Re: Notice of Ex Parte Presentation, CG Docket No. 02-278 in relation to
Petition for Declaratory Ruling and/or Retroactive Waiver and Ex Parte Presentations In Relation to – filed by Kohll's Pharmacy & Homecare, Inc.
and
Application for Review of Waiver Petition re North American Bancard, LLC

Dear Ms. Dortch:

On December 6, 2016, Daniel A. Edelman, Margot Saunders of NCLC and I met with met with Kurt Schroeder, Nancy Stevenson and Nellie Foosner of the Consumer and Governmental Affairs Bureau staff of the FCC. Margot Saunders spoke concerning the spoke with staff about the overarching procedural problems caused by these retroactive waivers. Daniel Edelman and I discussed, in part (1) the Petition for Declaratory Ruling and/or Retroactive Waiver and related *Ex Parte* Presentations by Kohll's Pharmacy & Homecare, Inc. and specifically in order to inform you of the numerous misrepresentations contained therein; and (2) to discuss the Application for Review related to waiver granted to North American Bancard. Specifically, we discussed the following:

A. Ex Parte Communications and Petition for Declaratory Ruling and/or Retroactive Waiver filed by Kohll's Pharmacy & Homecare, Inc.

In connection with the Kohll's Petition and related submissions, Mr. Edelman and I informed you that the Petition and related submissions are, in large part, based on false statements of fact including but not limited to the following:

Kohll's represents to the Commission that the faxing was a one-time occurrence and that a waiver is necessary because treble damages are being requested – "even though it only sent one facsimile to each business." In fact, while Kohll's may not have been repeatedly sending the identical fax to the identical list, the March 3, 2010 Corporate Flu Fax was not the first

advertisement sent by facsimile. Kohll's engaged in blast faxing for years. Starting as early as 2004, it routinely used Westfax to broadcast various faxes. Discovery in the case shows over 50 invoices for transmissions to groups of a few dozen to a few thousand based on various selected criteria. (See Invoices in *Exhibit A*[1])

Kohll's also represented to the Commission that 577 of the 4,142 recipients of the March 3, 2010 faxes had an established business relationship with it. This too is false. Kohll's purchased a list for the marketing campaign and specifically attempted to *remove existing customers* from the list. If there is in fact any significant overlap between its customers and the fax broadcast lists, it is because Kohll's obtained business through the faxing. The evidence in the litigation includes e-mails wherein Laurie Dondelinger, the Marketing Manager who handled list acquisition, assisted in document (advertisement) review and ultimately sent the faxes, discusses the criteria for the list which is *purchased from a third party*. (*Exhibit B,* p. 35; *Exhibit C*) Rather than reaching current customers, the evidence indicates that the intention of Kohll's was that the fax was to be sent only to new or prospective customers. The evidence shows that Kohll's deliberately reviewed the purchased list and removed customers from it before the transmission. *Exhibit B,* pp. 67-69 Several e-mails among Kohll's decision makers shows a discussion wherein they communicate that customers (as well as competitors) should be removed from the list prior to the faxing. Marketing Manager, Laurie Dondelinger, emailed numerous recipients on February 10, 2010 requesting that "if you want this to go blast fax (I recommend that – quick and economical) – please let me know which companies we are already contacted with so I don't send to them." (*Exhibit B,* p. 39). A separate email states: "Attached is the list of Des Moines, Chicago and St. Louis companies with over 100 employees. Please let me know which ones NOT to send out this blast fax to because they are current customers." Subsequent emails show that the request was complied with, as can be seen by several responses to the email indicating that removals or updates to the list: "[t]he only customer we have on here is FBL Financial in Des Moines. I am just starting on the other cities this year so all should be good to go." (*Exhibit C*).

Contrary to the representations made by Kohll's, it was not acting in good faith. The Dondelinger emails also show that she (and other Kohll's employees) were aware of the TCPA and that junk faxing was illegal prior to the sending of the fax that is at issue in the Ballard lawsuit. In advance of the transmission, e-mails between Dondelinger and co-workers discuss the statute and share a link to it: "Laurie, Joe B. said blast faxing is illegal…what do you know about that." In a subsequent email, Laurie writes to a distribution list that, "… it look like technically we should only blast fax (or junk fax) to companies we have a previous relationship with. http://www.fcc.gov/cgb/policy/TCPA-Rules.pdf. … I think this is one of those things that a lot of companies do and if they get a warning will stop. It would depend on if a lot of the companies we fax it to turned us in." *Exhibit B,* p. 45).

This is not a case of a one-time mistake or ignorance of the law. This is a situation where the advertiser was aware that it was violating the statute and chose to proceed with the belief/hope that no one would complain. Kohll's had been informed of the statute, knew the requirements

[1] All documents which we brought to our meeting, except materials previously filed with the FCC. are attached as exhibits hereto.

for being in compliance and the repercussions for failing to do so. It decided to take its chances in the hopes of gaining profit. (*Exhibit B,* p. 34) The evidence in the record shows faxes were ordered by Kohll's marketing manager over a lengthy period of time for purposes of getting business, both flu vaccination and other products. *No evidence* exists in the record or elsewhere to suggest that the March 3, 2010 fax was, in any way, related to a request by the CDC or to communicate a CDC warning about the flu. In contrast, the evidence in the litigation reflects that the facsimile was created and sent *to sell vaccines*. Kohll's simply compared the cost to other means of marketing and determined to continue using faxing despite the fact that it was violating the law.

In addition, Kohll's is not a "small business." It has revenues of over $20 million per year. (*Exhibit D*) It has insurance which is providing a defense. (*Exhibit E*) Kohll's has one law firm defending the lawsuit and a second to make representations to the FCC inconsistent with the information provided in the lawsuit. The implication that Kohll's that the potential damages Kohll's faces in the litigation a judgment on behalf of the 4,142 class members are "crippling," as stated by its counsel by a judgment on behalf of the 4,142 class members is also false.

Also, the time of the request is problematic. In most cases, the party opposing the request has not had the opportunity to take discovery or other means of contesting the statements made by petitioners. Here, the faxing at issue is the subject of a class action lawsuit filed nearly seven years ago with a certified class of 4,142 persons and entities each of which received the advertisement from Kohll's on March 3, 2010 related to its "Corporate Flu Vaccine Program." (*Exhibit F)* The Cook County action, commenced on April 20, 2010, has been the subject of two of appeals and summary judgment was recently decided. Despite Kohll's assertions, the Court has declined to delay the matter pending its petition and the parties will soon proceed to trial. (*Exhibit G)*

Ballard submits that the statements and materials submitted by Kohll's represent a false effort to manufacture an appearance that it (1) sent the facsimile to persons / entities with whom it had a relationship; or (2) sent the facsimile in an effort to educate the public. The statements are not properly supported and are in fact *contradicted by* the documented evidence in the currently pending litigation. In light of this and for the reasons set forth more fully above and in the Comment of Ballard RN Center, Inc. in Opposition to the Petition of Kohll's Pharmacy & Homecare, Inc., the petition for declaratory ruling and/or retroactive waiver filed by Kohll's should be rejected.

