V. CONCLUSION. 20

SUMMARY

Airvoice Wireless, LLC, seeks designation by the Wireline Competition Bureau as a Lifeline Broadband Provider eligible telecommunications carrier, pursuant to Section 214(e)(6) of the Communications Act of 1934, Section 54.202 of the Commission's Rules, the *Lifeline Modernization Order*, and the *Lifeline Broadband Provider Guidance Public Notice*, for the limited purpose of providing mobile broadband Internet access service supported by the Universal Service Fund Lifeline program.

Airvoice satisfies all of the requirements for streamlined designation as an LBP and is committed to complying with all of the Commission's rules and requirements for ETCs providing broadband, including the minimum service standards established in Section 54.408 of the Commission's rules. Airvoice has a solid record of providing quality voice and broadband services to both Lifeline- and non-Lifeline subscribers.

Airvoice has provided local and long distance voice services, without interruption, for more than 17 years, broadband service for more than 5 years, and Lifeline services since April 2013. As of the date of this filing, Airvoice provides voice service, broadband service, or both, to more than 88,000 subscribers, including at least 50,000 non-Lifeline subscribers. Airvoice is therefore eligible for 60-day streamlined processing of its LBP ETC petition.

All Lifeline-eligible subscribers to Airvoice's broadband service may receive or purchase Wi-Fi-enabled smartphones. These smartphones will enable Lifeline subscribers to establish email accounts and access Internet- and applications-based job applications; monitor online homework assignments and progress reports; manage medical benefits and appointments; and stay in touch with friends and relatives. In addition, smartphones enable subscribers to access millions of applications and services that non-Lifeline subscribers enjoy, including maps, news and information,

audio and video streaming, educational games, social media, and advanced communications services. The Wi-Fi-enabled phones also enable consumers to extend the reach of their Lifeline broadband plan by leveraging free Wi-Fi hotspots in community anchor institutions, retail locations, and elsewhere to utilize additional data.

Airvoice's mobile broadband service gives Lifeline subscribers the ability to access the Internet from almost anywhere, enabling them to engage in the digital economy in a manner comparable to the access enjoyed by non-Lifeline subscribers. Moreover, available hotspot-capable phones permit Airvoice's Lifeline subscribers to tether other devices—such as tablets, laptops and personal computers—to their smartphone to perform tasks, such as completing homework assignments or filling out job applications, that are designed for a larger screen.

This Petition demonstrates that designation of Airvoice as an LBP ETC is in the public interest. Airvoice's operations as an LBP will provide consumers with an alternative for obtaining quality, reliable, and convenient 3G and 4G broadband service, when and where they need it, and will introduce new competition to the Lifeline market. This competition, in turn, will motivate other service providers to improve their service offerings to low-income consumers, thereby spurring service-level innovation in the Lifeline broadband service market.

Consumers will gain convenient and immediate Internet access to supplement school or library broadband Internet access, which may not be available as a practical matter, or may not be the best option for the consumer. Additionally, Airvoice's prepaid broadband service reduces barriers to adoption and enables low-income consumers to anticipate and control their broadband costs more effectively so that they can stay connected.

Airvoice's proposed Lifeline-supported broadband service offerings promote the goals of

the Act by securing lower prices and higher quality services for American consumers, and encouraging the rapid deployment of new technologies to consumers. Accordingly, and consistent with the streamlined processing provided for LBP ETCs in the *Lifeline Modernization Order*, Airvoice respectfully requests expeditious review and approval of this Petition no later than January 9, 2017.

AIRVOICE WIRELESS, LLC
PETITION FOR STREAMLINED DESIGNATION AS A LIFELINE BROADBAND PROVIDER ELIGIBLE TELECOMMUNICATIONS CARRIER

Airvoice Wireless, LLC ("Airvoice" or the "Company"), pursuant to Section 214(e) of the Communications Act of 1934 (the "Act"),[1] Section 54.202 of the Commission's Rules,[2] the *Lifeline Modernization Order*,[3] and the *LBP Guidance Public Notice*,[4] hereby requests streamlined designation as a Lifeline Broadband Provider ("LBP") eligible telecommunications carrier

[1] 47 U.S.C. § 214(e).

[2] 47 C.F.R. § 54.202.

[3] *Lifeline and Link Up Reform and Modernization; Telecommunications Carriers Eligible for Universal Service Support; Connect America Fund*, WC Docket Nos. 11-42, 09-197, 10-90, Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962 (2016) ("*Lifeline Modernization Order*").

