Dear Ms. Dortch:

On August 2, 2016, Reed Hundt and the undersigned, representing Ligado Networks, LLC ("Ligado"), met with Commissioner O'Rielly and Erin McGrath, and Reed Hundt separately met with Phil Verveer. During these meetings, the parties discussed both the status of Ligado's license modification applications as well as the importance of making the 1675-1680 MHz band of spectrum available for shared commercial use while protecting NOAA's base stations and related operations. The parties expressed their commitment to continuing to work with the staff and all stakeholders so that the Commission can move forward in a timely basis on these matters.

Please direct any questions to the undersigned.

Sincerely,

/s/