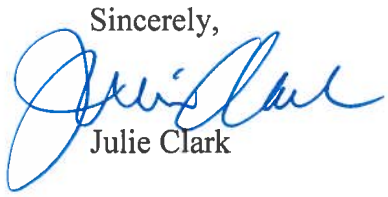
B. Application for Review of Waiver Petition re North American Bancard, LLC

On November 2, 2016, the Bureau granted North American Bancard, LLC's ("NAB") waiver petition. West Loop Chiropractic & Sports Injury Center, Ltd. and West Loop Health & Sports Performance Center, LLC. have submitted an Application for review requesting that the Commission vacate the waiver granted to NAB on November 2, 2016 and, in connection therewith, we discussed the fact that NAB obtained the waiver without showing either that anyone consented or that it was confused. NAB actually claims that the faxes were sent out by marketing agents and that it is unaware of what they do, so it could not possibly show consent. Further, NAB has had multiple TCPA cases against it, defended by sophisticated

counsel, who were familiar with the FCC's positions on the TCPA. *Zoes v. North American Bancard, Inc.*, 03 CH 17879 (Cir. Ct. Cook Cty., Ill.), as well as for other TCPA violations. *See Fountain v. North American Bancard, LLC,* 4:12-cv-00459 RAS-DDB (E.D. Tex.) (Alleged violation of the TCPA); *Mey v. North American Bancard, LLC*, 2:14-cv-11331-DPH-MJH (E.D. Mich.) (Alleged TCPA violation for telemarketing call to cell phone); *Mey v. Patriot Payment Group, LLC and North American Bancard, LLC*, 5:15-cv-00027-JPB-JES (N.D. W.Va.) (Alleged TCPA violation for telemarketing calls to cell phone); *Mey v. North American Bancard, LLC*, 5:14-cv-00022-FPS (N.D. W.Va.) ((Alleged TCPA violation for telemarketing calls to cell phone). NAB was clearly familiar with the statute and regulations, and chose not to comply. The West Loop plaintiffs submit that under these circumstances, the any presumption of confusion has been rebutted and a waiver should be denied.

In addition to the above, we discussed certain policy considerations which Ms. Saunders has separately addressed in correspondence of today's date. We thank you again for your time and consideration. Should you have any questions, please do not hesitate to contact me. You may reach at 312-739-4200 or by email at jclark@edcombs.com.

Sincerely,



Julie Clark

EXHIBIT A

Declaration of Barry Clark

I, Barry Clark, declare:

1. I am now, and have been since 1999, the President of WestFax, Inc. ("WestFax"). As a result of my role in WestFax, I am familiar with WestFax's processes and procedures mentioned or referred to in this declaration. WestFax's processes and procedures described in this declaration were in effect throughout the period that Kohll's Pharmacy and Homecare ("Customer") used WestFax's fax broadcast services. For purposes of this declaration, I am WestFax's custodian of the records referred to in this declaration. I have personal knowledge of the facts set forth herein.

2. As explained below, the records referred and attached to this declaration are duplicates of records regularly maintained in the course of a regularly conducted business activity and were made at or near the dates and times reflected therein by, or from information transmitted by, a person with knowledge, and were made as a regular practice.

3. WestFax offers fax broadcast services to its customers, among other services. WestFax's fax broadcast services allow customers using the WestFax web portal to send orders of single or multiple fax pages to the recipients' faxes machines as designated by the customers. WestFax's records indicate that Kohll's Pharmacy and Homecare was a fax broadcast services customer of WestFax during the period 2004-2012. WestFax did not provide any email related services to Customer.

4. Attached hereto as Exhibit 1 are true and correct copies of the WestFax, Inc. Account Set-Up Form (WF 1); Account Profile Form (WF 4); and the Customer

Service Agreement between WestFax and Kohll's Pharmacy and Homecare (WF 2-3). The Customer Service Agreement is the only written contract between WestFax and Kohll's Pharmacy and Homecare found in WestFax's records for fax broadcast services. There were no written amendments to the Customer Agreement found in WestFax's records relating to fax broadcast services rendered by WestFax to Kohll's Pharmacy and Homecare. The form of the Customer Agreement as included in Exhibit 1 at WF 2-3 was the standard form of contract for fax broadcast services used by WestFax in the regular course of its business. Kohll's Pharmacy and Homecare also agreed to the Terms and Conditions set forth on Westfax's website each time they used Westfax's fax broadcasting services.

5. WestFax assigns each of its customers a unique account number and assigns a unique user id and password so that the customer can access WestFax's web portal to send fax broadcasts. WestFax assigned Kohll's Pharmacy and Homecare its unique account number, No. 3024.

6. A customer's use of the WestFax's fax broadcast services is self-service. WestFax is not involved in the content of the fax to be sent, nor is it involved in creating or determining the list of fax telephone numbers to which a customer's fax is to be transmitted. In order to send a fax broadcast using WestFax's services, the WestFax customer logs onto the WestFax web portal using its user id and password. From there the customer is prompted through a series of steps whereby the fax broadcast is arranged. First, the customer designates and uploads to the WestFax web portal the fax telephone numbers to which the customer intends the fax to be sent. This can be done on a fax number-by-fax number basis. But often a customer will upload a list of fax telephone numbers to which the fax is intended to be sent.

7. Once the fax telephone numbers are designated and uploaded by the WestFax customer, the customer is next prompted to designate and upload the fax image that it wishes to send. The customer can view the uploaded image to ensure that the correct document(s) were uploaded. After that, the customer is given the choice of designating a specific date and time for the fax broadcast, and if no specific date and time is designated, then the fax broadcast is sent on an "as soon as possible" basis.

8. Once the customer goes through the foregoing processes and procedures, the fax is transmitted over WestFax's proprietary system of computer software and hardware. The WestFax system automatically assigns the fax broadcast a unique broadcast number that appears on WestFax's Work Order Detail reports, emails with attached transmission reports, transmission reports (such as exception and detail reports) and billing discussed later in this declaration. In addition, the customer can give the fax broadcast its own reference identification. This identification appears on the foregoing documents.

9. Upon completion of the fax broadcast, the type of report selected by a customer is automatically created by WestFax's system and automatically sent via email to a recipient designated by the customer. In this case, the designated email address for the customer included, initially lbrown@kohlls.com and later ldondelinger@kohlls.com. The information contained in WestFax Work Order Detail reports, email reports and transmission reports (such as a detail report or an exception report) is contemporaneously recorded by WestFax's system. A WestFax transmission report (Work Order Detail report) is created and emailed in the regular course of WestFax's business typically on the same day as the fax broadcast is completed. To the best of my knowledge, WestFax's Work Order Detail and transmission reports are accurate and reliable. I base this belief on the general absence of complaints or objections to these reports by WestFax customers. I was and continue to be in a position to learn and would have learned of any

such complaints or objections of any significance. Also, I base this belief on the fact that WestFax uses and relies on the accuracy and reliability of the information reflected in its Work Order Detail and transmission reports to bill its customers. WestFax only charges customers for completed facsimile transmissions as further explained in Paragraphs 12 and 16, below. Westfax does not charge for transmissions that are not completed or failed. There is no record found in WestFax's records relating to the Customer of any complaint or objection made by the Customer to any transmission report issued by WestFax to the Customer or to any billing issued by WestFax to the Customer relating to fax broadcast services rendered by WestFax.

10. Attached hereto as Exhibit 2 is a true and correct copy a screenshot of the document uploaded to the WestFax web portal by Kohll's Pharmacy and Homecare in connection with a fax broadcast transmitted by it over WestFax's system on March 3, 2010. The format and layout are typical and representative of WestFax's web portal view of a document uploaded for delivery using WestFax's fax broadcast services throughout the period that by Kohll's Pharmacy and Homecare used WestFax's fax broadcast services.