[4] *Wireline Competition Bureau Provides Guidance Regarding Designation as a Lifeline Broadband Provider and Lifeline Broadband Minimum Service Standards*, WC Docket Nos. 11-42, 09-197, Public Notice, DA 16-1118 (rel. Sept. 30, 2016) ("*LBP Guidance Public Notice*").

("ETC") in 49 states,[5] the District of Columbia, the Commonwealth of the Puerto Rico, and the U.S. Virgin Islands, for the sole purpose of receiving Universal Service Fund ("USF") Lifeline support for the provision of broadband Internet access service ("BIAS") to consumers in both Tribal areas and non-Tribal areas in the specified jurisdictions.[6]

The Commission has sole jurisdiction, pursuant to Section 214(e)(6) of the Act,[7] to review and grant Airvoice's request for designation as an LBP ETC and, in the *Lifeline Modernization Order*, the Commission explicitly preempted state designation of broadband providers.[8] Petitions for LBP ETC designation will be deemed granted within 60 days of the submission of a completed filing for applicants that have provided BIAS to the public for at least two years and serve at least 1,000 non-Lifeline subscribers with voice telephony or BIAS, or both, as of the filing date.[9]

Airvoice meets the requirements for designation as an LBP ETC and is able and prepared to offer the Lifeline-supported mobile broadband service in the requested jurisdictions. Granting Airvoice LBP ETC status will benefit the public interest by increasing the availability of quality broadband service offerings to a broad range of low-income consumers eligible for Lifeline benefits.

---

[5] Specifically, Airvoice requests LBP ETC designation in the following states: Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

[6] BIAS is defined by the Commission as a "service by wire or radio that provides the capability to transmit data to and receive data from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up Internet access service." 47 C.F.R. § 8.2(a), *quoted in Lifeline Modernization Order*, 31 FCC Rcd at 3972 (para. 30).

[7] 47 U.S.C. § 214(e)(6).

[8] *Broadband Modernization Order*, 31 FCC Rcd at 4044-45 (para. 232).

[9] *See* 47 C.F.R. § 54.202(d)(1).

I. INTRODUCTION.

Airvoice provides prepaid nationwide wireless telecommunications services to consumers using the AT&T wireless network, and is one of the largest prepaid wireless providers in the United States. Airvoice has also provided local and long distance voice services, without interruption, for over 17 years, broadband service for over five years, and Lifeline services, since April 2013. Since 1999, Airvoice has provided services to more than 1.75 million consumers.

AT&T is a nationwide carrier that provides wholesale capacity on its wireless network to wireless resellers such as Airvoice. Pursuant to an existing Mobile Virtual Network Operator ("MVNO") agreement, Airvoice obtains from AT&T the network infrastructure and wireless transmission facilities that allow Airvoice to operate as a MVNO.

Airvoice offers its wireless services in states where the Company is designated as an ETC, throughout the coverage area of its underlying carrier, AT&T, from which it purchases wholesale wireless capacity and resells the services to its subscribers. The Company currently is designated as an ETC in nine states.[10]

Airvoice's proposed Lifeline-supported mobile broadband service will provide eligible subscribers with fast, convenient, and reliable Internet access. Initially, upon designation as an LBP ETC, Airvoice's broadband offering will provide 500 MB of mobile broadband data to eligible non-Tribal subscribers, and 2 GB of mobile broadband data for eligible Tribal subscribers, each month, at no cost to the consumer. To maximize choice, subscribers also will have the option of purchasing additional units of broadband service, also at 3G speeds.

Airvoice will also make available "top-up" data in affordable increments, which will give

[10] The states are California, Kentucky, Michigan, Mississippi, Ohio, Oklahoma, Pennsylvania, South Carolina, and Wisconsin.

subscribers the flexibility to tailor their broadband services to meet their changing needs. Airvoice's Lifeline-supported mobile broadband offering will include a Wi-Fi-enabled smartphone and, consistent with Commission requirements, the Company also will offer subscribers the option to purchase a hotspot-capable device. In addition to its broadband offering, Airvoice will continue to offer its non-LBP Lifeline services in the states in which it is designated as a non-LBP, Lifeline-only ETC, thereby providing an attractive alternative for those eligible consumers that prefer traditional wireless voice services.

II. AIRVOICE MEETS THE COMMISSION'S REQUIREMENTS FOR DESIGNATION AS A LIFELINE BROADBAND PROVIDER AND FOR STREAMLINED PROCESSING OF THIS PETITION.

