevision, Inc (VA)