11. Attached hereto as Exhibit 3 is a true and correct copy of a Fax Order Detail for a fax broadcast transmitted by Kohll's Pharmacy and Homecare over WestFax's system on March 3, 2010. The format, layout and contents of this Fax Order Detail is typical and representative of WestFax's Fax Order Detail throughout the period that the Customer used WestFax's fax broadcast services. A WestFax Fax Order Detail view contains information also contained in an email accompanying a WestFax transmission report (such as an exception or fax order detail report): the broadcast name (corp flu – corp fax list); date created (3/3/2010); list count (4760); and job status (complete).

12. Attached hereto as Exhibit 4 is a true and correct copy of the WestFax, Inc. Invoice for fax broadcast services which took place on 3/3/2010. (WF 42). The form of Invoice as included in Exhibit 4 was the standard form of Invoice for fax broadcast services used by WestFax in the regular course of its business. The Invoice was issued to Kohll's Pharmacy & Homecare with account number, 3024 and dated March 6, 2010. The Invoice indicates that Job BFX-02069666; which the customer named "corp flu – corp fax list" involved transmission of 4,142 pages at a cost of $165.68.

13. Attached hereto as Exhibit 5 is a true and correct copy of a Fax Order Detail for a fax broadcast transmitted by the Customer over WestFax's system on March 3, 2010. A WestFax detail report contains information on fax telephone numbers that were completed or sent a fax broadcast. The "Result" column on a detail report contains the word "SENT" signifying that the facsimile transmission to that fax telephone number on the same line of the report was completed to that fax telephone number as further explained in Paragraph 16, below. In addition, the "Pages Sent" column contains a number signifying the number of pages of the fax broadcast sent. In the case of Exhibit 5, the number "1" is contained in the "Page" column signifying that a one page fax was completed or sent to those corresponding fax telephone numbers and the the number "0" is contained in the "Page" column signifying that a no pages were completed or sent to those corresponding fax telephone numbers.

14. With respect to WestFax Fax Order Detail attached as Exhibit 5, the attached report has columns with information contained in them: Column A: "Job Sequence" contains the job number for the fax broadcast (BFX-02069666); Column B: "Job Name" contains the name given by the Customer for this fax broadcast ("corp flu – corp fax list); Column C: "PO Number": contains the word "laurie" entered by the

customer; Column D: "Date(UTC)" contains the date of the fax broadcast (3/3/2010); Column E: "Phone Number" contains the fax telephone numbers attempted to be sent a fax broadcast; Column F: "Pages Sent" contains "0's" consistent with the fact that the facsimile transmission to the corresponding fax telephone number was not completed and "1's" consistent with the fact that the facsimile transmission to the corresponding fax telephone number was completed; Columns G,H and I contains the names connected with the fax telephone number as contained on the fax list used for the fax broadcast; and Column K entitled "Result" records a successful transmission in those circumstances where the fax was delivered without incident, e.g. sent; alternatively, it records the reason why the attempted facsimile transmission was not completed, e.g., busy, connection interrupt, invalid number, no answer, no fax device, operator intercept and removal list.

15. One can ascertain the fax telephone numbers to which a fax broadcast was completed or sent by reviewing those recorded as "sent" on the Fax Order Detail report.

16. In order to be reported as completed or sent on WestFax Work Order Detail reports, emails attaching a transmission report and Summary Invoices, the facsimile transmission typically had to go through each of the following phases of facsimile transmission that starts with a telephone call or other transmission being placed and the opening of a telephone or other connection between the WestFax system's sending device and the receiving device: (1) Call establishment — the WestFax system's sending device begins transmitting a calling tone, what some persons call a "fax tone"; (2) Pre-Message Procedure — this is often referred to as a "beep" and/or the fax "handshake" and during this phase the sending and receiving devices automatically exchange information about their capabilities and other things; (3) In-Message Procedure and Message Transmission — the data constituting the fax (now in binary form) is transmitted; (4) Post-Message Procedure — is reached when an end-of-page, end-of-

message, or other terminating instruction is transmitted by the WestFax sending device. An end-of-page or end-of-message instruction will cause the receiving device to return to a prior phase for transmission of additional pages, if any; and (5) Call Release — the WestFax system's sending device transmits a disconnect signal or disconnects. The facsimile transmission ends with the conclusion of this phase. The WestFax system automatically monitors these phases as they take place and if the phases are completed, then the WestFax system reports that the facsimile transmission has been completed and this information is, in turn, automatically placed onto Work Order Detail reports, emails with attached transmission reports, the transmission reports (such as exception and detail reports) and Summary Invoices. A result of "SENT" is only recorded by the WestFax system for a facsimile transmission when all five phases of the facsimile transmission are completed without any indication of failure as further explained in Paragraph 12 above and Paragraph 17, below.

17. If, however, the WestFax system monitoring the fax broadcast detected a failure of any of the above phases, including initial start up of the telephone call or other connection, the particular transmission would be recorded as failed. This information is, in turn, automatically placed onto WestFax's Work Order Detail reports, emails with attached transmission reports and transmission reports (such as exception and detail reports).

18. Attached hereto as Exhibit 6 are a true and correct copies of additional WestFax invoices delivered to the Customer covering the period April 2005-August 2011. These invoices were automatically created and delivered to the Customer in the regular course of WestFax's business at intervals agreed upon between WestFax and the Customer. As stated above, the information contained on WestFax's invoices is taken from the same transmission information contemporaneously recorded by WestFax's

system and used to create and issue Work Order Detail reports, emails with attached transmission reports, transmission reports (such as exception or detail reports) and only the completed facsimile transmissions are charged by WestFax to its customers as further explained in Paragraphs 16-17, above.

19. All of the fax broadcasts performed by WestFax for the Customer were sent from WestFax's facilities.

20. Based on my technical knowledge and experience, I can state that WestFax's reports to Kohll's Pharamcy and Homecare, as well as WestFax's invoices to Kohll's Pharmacy and Homecare accurately and reliably reflect the number of successful faxes in each of Kohll's Pharmacy and Homecare's fax broadcasts *i.e.s* the number of faxes transmitted and received without error. I can further state that this included transmission of the image represented in Exhibit 2 to 4,142 of of 4,760 fax numbers as detailed in Exhibit 5 .

I declare that the foregoing is true and correct.

Barry Clark

WESTFAX, INC. CUSTOMER AGREEMENT

WestFax, Inc. ("WestFax") agrees to provide the services set forth in this agreement to Kohll's Pharmacy & Homecare/EPC, (the "Customer") in consideration of the Customer's acknowledgement and agreement to the following terms and conditions. The Customer hereby acknowledges and agrees to the terms and conditions set forth herein by accepting the services provided to it by WestFax.

1. **EFFECTIVE DATE.** This Agreement shall begin on the date WestFax first provides its services to the Customer. Provisions of Articles 3, 4, and 5 shall survive termination of this Agreement and be binding hereto.

2. **SERVICES.** WestFax will provide its services to the customer in consideration of payment of amounts specified for the services performed pursuant to this agreement and for the Customer's agreement to be bound by the terms and conditions set forth herein. The services provided by WestFax shall be set forth on a separate Work Order or "Broadcast Fax Order Form" provided by Customer to WestFax. All orders are subject to acceptance by WestFax prior to the orders being undertaken. All accepted orders shall be performed in accordance with the Customer's properly formatted instructions, documents, and databases transmitted to WestFax. WestFax is not responsible for any special instructions, additional specifications or additional services not set forth herein unless it specifically agrees in writing to such items in advance.