Section 54.202 of the Commission's Rules establishes the requirements that must be met before the Commission will designate a carrier as an LBP ETC. Airvoice meets these requirements. Further, the Company qualifies for 60-day streamlined processing of this Petition.

A. Airvoice Is a Common Carrier.

As a provider of BIAS to the public, Airvoice is a common carrier.[11] In the *Lifeline Modernization Order*, the Commission recognized BIAS as a telecommunications service that will be treated as a supported service for purposes of the Lifeline broadband program.[12]

Further, the Commission has consistently held that providers of wireless services are to be treated as common carriers for regulatory purposes. Section 332(c)(1)(A) of the Act states that

---

[11] *See* Section 214(e)(1) of the Act, 47 U.S.C. § 214(e)(1).

[12] *See Lifeline Modernization Order*, 31 FCC Rcd at 3975-76 (para. 39 & n.92 (citing *Protecting and Promoting the Open Internet*, GN Docket No. 14-28, Report and Order on Remand, Declaratory Ruling, 30 FCC Rcd 5601, 5743-45 (paras. 331-335) (2015); *Appropriate Regulatory Treatment for Broadband Access to the Internet Over Wireless Networks*, WT Docket No. 07-53, Declaratory Ruling, 22 FCC Rcd 5901, 5913-14 (para. 33) (2007)).

Commercial Mobile Radio Service ("CMRS") providers will be regulated as common carriers.[13] Airvoice provides wireless telecommunications services and, accordingly, is a common carrier.

B. Airvoice Will Provide Supported Lifeline Services by Reselling the Services of AT&T, Its Underlying Carrier.

Section 214(e)(1)(A) of the Act states that an ETC must provide services "using its own facilities or a combination of its own facilities and resale of another carrier's services."[14] The Commission has granted blanket forbearance from the "own facilities" requirement in the statute, subject to certain conditions, to all ETC petitioners seeking limited ETC designation to participate in the Lifeline program.[15]

The forbearance granted by the Commission was conditioned upon an applicant's provision of 911 service and the applicant's having obtained an approved compliance plan.[16] By its nature, however, broadband service does not include 911 service capability. Further, the Commis-

[14] 47 U.S.C. § 214(e)(1)(A).

[15] *Lifeline and Link Up Reform and Modernization, Lifeline and Link Up, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training*, WC Docket No. 11-42, Report and Order and Further Notice of Proposed Rulemaking, 27 FCC Rcd 6656, 6813 (para. 368) (2012) ("*2012 Lifeline Reform Order*").

[16] *Id.* at 6813-14 (paras. 368, 373). Airvoice committed to comply with those 911 service requirements with regard to its voice Lifeline services in its Compliance Plan, which was approved by the Wireline Competition Bureau on December 26, 2012. *Wireline Competition Bureau Approves the Compliance Plans of Airvoice Wireless, Amerimex Communications, Blue Jay Wireless, Millennium 2000, Nexus Communications, Platinumtel Communications, Sage Telecom, Telrite and Telscape Communications*, WC Docket Nos. 09-197, 11-42, Public Notice, 27 FCC Rcd 15927 (WCB 2012).

sion has specifically exempted non-facilities-based broadband provider applicants from the requirement to obtain approval of a compliance plan before receiving LBP designation.[17] Accordingly, Airvoice is not required to meet the "own facilities" requirement of Section 214(e)(1)(A).

C. Airvoice Certifies It Will Comply with the Service Requirements Applicable to the Support It Receives, Including the Applicable Minimum Service Standards.

Airvoice certifies that it will comply with the service requirements applicable to the support the Company receives, including the applicable minimum service standards.[18] Airvoice will provide Lifeline-supported mobile broadband service[19] and will make the service available to all qualified consumers consistent with the coverage area of its underlying provider, AT&T.

An Exhibit attached to this Petition provides a list identifying the states, other jurisdictions, and service areas (by ZIP Code) in which Airvoice seeks designation as an LBP ETC to provide Lifeline broadband service, including on Tribal lands.[20] The Company seeks designation to serve any subscribers within the wireless network footprint of AT&T, its underlying facilities-based provider, in those states and other jurisdictions. The Company's broadband service will enable subscribers to transmit data to, and receive data from, all or substantially all Internet endpoints and will include all capabilities incidental to, or that enable the operation of, the broadband service.

Airvoice's Lifeline-supported broadband service will comply with the Lifeline program's

---

[17] *Lifeline Modernization Order*, 331 FCC Rcd at 4066 (para. 281 n.739).

