Dear FCC Regulator

02-278

I'm part of the #WomensMarch movement.
I'm from Pittsfield, MA 01201
and I'm concerned about
Ringless voice mail

Here's why: Dealing with robo-phone calls is getting more & more intrusive. Let's not add direct to voice-mail messages to the mix. At least make those sending these messages comply with the "Do not call" list.

I hope that you understand
and take these concerns seriously.