3. **PAYMENT.** WestFax will provide a summary invoice to the customer for the services it performs for the Customer on a regular basis. Payment of the invoice is due within ten (10) days after the date of the invoice. WestFax reserves the right to change the terms of payment for the Customer in general, and/or for any work order, including requiring pre-payment and/or canceling, suspending or rescheduling orders until the terms of payment have been agreed to by WestFax. Invoices that have not been paid within ten (10) days after due date are subject to a one and one-half per cent (1.5%) per month finance charge computed from the due date until paid by the Customer. The Customer agrees to pay all costs and expenses incurred by WestFax to collect any amount due hereunder or otherwise enforce the terms and conditions of this Agreement, including reasonable attorney fees and costs.

4. **COMPLIANCE WITH LAW.** The Customer acknowledges and agrees that WestFax is in the business of providing the medium to enable the Customer to make broadcast fax communications. WestFax is merely the agent providing the technology and medium for the Customer to send the broadcast fax and is not the advertiser or otherwise involved in any content contained in the fax broadcast communication. WestFax will provide its services only in strict compliance with applicable federal, state and local laws, rules and regulations. By requesting WestFax to provide services for its benefit, the Customer acknowledges and agrees that it will fully comply with such laws, rules and regulations, including in particular, the Telephone Consumer Protection Act ("TCPA") and all state laws similar or related thereto. The Customer agrees to fully release and discharge WestFax from any violation of any law or regulation, not to bring suit or any other claim against WestFax on account of such laws, and to fully defend, pay any damages and hold WestFax harmless from any violations of such federal, state and local laws, rules and regulations.

5. LIMITATION OF LIABILITY. WestFax's total liability for damages to the Customer or any third party for any service provided by WestFax to the Customer shall be limited to the amount charged to the Customer for the particular service performed by WestFax pursuant to the work order. IN NO EVENT SHALL WESTFAX BE LIABLE FOR ANY DIRECT, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFITS OR OTHER MONETARY LOSS, LOSS OR INTERRUPTION OF DATA, UNAUTHORIZED USE OF OR ACCESS TO DATA, PROGRAM ERRORS OR PATENT OR COPYRIGHT INFRINGEMENT CLAIMS.

6. RECORDS. WestFax shall have no obligation to maintain any Customer information or Customer Records (including billing information) in its database or in any other format. The Customer hereby acknowledges and agrees that all information and records may be deleted and/or destroyed at any time by WestFax. Customer also hereby consents to WestFax's summary invoices of services rendered and agrees to remit payment in accordance with such invoice.

7. MISCELLANEOUS. If any provision of this agreement is held by a court of competent jurisdiction to be illegal, invalid or unenforceable, the remaining portions of this agreement shall not be affected or impaired by such determination. This agreement is not assignable and any attempt to assign shall be void. The failure of either party to enforce any term or condition of this agreement shall not constitute a waiver of such party's right to enforce each and every term of this agreement. This agreement shall be interpreted and enforced in accordance with the laws of the State of Colorado.

I have read and agree to the terms and conditions listed above.

To: David Kohll <dkohll@kohlls.com>
Subject: Blast Fax Nation Wide

David,

A blast fax will go out first thing tomorrow morning to 758 Manufacturers and 705 universities. This will cost us (including fax fees) $433.60.

There will be an attention line on the fax. manufacturers: Company Medical Advisor. Universities: Student Health Center Director.

Unfortunately, we couldn't get fax numbers for these areas, but hopefully they will be directed to the proper area in a timely fashion.

Thanks

Laurie Brown

Subject: Westfax Proposal

Hi Laurie!
I left a message for you as well! My name is Amy Stark with Westfax, one of the largest fax broadcasters in the U.S. I noticed your company does some fax broadcasting and I wanted to send over a competitive quote to possibly save your company some money. The rate I have sent over is the average quote without knowing your monthly volume or what you are currently paying. Some of the benefits with Westfax are the personal account management, area code updates, detailed reports after each fax blast, 800 removal number, easy account setup and ordering process and you are only charged per completed page. We also have data available for our clients to purchase at $.01-.015 per fax number. If you should have any questions please feel free to give me a call or email me anytime!

I look forward to hearing from you in the near future!
Thank you,
Amy Stark

Welcome to WestFax!

Laurie Brown:

Thank you for selecting WestFax. Your account manager will be Lisa ,who will be responsible for sending your orders and providing you with reports. You can contact her at 303-299-9329 if you have any questions.

Your Profile has been set up with the following settings:

Account Number - 3024
Profile Name - KPH
Report Routing - lbrown@kohlls.com (Summary)
Removal Service - 800-440-5933 WestFax Removals with Ext # 30240
Test Page - Always
CSID - 402-895-7655
Resends (attempts if fax number erred) - 3
Time of day preference - ASAP / Scheduled

If these settings are incorrect or you have any questions about them, please contact your account manager via email at order@westfax.com

We appreciate your business and hope you find our service meets your standards. Always feel free to contact Barry Clark or myself if you have any concerns or questions.

Sincerely,

Susan Holley

Subject: Westfax Online Fax Broadcast Submission

Laurie Brown,

Login to www.westfax.com and submit Fax Broadcast Orders Online!

To login to the Westfax Online submission website you will need the following information:

Your Profile Name: KPH
Your Password: XXXXXXXXXXXXXXXXXXX

After login, you will be guided through an easy to use Fax Order Wizard. Step One of the wizard asks you to name your Broadcast Fax Order. A field is also provided for Purchase Order Numbers if needed by your company.

Next, upload your fax broadcast document using the Browse Button. The WestFax Online Order System supports the following document types: Word, PDF, Publisher, Tiff, and Excel. Multiple pages are supported within the same file.

You may also use the Browse Button to select your fax list. The following database formats are supported: CSV, DBF, and Text (Tab, Comma, and Space delimited). Follow the Wizard's instructions to confirm the file type, the header row, mapping your fields to our system's field names, and removing duplicates.

Once the document and list are uploaded, you may view the document online, send yourself a test page, replace the document with another, replace the list, or add another list.

Now simply select the date and time you want the fax broadcast to start or simply select ASAP.

Click OK at the bottom if your Broadcast Fax Order is ready. This takes you to the All Fax Orders Page, where you can now Submit the order, by clicking Submit. Summary reporting is available under the All Fax Orders Tab so you can check the progress of your Fax Broadcast.

If you have any questions, please don't hesitate to call 800-473-6208 or contact your WestFax Account Manager: Lisa, at order@westfax.com

Sincerely,
WestFax Customer Service

Stacey,

Excel is usually the format that I work with as well, so that would be great. Sorry it has taken me so long to get back with you. I have not been in the office since last Thur. morning! As soon as you have it ready, will you just e-mail it to me? Do you know when you will have it ready?

Thank you so much for all of your help!

Stacey,

Thank you for being so patient with us as we have been making our final decision.

We would like to go ahead and have the database for the high risk OBGYN physicians that you recently sent me information on.

If you have any questions please contact me at any time. Could you also let me know when this will be accessible?

Thank you,

Jamie Stunkard

Jamie,

reply back stating that we did not email, but we faxed.

I see that as being a big difference. I don't think you can have a SPAM firewall with fax machines. Have her clarify in regards to faxing.