[18] 47 C.F.R. §§ 54.202(a)(1)(i), 54.408; *LBP Guidance Public Notice* at para. 10 (citing *Lifeline Modernization Order*, 31 FCC Rcd at 4066 (para. 282)).

[19] *See* 47 C.F.R. § 54.201(d)(1).

[20] *See LBP Guidance Public Notice* at para. 11.

minimum service standards.[21] Airvoice will provide the following service plans:[22]

AIRVOICE WIRELESS LBP SERVICE PLANS

Feature	Non-Tribal Plan	Tribal Plan
Data	500 MB	2 GB
Voice	500	Unlimited
Texts	500	Unlimited
Price to Lifeline Subscribers (after applying Federal Lifeline discount)	$0.00	$0.00

Understanding that it must continue to comply with any future additions to, or amendments of, the Lifeline rules, Airvoice will revise its offerings as necessary to comply, in the future, with updated minimum service standards.[23] Airvoice will not conduct credit checks, require contracts, or collect deposits, thereby eliminating the barriers to service often confronting many Lifeline-eligible consumers. To maximize consumer choice, consumers will also have the option of purchasing the following data top ups:

AIRVOICE WIRELESS LBP TOP UP OPTIONS

Non-Tribal Top Ups	
Denomination	**Units**
$5.00	50
$10.00	125
$20.00	250
$30.00	400
$50.00	700
1 voice minute = 1 unit. 1 SMS = 1 unit. 1 MB = 3 units.	

Tribal Top Ups	
Denomination	**Data Allotment**
$5.00	200 MB
$10.00	400 MB
$20.00	800 MB
$30.00	1.2 GB
$50.00	2.0 GB

[21] 47 C.F.R. § 54.408(b)(2).

[22] *See* 47 C.F.R. § 54.408(c)(2); *Lifeline Modernization Order*, 31 FCC Rcd at 3996-97 (para. 96); *LBP Guidance Public Notice* at para. 10.

[23] *See* 47 C.F.R. §§ 54.408(a)(2), 54.408(b)(2)(ii), 54.408(c); *Lifeline Modernization Order*, 31 FCC Rcd at 3995 (para. 93).

These supplemental packages, or "top-up" data, will be available for purchase at Airvoice's website, by telephone, or in retail stores. Airvoice's terms and conditions for its Lifeline-supported mobile broadband plans will be included on its website at http://www.feelsafewireless.com/Default.aspx.[24]

In addition to providing broadband service at no cost to Lifeline subscribers, and providing flexible service options that subscribers may customize based on their unique needs and circumstances, Tribal and Non-Tribal subscribers will receive a Wi-Fi-enabled[25] smartphone at no cost.[26] Airvoice also will offer for purchase hotspot-enabled devices, to Tribal and non-Tribal Lifeline eligible subscribers.[27]

D. Airvoice Has the Ability To Remain Functional in Emergency Situations.

As noted above, Airvoice currently utilizes AT&T to provide its mobile broadband services, and the Company certifies that the network over which the Lifeline-supported service is provided is capable of remaining functional in emergency situations.[28] Airvoice has access to the extensive and well-established AT&T network and facilities—a network capable of managing traffic spikes that may occur during emergency situations and can re-route traffic in the event of damaged facilities. Airvoice also understands that AT&T has sufficient back-up power to ensure functionality if its external power supply is unavailable.

---

[24] *See LBP Guidance Public Notice* at para. 10.

[25] 47 C.F.R. § 54.408(f)(1) (stating that "[a]ny fixed or mobile broadband Lifeline provider, which provides devices to its consumers, must ensure that all such devices provided to a consumer are Wi-Fi enabled").

[26] Airvoice's policies regarding device availability, including upgrades and replacements, are available on the Company's website.

[27] *See* 47 C.F.R. § 54.408(f)(3) (stating that "[a]ny mobile broadband Lifeline provider which provides devices to its consumers must offer at least one device that is capable of being used as a hotspot").

[28] *See* 47 C.F.R. § 54.202(a)(2); *LBP Guidance Public Notice* at para. 10.

E. Airvoice Will Satisfy Applicable Consumer Protection and Service Quality Standards.

Section 54.202(a)(3) of the Commission's Rules states that a wireless applicant's commitment to comply with the CTIA Consumer Code will satisfy consumer protection and service quality standards adopted by the Commission.[29] Airvoice fully complies with applicable consumer protection requirements and commits to comply with the CTIA Consumer Code.

Airvoice's pledge to provide quality service and voluntarily to comply with the CTIA Code evidences its commitment to satisfying all of the applicable consumer protection and service quality standards. For example, Airvoice's Customer Service department is available Monday through Saturday, 10:00 am (EST) to 10:00 pm (EST), by calling 1-877-247-7799. Alternatively, Airvoice subscribers can reach the Customer Service department by dialing 611 from their Airvoice handsets.

F. Airvoice Is Financially and Technically Capable of Providing Lifeline-Supported Mobile Broadband Services in Compliance with the Commission's Rules.

Section 54.202(a)(4) requires ETC petitioners to demonstrate financial and technical capability to comply with the Commission's Lifeline service requirements.[30] As an established wireless provider, Airvoice is financially capable of supporting its current business and will not rely singularly on the revenue generated by its Lifeline wireless service. In addition, Airvoice's current wireless business will help to support its Lifeline service. Together this combination will insure no interruption of service to Lifeline and retail customers.

---

[29] *See* 47 C.F.R. § 54.202(a)(3); *LBP Guidance Public Notice* at para. 10.

[30] *See* 47 C.F.R. § 54.202(a)(4); Lifeline Broadband Provider Guidance Public Notice ¶ 10.

As noted above, Airvoice has been providing prepaid wireless services since 1999 and has provided services to more than 1.75 million consumers. The Company is privately held, has been profitable since inception, has no outstanding debt, and is financially capable of providing Lifeline service in accordance with the Commission's rules. Airvoice, which maintains its headquarters and customer service center in Bloomfield Hills, Michigan, has approximately 5,000 retail agents throughout the United States. Its key management has been with the company since 1999 and has significant technical and managerial experience providing prepaid wireless services to consumers.

The Company operates as an MVNO and, thus, also relies on the technical expertise of its underlying carrier, AT&T. Currently, Airvoice provides services to more than 50,000 prepaid (non-Lifeline) customers in more than 20 states, with its largest markets in California, Michigan, Mississippi, Ohio, and Pennsylvania.

G. Terms and Conditions of Airvoice's Broadband Plan for Lifeline Subscribers.

Airvoice will offer Lifeline subscribers market-leading broadband service options with 500 MB of mobile broadband data for non-Tribal subscribers, and 2 GB of mobile broadband data for Tribal subscribers.[31] To maximize consumer choice and flexibility, consumers will also have the option of purchasing additional units of data top ups, at the rates specified in Section II.C., above.

H. Airvoice Will Advertise the Availability of Its Service and Charges in a Manner Reasonably Designed To Reach Lifeline-Eligible Consumers and Will Comply with the Commission's Revised Rules Regarding Information To Be Included in Advertisements.

Airvoice intends to offer its Lifeline-supported mobile broadband services to all eligible

[31] *See* 47 C.F.R. § 54.202(a)(6); *LBP Guidance Public Notice* at para. 10.

low-income consumers and, accordingly, will advertise its Lifeline services using media reasonably calculated to reach the general public,[32] as clarified by the Commission in the *Lifeline Modernization Order*, in which the Commission stated that the term "media of general distribution" means "any media reasonably calculated to reach the general public or, for an LBP, the specific audience that makes up the demographic for a particular service offering."[33]

Airvoice's advertising may include mobile enrollment events as a means of reaching those consumers that are likely to qualify for Lifeline broadband services, and who may lack available means to fax or scan and email proof of eligibility documents. The Company will use these media to advertise the availability of its services to Lifeline subscribers and will expand its advertising efforts, if necessary, to ensure that Lifeline-eligible subscribers are aware of the service offerings.[34]

Airvoice will ensure that all of its Lifeline advertising materials comply with section 54.405(c) of the Commission's Rules.[35] Specifically, Airvoice's advertising materials will state, in easily understood language, that:

(1) the service is a Lifeline service;

(2) Lifeline is a government assistance program;

(3) the service may not be transferred to someone else;

(4) consumers must meet certain eligibility requirements before enrolling in the Lifeline program;

(5) the Lifeline program permits only one Lifeline discount per household;

(6) documentation is necessary for enrollment; and

---

[32] *See* 47 U.S.C. § 214(e)(1)(B); 47 C.F.R. §§ 54.201(d)(2), 54.405(b).

[33] *Lifeline Modernization Order*, 31 FCC Rcd at 4094 (para. 364).