Let me know.
Laurie

Subject: RE: fax report

Sorry for the delay in this email. I have been out of the office. This is common if your email blasting company has been targeted at SPAM. Many emails now block spam with their firewalls from coming through. The system knows it's SPAM if they bulk blast the email. The only way to combat that is to send the emails yourself which would be a chore to do. The blasting I think is still worth the 487 you were able to send. You should see if your blasting company can let you know which 665 didn't go through if you would like to email those individually.

I should have the phone append done tomorrow for you as well.

Let me know if you have any other questions.

Thanks
Stacey

Subject: fax report

Stacey,

I wanted to forward this to your attention to have you look through our list again. We were a little shocked with the results. Before we go any further, mailing and calling, we would like the list to be reviewed to ensure that we have updated information. As you can see from the fax numbers out of 1176, only 487 were sent successfully.
Thank you,
Jamie

We started with 2644 entries and after
the first edit we only had 1176 entries that had numbers for faxes. Of the remaining 1176 only 665 were attempted and 487 sent. You have the # I faxed to you to remove and Jim C sent me this one as well 2082393434.

I sent this out using westfax (Laurie Browns suggestion. I have used them before). They screened the list 1176 for duplicate #s as well as checking against the DO NOT CALL LIST that they have and also took out numbers that were not 10 digit. Failed can mean that someone tried to answer the fax, operator intercepted, disconnected, busy retry 5 times at 5minute intervals.

Byron

OK, there are 1,118 individual fax numbers total.

Removing non-metro numbers, there are 904 fax numbers (attached).

I will send out to them today.

Laurie,

Here is a new up to date list of all MDs in Nebraska with a Fax number. You'll want to clean up all the duplicate fax numbers. For this project eliminate MDs out of Omaha Metro area.

Thanks,

David

David,

The list I have is Internal Medicine docs in Omaha and surrounding areas (attached). You pulled it for me in Jan, so It's probably time to pull a new one from QS1.

Laurie,

I don't see anything that I would change.

David, which docs were we going to send these to? I am not sure if target is all family med, internal med, ortho docs? Also, thanks for the assistance on the content/design.

Subject: Armour Fax

David,

There were 19,623 docs pulled from QS1. Of those, 11,138 had valid fax numbers. Of those with valid fax numbers, after removing the duplicates. 10,856 fax numbers- nationwide –were left.

I sent out the fax and also added our toll free number. I'll send the fax to 114th St staff so they are aware.

thanks

Shayna,

Yes, blast faxes are cheap and if done properly – and not all the time- can be effective. I can certainly help you with format. It's really easy and simple. I should have the rest of the resp presentation to show you the first part of next week. Let's plan a meeting to go over everything and get a marketing plan put together for you.

I will also correct your flyer.

thanks

Corporate Flu Shots

Only $15-$18 per vaccination

Did you know....

Each employee sick from the flu costs your company an average of:

$87.71 per employee in medical care, sick leave & work loss/low productivity

10 employees sick from the flu costs you $877.10

Each flu infection results in 3-5 missed work days and up to 2 weeks of low work productivity

How much is the flu REALLY costing your company?

Protect your assets! Vaccinate your employees.

Laurie,

The only customer we have on here is FBL Financial in Des Moines. I am just starting on the other cities this year so all should be good to go.

I am not able to open the Omaha sites. Can you try and send it in a different format? Once I get that I will look it over and reply right away.

Have a nice day!

Subject: RE: corp vacc blast fax

Since there isn't a toll free # at corp, do we want to send Pam's calls through the call center? Will that cause more confusion? Would it be best to send them all to WG then transfer Pam's to her cell? Not sure what the best way to do this is – we don't want these people to get the run-around. They need to speak with a person that can help them right when they call in. If we have to call any companies back, there is a much greater chance that we won't get that business than if we are able to answer questions right away when they call.

Your thoughts?

Subject:	Illegal blast faxing? RE: corp vacc blast fax
Attachments:	Corporate Flu Shots Blast Fax.doc

Pam,

After quickly searching, it look like technically we should only blast fax (of junk fax) to companies we have a previous relationship with. http://www.fcc.gov/cgb/policy/TCPA-Rules.pdf

However, I think that if we make sure to put an opt out footnote (like attached), that may cover us a bit. I think this is one of those things that a lot of companies do and if they get a warning will stop. It would depend on if a lot of the companies we fax it to turned us in.

David – do you want me to send this to legal before proceeding?

Subject: Illegal blast faxing? RE: corp vacc blast fax

Pam,

After quickly searching, it look like technically we should only blast fax (of junk fax) to companies we have a previous relationship with. http://www.fcc.gov/cgb/policy/TCPA-Rules.pdf

However, I think that if we make sure to put an opt out footnote (like attached), that may cover us a bit. I think this is one of those things that a lot of companies do and if they get a warning will stop. It would depend on if a lot of the companies we fax it to turned us in.

David – do you want me to send this to legal before proceeding?

Subject: RE: corp vacc blast fax

Since there isn't a toll free # at corp, do we want to send Pam's calls through the call center? Will that cause more confusion? Would it be best to send them all to WG then transfer Pam's to her cell? Not sure what the best way to do this is – we don't want these people to get the run-around. They need to speak with a person that can help them right when they call in. If we have to call any companies back, there is a much greater chance that we won't get that business than if we are able to answer questions right away when they call.

Your thoughts?

Pam,

Here is the info the Customer Care Center already has. However, it does not list to call Marty or David on their copies – so either give the a revised version (attached) or make them write it down.

As we discussed, please speak with them face-to-face and explain how important it is that none of these calls get lost. Explain the order of contacts (Traci/Pam, Marty, David).

Please let me know when this has been done and I will send out the blast fax.

4,760 faxes just went out (estimated at $150 if ALL go through – we pay $0.04 per fax that goes through).

Please let me know the response you get. thanks

Hi Laurie,

I just went desk to desk in the call center. Everyone is aware, had printed out and highlighted the phone call protocol on their cube walls and they are ready and waiting for the phone to ring. GREAT!

So let'r rip!

Good job and thanks for your efforts!

Subject: Illegal blast faxing? RE: corp vacc blast fax

Pam,

After quickly searching, it look like technically we should only blast fax (of junk fax) to companies we have a previous relationship with. http://www.fcc.gov/cgb/policy/TCPA-Rules.pdf

However, I think that if we make sure to put an opt out footnote (like attached), that may cover us a bit. I think this is one of those things that a lot of companies do and if they get a warning will stop. It would depend on if a lot of the companies we fax it to turned us in.

David -- do you want me to send this to legal before proceeding?

Subject: RE: corp vacc blast fax

Since there isn't a toll free # at corp, do we want to send Pam's calls through the call center? Will that cause more confusion? Would it be best to send them all to WG then transfer Pam's to her cell? Not sure what the best way to do this is -- we don't want these people to get the run-around. They need to speak with a person that can help them right when they call in. If we have to call any companies back, there is a much greater chance that we won't get that business than if we are able to answer questions right away when they call.

Your thoughts?

Laurie,

The only customer we have on here is FBL Financial in Des Moines. I am just starting on the other cities this year so all should be good to go.

I am not able to open the Omaha sites. Can you try and send it in a different format? Once I get that I will look it over and reply right away.

Have a nice day!