[34] *See* 47 C.F.R. § 54.405(b).

[35] 47 C.F.R. § 54.405(c).

(7) Airvoice is the provider of the services.

In addition, Airvoice's application and certification form will state that subscribers who willfully make a false statement in order to obtain Lifeline benefits may be punished by fine or imprisonment, or may be barred from the program.

I. Airvoice Will Comply with Additional ETC Obligations.

Airvoice is aware of the Commission's current requirements regarding certification and verification of a customer's qualification for Lifeline service[36] and has implemented procedures to ensure the requirements are met.[37] As described in Airvoice's approved Compliance Plan,[38] Airvoice has detailed and comprehensive procedures in place to address customer certification and verification requirements as well as those requirements addressing de-enrollment and duplication of benefits.[39] These procedures comply with the Commission's customer certification and verification requirements.[40]

Airvoice also will check each applicant against the National Lifeline Accountability Database, as well as its own duplicate checking system, prior to initiating service and will utilize the National Lifeline Eligibility Verifier once that system is available.[41] Airvoice also will comply

---

[36] *See* 47 C.F.R. § 54.410.

[37] *See 2012 Lifeline Reform Order*, 27 FCC Rcd at 6708-09 (para. 110) (noting that ETCs must comply with Lifeline program rules, and that they are liable for ensuring any of their agents or representatives also comply with the rules). Airvoice will retain copies of documentation demonstrating an applicant's income-based or program-based eligibility determination for Lifeline service, as required by Commission rules. *See* 47 C.F.R. § 54.410(b)(1)(ii), 54.410(c)(1)(ii).

[38] Airvoice Wireless LLC's Amended Compliance Plan, WC Docket Nos. 09-197, 11-42 (filed Dec. 7, 2012) ("Airvoice Compliance Plan").

[39] *Id.* at 4-11. *See* 47 C.F.R. §§ 54.405(e), 54.410(d)-(f).

[40] *See* 47 C.F.R. § 54.410.

[41] *See Lifeline Modernization Order*, 31 FCC Rcd at 4006 (para. 126).

with the annual certification and reporting requirements, and the Commission's measures to prevent waste, fraud, and abuse in connection with the provision of Lifeline services.[42] Airvoice will not seek Lifeline reimbursement for any subscriber who has received Lifeline-supported mobile broadband service from another provider within the previous 12 months, except as permitted by Commission rules.[43]

Further, although Airvoice may use third parties to staff events and distribute devices, only Airvoice employees, or a third party company acting as an agent of Airvoice, will determine applicant eligibility for the Lifeline program. As with other enrollments, an Airvoice employee, or a third party company acting as an agent of Airvoice, will be responsible for overseeing and finalizing every Lifeline enrollment prior to sending a phone to the customer and including that customer on an FCC Form 497 for reimbursement. The employees of any such third party company acting as an agent of Airvoice, who are involved in the enrollment process, will be required to participate in the standard Airvoice training process, in the same manner the Company requires for any other agent or employee involved in customer enrollments.

Airvoice does not currently enroll customers at retail locations; however, if it were to do so in the future, Airvoice would not enroll customers at retail locations where it does not have an agency agreement with the retailer. Airvoice will require any agent retailer, as the Company does in the case of every third party it engages, to have any employee of the agent retailer involved in the enrollment process participate in the standard Airvoice training process, in the same manner

---

[42] *See* 47 C.F.R. §§ 54.416, 54.422; Airvoice Compliance Plan at 14.

[43] *See* 47 C.F.R. §§ 54.411(a), 54.411(c).

the Company requires for any other agent or employee involved in customer enrollments. By establishing agency relationships with all of its Company personnel, including third party companies staffing events and distributing devices (as described in the preceding paragraph) and personnel at retail outlets, Airvoice meets the "deal directly" requirement adopted in the *TracFone Forbearance Order*.[44]

The Commission determined in the *2012 Lifeline Reform Order* that ETCs may permit agents or representatives to review documentation of consumer program eligibility for Lifeline because "the Commission has consistently found that '[l]icensees and other Commission regulatees are responsible for the acts and omissions of their employees and independent contractors.'"[45] Because Airvoice is responsible for the actions of all of its employees and agents, including those enrolling subscribers at any Airvoice owned or affiliated retail locations, and an Airvoice employee will be responsible for overseeing and finalizing every Lifeline enrollment prior to including that subscriber on an FCC Form 497 for reimbursement, the Company always "deals directly" with its subscribers to certify and verify the customer's Lifeline eligibility.