SENT VIA CERTIFIED MAIL

Mr. David Kohll
Kohll's Pharmacy & Homecare
12741 "Q" Street
Omaha, NE 68137

RE:	Insured:	Kohll's Pharmacy & Homecare Inc.
	Claimant:	Ballard Nursing Center, Inc.
	Date of Loss:	3/03/10
	Case No:	10CH17229
		(Cook County Circuit Court, Chancery Division)

Dear Mr. Kohll:

We are claims counsel to VGM Insurance who insures Kohll's Pharmacy & Homecare, pursuant to Benchmark Insurance Company Policy, D1008 G3441-3, with effective dates of May 1, 2009, through May 1, 2010, and limits of $4,000,000 for each occurrence. We acknowledge receipt of the Complaint – Class Action filed by Ballard Nursing Center, as a class action against Kohll's Pharmacy & Homecare Inc., on or about April 20, 2010, with the Circuit Court of Cook County, Illinois. We received a copy of the Summons and Complaint on or about May 3, 2010. It appears that your company was actually served the Summons and Complaint on or before April 23, 2010.

We would note that the Complaint alleges three counts for recovery against your company. Specifically, Count I alleges a violation of the Telephone Consumer Protection Act (TCPA) which is a federal statute. Count II alleges a violation of the Illinois Consumer Fraud Act. Count III alleges a cause of action for conversion.

Generally, our coverage is only for claims involving "bodily injury" or "property damage" due to product liability. There is clearly no claim for "bodily injury" or "property damage" and thus Coverage A. Bodily Injury and Property Damage Liability, Coverage C. Medical Payments, and Coverage D. Incidental Medical Professional Liability are not triggered. We do have Coverage B that applies to Personal and Advertising Injury Liability, but it is not a blanket coverage for any and all claims involving advertising. In fact, the coverage applies exclusively to the term as defined in Section VI of the policy. As you will notice, the offenses listed in that section do not include violations of federal and state statutes or claims involving conversion.

The Benchmark Insurance Corporation Policy is set forth in pertinent part below:

Section I – COVERAGES

COVERAGE B. PERSONAL AND ADVERTISING INJURY LIABILITY

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "personal and advertising injury" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "personal and advertising injury" to which this insurance does not apply. We may, at our discretion, investigate any offense and settle any claim or "suit" that may result. But:

(1) The amount we will pay for damages is limited as described in Section III-Limits Of Insurance; and

(2) Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A, B and D, or Medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments – Coverages A, B and D.

b. This insurance applies to "personal and advertising injury" caused by an offense arising out of your business but only if the offense was committed in the "coverage territory" during the policy period.

2. Exclusions

This insurance does not apply to:

a. "Personal and advertising injury":

(1) Caused by or at the direction of the insured with the knowledge that the act would violate the rights of another and would inflict "personal and advertising injury";

(2) Arising out of oral or written publication of material, if done by or at the direction of the insured with knowledge of its falsity.

(3) Arising out of oral or written publication of material whose first publication took place before the beginning of the policy period;

(4) Arising out of a criminal act committed by or at the direction of any insured;

(5) For which the insured has assumed liability in a contract or agreement. This exclusion does not apply to liability for damages that the insured would have in the absence of the contract or agreement;

(6) Arising out of a breach of contract, except an implied contract to use another's advertising

idea in your "advertisement";

(7) Arising out of the failure of goods, products or service to conform with any statement of quality or performance made in your "advertisement";

(8) Arising out of the wrong description of the price of goods, products or services stated in your "advertisement";

(9) Committed by an insured whose business is advertising, broadcasting, publishing or telecasting. However this exclusion does not apply to Paragraphs 15.a, b., and c. of "personal and advertising injury" under the Definitions Section; or

(10) Arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of pollutants at any time.

(11) Liability arising out of sexual activity, or acts in furtherance of sexual activity on the part of an insured, or any person for whose acts or omissions such insured is legally responsible; or

(12) To claims arising from injury to or damages suffered by any employee of any insured, prospective employee or previous employee of any insured whether arising out of and in the course of his employment of any insured or otherwise; or

b. Any loss, cost or expense arising out of any:

(1) Request, demand or order that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify, or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or

(2) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of "pollutants".

SECTION VI – DEFINITIONS

1. "Advertisement" means a notice that is broadcast or published to the general public or specific market segments about your goods, products, or services for the purpose of attracting customers or supporters.

16. "Personal and advertising injury" means injury, including consequential "bodily injury" arising out of one or more of the following offenses:

a. False arrest, detention or imprisonment;

b. Malicious prosecution;

c. The wrongful eviction from, wrongful entry into, or invasion of the right of private occupancy of a room, dwelling, or premises that a person occupies, committed by or on behalf of its owner, landlord, or lessor;

d. Oral or written publication of material that slanders or libels a person or organization or disparages a person's or organization's goods, products or services;

e. Oral or written publication of material that violates a person's right of privacy;

f. The use of another's advertising idea in your "advertisement"; or

g. Infringing upon another's copyright, trade dress, or slogan in your "advertisement".

It appears from the claims contained in the Complaint that all allegations are outside the substance of the Benchmark Policy's coverage. There is no allegation of "bodily injury" or "property damage" in any of the three counts in the Complaint. Violation of a federal or state statute does not constitute "material that violates a person's right of privacy" under Section VI(1)(e); nor does it fall under any of the other enumerated offenses. Further, the alleged violation of the Telephone Consumer Protection Act falls within Section VI (15) Exclusion (4).

Because the Illinois Courts have so far determined that insurance companies owe a duty to defend based upon the definitions of policies with language similar to the Benchmark Policy as cited above, VGM Insurance and Benchmark Insurance Company will be defending Kohll's Pharmacy under a reservation of rights. The Courts have indicated a potential that the blast faxes trigger the violation of "a right of privacy." We continue to believe there are reasons that Benchmark Insurance Company and VGM Insurance would not owe indemnity if a judgment was entered. However, because it appears that the language as written in the current policy requires a defense, we are providing one.

As we have discussed, VGM Insurance and Benchmark Insurance Company are in agreement that Attorney Amir Tahmassebi of Konicek & Dillon, P.C. is an appropriate defense counsel. VGM Insurance and Benchmark Insurance Company agrees to pay the defense costs associated with Mr. Tahmassebi's firm as they handle this matter on behalf of Kohll's Pharmacy.

VGM Insurance and Benchmark Insurance Company does not waive nor invalidate any other terms, conditions, or exclusions in the policy. We specifically reserve the right to exercise any of the other terms, conditions, or exclusions of the Policy which now exist or may later become apparent. VGM Insurance and Benchmark Insurance Company specifically reserve the right to bring an action to declare the obligations and responsibilities of the parties hereto under the contract of insurance in question, at any time after the date of this letter. VGM Insurance and Benchmark Insurance Company may pursue a declaratory judgment action at some point in order to have the courts affirm whether there is not only a duty to defend but a duty to indemnify Kohll's Pharmacy should a judgment be obtained in this matter.

This letter is not intended to specify each and every basis upon which coverage may be precluded. We specifically reserve our right to cite and invoke other coverage defenses should their applicability become apparent. VGM Insurance/Benchmark reserves its right to supplement its coverage position by asserting other policy terms, conditions and/or exclusions that may further limit or preclude coverage for this claim, should additional facts or circumstances not currently known to

the company become available. Any action taken by VGM Insurance/Benchmark, the company's agents, employees or other representatives shall not be deemed to be a waiver of or estoppel to these rights.

Sincerely,
CLARK, BUTLER, WALSH & HAMANN

EXHIBIT F

Atty. No. 41106

IN THE CIRCUIT COURT OF COOK COUNTY, ILLINOIS
COUNTY DEPARTMENT, CHANCERY DIVISION

FILED
2010 APR 20 PM 2:30
CIRCUIT COURT OF COOK COUNTY, ILLINOIS
CHANCERY DIV.
DOROTHY BROWN CLERK

BALLARD NURSING CENTER, INC.,

Plaintiff,

v.