Finally, Airvoice does not charge a number-portability fee for Lifeline accounts.[46] Airvoice timely pays all applicable federal, state, and local regulatory fees, including universal service and E911 fees.

J. Airvoice Qualifies for Streamlined Processing of Its LBP ETC Designation.

The *Lifeline Modernization Order*, as reflected in newly adopted Section 54.202(d) of the Commission's Rules, provides a streamlined process for approving LBP ETC petitions where certain criteria are met.[47] To qualify for LBP ETC designation, applicants must meet the ETC requirements of section 214(e) of the Act, and Sections 54.201 and 54.202 of the Commission's Rules.[48]

Petitions for LBP ETC designation, however, will be deemed granted, unless the Commission notifies the applicant otherwise, within 60 days of the submission of a complete petition, if the filer demonstrates financial stability and experience in providing broadband service.[49] To meet this showing, an applicant must demonstrate that it is providing (at the time of the filing of its application) broadband Internet access or voice service, or both, to at least 1,000 non-Lifeline subscribers.[50] In addition, the applicant must have offered broadband service, without interruption, for the two years prior to the filing date.[51]

Airvoice meets all of the requirements for streamlined LBP ETC designation. Airvoice provided, in Sections II.A. through II.I., *supra*, all of the information required by Section 214(e) of the Act and Sections 54.201 and 54.202 of the Commission's Rules. Moreover, Airvoice has been providing, without interruption, both voice telecommunications and broadband service to non-Lifeline customers since 2010.[52] As of the date of this filing, the Company serves at least

1,000 non-Lifeline subscribers in over 20 states. Accordingly, Airvoice meets all the criteria for a streamlined grant of its petition for LBP ETC designation.

III. THE PUBLIC INTEREST WILL BE SERVED BY GRANTING LBP ETC STATUS TO AIRVOICE.

The Commission's rules require that, before granting a request for ETC designation, the Commission must find that grant of the designation will be in the public interest.[53] In determining if the public interest showing has been met, in the context of voice Lifeline service, the Commission considers the "benefits of increased consumer choice and the unique advantages and disadvantages of the applicant's service offering."[54] These considerations should apply equally to an LBP ETC designation public interest showing.

The Commission has described broadband as the "essential communications medium of the digital economy," noting that "[a]ccess to broadband shortens the distance to high-quality education, meaningful employment, and reliable healthcare. It is now the dominant technology used to communicate, educate, inform, and entertain."[55] The Commission has recognized, however, that a "digital divide" still exists with low-income consumers "adopting broadband at rates well below the rest of the country."[56]

Grant of Airvoice's Petition will enable the Company to provide Lifeline-eligible consumers with access to convenient and much-needed Internet access at 3G or faster speeds, thereby helping to bridge the digital divide. In addition, entry of Airvoice to the Lifeline-supported mobile

[56] *Id.* at 3968 (para. 19).

broadband market will result in a source of quality broadband service that may spur other ETCs to offer competitive Lifeline broadband service offerings.

Moreover, Airvoice's Lifeline-supported mobile broadband service plan is designed with disadvantaged consumers in mind and, as such, will help the Commission meet core Lifeline program goals, including closing the jobs and homework gaps and increasing competitive pressure to ensure that subscribers get high value for their Lifeline benefits.

A. Benefits to Low-Income Consumers.

Airvoice will offer to low-income consumers a prepaid mobile broadband service, with 500 MB of mobile broadband data for eligible non-Tribal Lifeline subscribers, and 2 GB of mobile broadband data for eligible Tribal subscribers, thereby increasing consumer choice and making services more affordable and accessible. The Company's mobile broadband data service provides speed and capacity for consumers to utilize the Internet to meet their work, health, and school-related needs.

When coupled with free Wi-Fi available from community anchor institutions, local businesses, and other sources, Airvoice's mobile broadband service will enable subscriber access to multiple gigabytes worth of data each month, enabling Lifeline consumers to use data-hungry applications and services such as online video courses and real-time video communications in the same manner as non-Lifeline subscribers.

Airvoice will also offer for purchase smartphones with hotspot capability. The hotspot capability enables consumers to use their Airvoice data by tethering a variety of different devices, including laptops and tablets, to complete homework assignments or conduct other activities that sometimes require a larger screen.