KOHLL'S PHARMACY & HOMECARE, INC., and JOHN DOES 1-10,

Defendants.

10CH17229

COMPLAINT – CLASS ACTION

MATTERS COMMON TO MULTIPLE COUNTS

INTRODUCTION

1. Plaintiff Ballard Nursing Center, Inc., brings this action to secure redress for the actions of defendant Kohll's Pharmacy & HomeCare, Inc., in sending or causing the sending of unsolicited advertisements to telephone facsimile machines in violation of the Telephone Consumer Protection Act, 47 U.S.C. §227 ("TCPA"), the Illinois Consumer Fraud Act, 815 ILCS 505/2 ("ICFA"), and the common law.

2. The TCPA expressly prohibits unsolicited fax advertising. Unsolicited fax advertising damages the recipients. The recipient is deprived of its paper and ink or toner and the use of its fax machine. The recipient also wastes valuable time it would have spent on something else. Unsolicited faxes prevent fax machines from receiving and sending authorized faxes, cause wear and tear on fax machines, and require labor to attempt to identify the source and purpose of the unsolicited faxes.

PARTIES

3. Plaintiff Ballard Nursing Center, Inc., is a corporation with offices in Cook County, Illinois, where it maintains telephone facsimile equipment

4. Defendant Kohll's Pharmacy & HomeCare, Inc., is a Nebraska corporation. Its registered and agent office is Thomas M. White, 209 South 19th Street, Suite

Exhibit 1

300, Omaha, Nebraska 68102.

5. Defendants John Does 1-10 are other natural or artificial persons that were involved in the sending of the facsimile advertisements described below. Plaintiff does not know who they are.

JURISDICTION AND VENUE

6. Personal jurisdiction exists under 735 ILCS 5/2-209, in that defendants:

a. Have committed tortious acts in Illinois by causing the transmission of unlawful communications into the state.

b. Have transacted business in Illinois.

FACTS

7. On March 3, 2010, plaintiff Ballard Nursing Center, Inc., received the unsolicited fax advertisement attached as Exhibit A on its facsimile machine.

8. Discovery may reveal the transmission of additional faxes as well.

9. Defendant Kohll's Pharmacy & HomeCare, Inc., is responsible for the actions of the individuals who sent the faxes.

10. Defendant Kohll's Pharmacy & HomeCare, Inc., as the entity whose products or services were advertised in the faxes, derived economic benefit from the sending of the faxes.

11. Each fax refers to a website used by defendant Kohll's Pharmacy & HomeCare, Inc.

12. Plaintiff had no prior relationship with defendant and had not authorized the sending of fax advertisements to plaintiff.

13. The faxes have a "remove" number at the bottom that is associated with the mass broadcasting of advertising faxes.

14. On information and belief, the faxes attached hereto were sent as part of a mass broadcasting of faxes.

15. On information and belief, defendants have transmitted similar unsolicited fax advertisements to at least 40 other persons in Illinois.

16. There is no reasonable means for plaintiff or other recipients of defendants' unsolicited advertising faxes to avoid receiving illegal faxes. Fax machines must be left on and ready to receive the urgent communications authorized by their owners.

17. Furthermore, the "opt out notice" required by the TCPA even when faxes are sent with consent or pursuant to an established business relationship was not provided in the faxes at issue.

COUNT I – TCPA

18. Plaintiff incorporates ¶¶ 1-17.

19. The TCPA makes unlawful the "use of any telephone facsimile machine, computer or other device to send an unsolicited advertisement to a telephone facsimile machine ..." 47 U.S.C. §227(b)(1)(C).

20. The TCPA, 47 U.S.C. §227(b)(3), provides:

> **Private right of action.**
>
> **A person or entity may, if otherwise permitted by the laws or rules of court of a State, bring in an appropriate court of that State–**
>
> > **(A) an action based on a violation of this subsection or the regulations prescribed under this subsection to enjoin such violation,**
> >
> > **(B) an action to recover for actual monetary loss from such a violation, or to receive $500 in damages for each such violation, whichever is greater, or**
> >
> > **(C) both such actions.**
>
> **If the Court finds that the defendant willfully or knowingly violated this subsection or the regulations prescribed under this subsection, the court may, in its discretion, increase the amount of the award to an amount equal to not more than 3 times the amount available under the subparagraph (B) of this paragraph.**

21. Plaintiff and each class member suffered damages as a result of receipt of the unsolicited faxes, in the form of paper and ink or toner consumed as a result. Furthermore,

plaintiff's statutory right of privacy was invaded.

22. Plaintiff and each class member is entitled to statutory damages.

23. Defendants violated the TCPA even if their actions were only negligent.

24. Defendants should be enjoined from committing similar violations in the future.

CLASS ALLEGATIONS

25. Plaintiff brings this claim on behalf of a class, consisting of (a) all persons (b) who, on or after a date four years prior to the filing of this action (28 U.S.C. §1658), and on or before a date 20 days following the filing of this action, (c) were sent faxes by or on behalf of defendant Kohll's Pharmacy & HomeCare, Inc., promoting its goods or services for sale (d) and who were not provided an "opt out" notice as described in 47 U.S.C. §227.

26. The class is so numerous that joinder of all members is impractical. Plaintiff alleges on information and belief that there are more than 40 members of the class.

27. There are questions of law and fact common to the class that predominate over any questions affecting only individual class members. The predominant common questions include:

a. Whether defendants engaged in a pattern of sending unsolicited fax advertisements;

b. The manner in which defendants compiled or obtained their list of fax numbers;

c. Whether defendants thereby violated the TCPA;

d. Whether defendants thereby engaged in unfair acts and practices, in violation of the ICFA.

e. Whether defendants thereby converted the property of plaintiff.

28. Plaintiff will fairly and adequately protect the interests of the class. Plaintiff has retained counsel experienced in handling class actions and claims involving

unlawful business practices. Neither plaintiff nor plaintiff's counsel have any interests which might cause them not to vigorously pursue this action.

29. A class action is an appropriate method for the fair and efficient adjudication of this controversy. The interest of class members in individually controlling the prosecution of separate claims against defendants is small because it is not economically feasible to bring individual actions.

30. Several courts have certified class actions under the TCPA. Sadowski v. Med1 Online, LLC, 07 C 2973, 2008 U.S. Dist. LEXIS 41766 (N.D.Ill., May 27, 2008); Hinman v. M & M Rental Ctr., 06 C 1156, 2008 U.S. Dist. LEXIS 27835 (N.D.Ill., April 7, 2008); Kavu, Inc. v. Omnipak Corp., 246 F.R.D. 642 (W.D.Wash. 2007); Gortho, Ltd., v. Websolv, 03 CH 15615 (Cir. Ct. Cook Co., March 6, 2008); Travel 100 Group, Inc. v. Empire Cooler Service, Inc., 03 CH 14510, 2004 WL 3105679 (Cook Co. Cir. Ct., Oct. 19, 2004); Rawson v. C.P. Partners LLC, 03 CH 14510 (Cook Co. Cir. Ct., Sept. 30, 2005); Lampkin v. GGH, Inc., 146 P.3d 847 (Okla. Ct. App. 2006); Display South, Inc. v. Express Computer Supply, Inc., 961 So.2d 451, 455 (La. App. 1st Cir. 2007); Display South, Inc. v. Graphics House Sports Promotions, Inc., 992 So. 2d 510 (La. App. 1st Cir. 2008); ESI Ergonomic Solutions, LLC v. United Artists Theatre Circuit, Inc., 203 Ariz. (App.) 94, 50 P.3d 844 (2002); Core Funding Group, LLC v. Young, 792 N.E.2d 547 (Ind.App. 2003); Nicholson v. Hooters of Augusta, Inc., 245 Ga.App. 363, 537 S.E.2d 468 (2000) (private class actions); see State of Texas v. American Blast Fax, Inc., 164 F. Supp. 2d 892 (W.D. Tex. 2001) (state enforcement action).

31. Management of this class action is likely to present significantly fewer difficulties that those presented in many class actions, e.g. for securities fraud.

WHEREFORE, plaintiff requests that the Court enter judgment in favor of plaintiff and the class and against defendants for:

(1) Actual damages;

(2) Statutory damages;

(3) An injunction against the further transmission of unsolicited fax advertising;

(4) Costs of suit;

(5) Such other or further relief as the Court deems just and proper.

COUNT II – ILLINOIS CONSUMER FRAUD ACT

32. Plaintiff incorporates ¶¶ 1-17.

33. Defendants engaged in unfair acts and practices, in violation of ICFA § 2, 815 ILCS 505/2, by sending unsolicited fax advertising to plaintiff and others.

34. Unsolicited fax advertising is contrary to the TCPA and also Illinois public policy, as set forth in 720 ILCS 5/26-3(b), which makes it a petty offense to transmit unsolicited fax advertisements to Illinois residents.

35. Defendants engaged in an unfair practice by engaging in conduct that is contrary to public policy, unscrupulous, and caused injury to recipients of their advertising.

36. Plaintiff and each class member suffered damages as a result of receipt of the unsolicited faxes, in the form of paper and ink or toner consumed as a result.

37. Defendants engaged in such conduct in the course of trade and commerce.

38. Defendants' conduct caused recipients of their advertising to bear the cost thereof. This gave defendants an unfair competitive advantage over businesses that advertise lawfully, such as by direct mail. For example, an advertising campaign targeting one million recipients would cost $500,000 if sent by U.S. mail but only $20,000 if done by fax broadcasting. The reason is that instead of spending $480,000 on printing and mailing his ad, the fax broadcaster misappropriates the recipients' paper and ink. "Receiving a junk fax is like getting junk mail with the postage due". Remarks of Cong. Edward Markey, 135 Cong Rec E 2549, Tuesday, July 18, 1989, 101st Cong. 1st Sess.

39. Defendants' shifting of advertising costs to plaintiff and the class members

in this manner makes such practice unfair. In addition, defendants' conduct was contrary to public policy, as established by the TCPA and Illinois statutory and common law.

40. Defendants should be enjoined from committing similar violations in the future.

CLASS ALLEGATIONS

41. Plaintiff brings this claim on behalf of a class, consisting of (a) all persons with Illinois fax numbers (b) who, on or after a date 3 years prior to the filing of this action, and on or before a date 20 days following the filing of this action, (c) were sent faxes by or on behalf of defendant Kohll's Pharmacy & HomeCare, Inc., promoting its goods or services for sale (d) and who were not provided an "opt out" notice as described in 47 U.S.C. §227.

42. The class is so numerous that joinder of all members is impractical. Plaintiff alleges on information and belief that there are more than 40 members of the class.

43. There are questions of law and fact common to the class that predominate over any questions affecting only individual class members. The predominant common questions include:

a. Whether defendants engaged in a pattern of sending unsolicited fax advertisements;

b. Whether defendants thereby violated the TCPA;

c. Whether defendants thereby engaged in unfair acts and practices, in violation of the ICFA.

d. Whether defendants thereby converted the property of plaintiff.

44. Plaintiff will fairly and adequately protect the interests of the class. Plaintiff has retained counsel experienced in handling class actions and claims involving unlawful business practices. Neither plaintiff nor plaintiff's counsel have any interests which might cause them not to vigorously pursue this action.

45. A class action is an appropriate method for the fair and efficient

adjudication of this controversy. The interest of class members in individually controlling the prosecution of separate claims against defendants is small because it is not economically feasible to bring individual actions.

46. Management of this class action is likely to present significantly fewer difficulties that those presented in many class actions, e.g. for securities fraud.

WHEREFORE, plaintiff requests that the Court enter judgment in favor of plaintiff and the class and against defendants for:

(1) Appropriate damages;

(2) An injunction against the further transmission of unsolicited fax advertising;

(3) Attorney's fees, litigation expenses and costs of suit;

(4) Such other or further relief as the Court deems just and proper.

COUNT III – CONVERSION

47. Plaintiff incorporates ¶¶ 1-17.

48. By sending plaintiff and the class members unsolicited faxes, defendants converted to their own use ink or toner and paper belonging to plaintiff and the class members.

49. Immediately prior to the sending of the unsolicited faxes, plaintiff and the class members owned and had an unqualified and immediate right to the possession of the paper and ink or toner used to print the faxes.

50. By sending the unsolicited faxes, defendants appropriated to their own use the paper and ink or toner used to print the faxes and used them in such manner as to make them unusable. Such appropriation was wrongful and without authorization.

51. Defendants knew or should have known that such appropriation of the paper and ink or toner was wrongful and without authorization.

52. Plaintiff and the class members were deprived of the paper and ink or

toner, which could no longer be used for any other purpose. Plaintiff and each class member thereby suffered damages as a result of receipt of the unsolicited faxes.

53. Defendants should be enjoined from committing similar violations in the future.

CLASS ALLEGATIONS

54. Plaintiff brings this claim on behalf of a class, consisting of (a) all persons with Illinois fax numbers (b) who, on or after a date 5 years prior to the filing of this action and on or before a date 20 days following the filing of this action, (c) were sent faxes by or on behalf of defendant Kohll's Pharmacy & HomeCare, Inc., promoting its goods or services for sale (d) and who were not provided an "opt out" notice as described in 47 U.S.C. §227.

55. The class is so numerous that joinder of all members is impractical. Plaintiff alleges on information and belief that there are more than 40 members of the class.

56. There are questions of law and fact common to the class that predominate over any questions affecting only individual class members. The predominant common questions include:

a. Whether defendants engaged in a pattern of sending unsolicited fax advertisements;

b. Whether defendants thereby violated the TCPA;

c. Whether defendants thereby committed the tort of conversion;

d. Whether defendants thereby engaged in unfair acts and practices, in violation of the ICFA.

e. Whether defendants thereby converted the property of plaintiff.

57. Plaintiff will fairly and adequately protect the interests of the class. Plaintiff has retained counsel experienced in handling class actions and claims involving unlawful business practices. Neither plaintiff nor plaintiff's counsel have any interests which might cause them not to vigorously pursue this action.

58. A class action is an appropriate method for the fair and efficient adjudication of this controversy. The interest of class members in individually controlling the prosecution of separate claims against defendants is small because it is not economically feasible to bring individual actions.

59. Management of this class action is likely to present significantly fewer difficulties that those presented in many class actions, e.g. for securities fraud.

WHEREFORE, plaintiff requests that the Court enter judgment in favor of plaintiff and the class and against defendants for:

(1) Appropriate damages;

(2) An injunction against the further transmission of unsolicited fax advertising;

(3) Costs of suit;

(4) Such other or further relief as the Court deems just and proper.