Airvoice's broadband service will enable Lifeline-eligible subscribers to access the Internet

for tasks such as researching jobs, communicating with their employers, children's schools, and family and friends by email, or completing homework assignments. The mobile nature of the service will be particularly important for Lifeline-eligible consumers, who will now have immediate and convenient Internet access—at home, on a bus commuting to work or school, or during a lunch break at work—thereby eliminating the need to undertake time-consuming or costly travel to a library or other location for public Internet access.

The prepaid aspect of Airvoice's Lifeline-supported mobile broadband service is also an attractive feature for consumers who are less likely to used traditional banking methods. Moreover, Lifeline-eligible consumers will avoid concerns regarding deposits, hidden costs, varying monthly charges, and long-term contract issues. Further, Airvoice will not impose credit checks on applicants, thereby providing an alternative for those low-income consumers unable to obtain credit for post-paid services provided by traditional carriers.

Airvoice recognizes that Lifeline-eligible consumers are often faced with making difficult choices regarding the allocation and expenditure of their limited resources. The ability to meet their Internet access needs, while at the same time anticipating and controlling the associated costs, is critical for these consumers. Airvoice's Lifeline-supported mobile broadband service provides consumers with guaranteed broadband capacity each month, but the Company also provides consumer-friendly data top-up options, starting at $5.00, that enable subscribers to tailor their broadband services to their varying needs and budgets. This supplemental "top-up" data will be available for purchase at Airvoice's website, at retail locations and by telephone.

B. Airvoice's Experience as a Lifeline Provider.

Airvoice's experience and longevity as a provider of Lifeline services in many states

demonstrates the Company's commitment and ability to provide quality Lifeline services to eligible, low-income consumers in compliance with program requirements. As of the date of this filing, Airvoice has provided Lifeline voice telecommunications services to a total of over 250,000 Lifeline subscribers over the course of its operations, and has established detailed and comprehensive procedures to ensure service is provided in compliance with Lifeline requirements.

Airvoice will leverage this experience and expertise to ensure its Lifeline-supported mobile broadband services are offered in compliance with the Commission's rules, thereby eliminating waste, fraud, and abuse of the Lifeline program. Airvoice's proven record of performance, combined with an attractive offering of ample broadband capacity, the ability to supplement capacity at affordable rates, and the availability of a Wi-Fi-enabled smartphones, ensures Airvoice will provide more choices and more value for Lifeline eligible consumers.

C. Benefits of Competitive Choice.

The benefit to consumers of being able to choose from among a variety of telecommunications service providers has been acknowledged by the Commission for more than four decades.[57] Designation of Airvoice as an LBP ETC will promote competition and innovation, and spur other carriers to target low-income consumers with mobile broadband service offerings tailored to their needs, and to improve their existing networks to remain competitive, resulting in improved services to consumers.

---

[57] *See, e.g., Establishment of Policies and Procedures for Consideration of Application to Provide Specialized Common Carrier Services in the Domestic Public Point-to-Point Microwave Radio Service and Proposed Amendments to Parts 21, 43, and 61 of the Commission's Rules*, Docket No. 18920, First Report and Order, 28 FCC 2d 870, 920 (para. 103) (1971).

Designation of Airvoice as an LBP ETC also will help assure that quality broadband services are available at "just, reasonable, and affordable rates" as envisioned in the Act,[58] and will offer Lifeline-eligible consumers an additional choice of providers for accessing telecommunications services. This would represent a significant step towards ensuring that all low-income consumers share in the many benefits associated with access to mobile broadband services.

IV. ANTI-DRUG ABUSE CERTIFICATION.

Airvoice certifies that no party to this Petition is subject to a denial of federal benefits that includes Commission benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.[59]

V. CONCLUSION.

For the foregoing reasons, Airvoice asserts that grant of its Petition for Streamlined Designation as a Lifeline Broadband Provider Eligible Telecommunications Carrier is in the public interest and is warranted in accordance with Section 214(e)(6) of the Communications Act of 1934.

DECLARATION

I, Jim Bahri, CEO/Member of Airvoice Wireless, LLC, do hereby affirm under penalty of perjury that I have reviewed all of the factual assertions set forth in the foregoing petition for Lifeline Broadband Provider Eligible Telecommunications Carrier status, and that all such statements made therein are true and correct to the best of my knowledge, information, and belief.

To the best of my knowledge, no party to this Petition, nor any of their officers, directors, or persons holding five (5) percent or more of the outstanding stock or chares (voting or non-voting), as specified in Section 1.2002(b) of the Commission's rules, are subject to denial of federal benefits, including Commission benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

Executed on: 11/11/2016
