Re: *Connect America Fund,* WC Docket 10-90 and WC Docket No. 14-93
2014 Connect America Fund Phase II Challenge Process

Dear Ms. Dortch:

Troy Cablevision, Inc. ("Troy Cable") respectfully submits the following comments to the Federal Communications Commission in response to the Wireline Competition Bureau's ("Bureau") publication of the list of census blocks that price cap carriers have identified as "Served to Unserved" as part of the Connect America Phase II.

The census blocks attached to this document appear on the Bureau's list of all census blocks that price cap carriers have request as "Served to Unserved" as part of Connect America Phase II. Troy Cable has provided sufficient documentation to include: Affidavit, Service Area Maps, Redacted Homes Passed and Customer Support. Troy Cable hereby requests these census blocks be removed from the Bureau's "Served to Unserved" list, as Troy Cable has wireline service in the counties of Crenshaw, Coffee, and Dale counties in the State of Alabama and currently serves these areas with speeds far greater than 4 Mbps down and 1 Mbps up.

Troy Cable has been providing services in southeast Alabama since 1985. Troy Cable began deploying fiber optics to transport video in 1993 and internet transit services via cable modem technology in 1999. In 2005, Troy Cable received its Certificate to provide Facilities-Based Competitive Local Exchange ("CLEC") Service from the Alabama Public Service Commission. Troy Cable continued the fiber optic transport to the node creating a Fiber Coaxial system to connect the towns and cities of Troy, Brundidge, Banks, Goshen, Luverne, Rutledge, Glenwood and Brantley (Pike and Crenshaw Counties). Troy Cable also began running direct fiber first to our city schools and then to our county schools. Troy Cable continued the vision of management with its first Fiber To The Home ("FTTH") build out in 2006 to the City of Elba in Coffee County followed by another FTTH build out to the City of Ozark in Dale County.

In 2010, Troy Cable was awarded a $26,068,284 federal award made possible by the Broadband Technology Opportunities Program ("BTOP") and funded by the American Recovery and Reinvestment Act of 2009. The total Project costs were $32.6M and deployed 500 plus route miles of fiber optic cable. The BTOP Project connects over 140 community anchor intuitions and over 500 businesses in our four county service area.

Documentation supporting this request is as follows:

- Federal Communications Commission Form 505
- Affidavit from William H. Freeman, President, of Troy Cablevision, Inc. certifying the facts affirmed herein.
- Redacted customer billings, home passed and service area maps sorted by the related census blocks.
- Broadband service products offered by Troy Cable.
- Notice to Price Cap Carrier

Troy Cable appreciates the opportunity to file these comments relating to its served areas. In conclusion, Troy Cable requests the census blocks listed be deemed as served for the reasons stated herein and not be deemed eligible for Phase II support going forward. Should you have questions regarding this matter, please contact me at 334-566-3310.

Respectfully Submitted,
TROY CABLEVISION, INC.

Washington, DC 20554

Re: WC Docket No. 10-90, WC Docket No. 14-93
Connect America Phase II Challenge Process

Mr. Yates:

On behalf of Troy Cablevision, Inc. (Troy Cable), we have attached for filing FCC Form 505. Troy Cable seeks confidential treatment under the FCC's Protective Order in WC Docket No. 10-90 for the evidence supporting the response to CenturyLink's CAF Phase II challenge. Troy Cable has submitted these customer bills confidentially via email to Form505@fcc.gov. These customer bills provide evidence of Troy Cable's broadband and voice service in the specified census blocks. Therefore, Troy Cable requests the census blocks indicated on the customer bills and the accompanying FCC Form 505 be deemed as served and not included as areas eligible for Phase II support going forward.

Sincerely,
TROY CABLEVISION, INC.

AFFIDAVIT

I, William H. Freeman, as President of and on behalf of Troy Cablevision, Inc., have personal knowledge of the following:

(i) I have read the foregoing "2014 Connect America Fund Phase II Challenge Process" (the "Challenge Process") and I am familiar with the contents thereof.

(ii) All the internally maintained records and information relevant to the foregoing Challenge Process were current as of November 10, 2014.

(iii) I hereby certify that Troy Cablevision, Inc. offers 4 Mbps/1 Mbps or greater internet service to customers in the census blocks referenced in attachments hereto.

(iv) I declare under penalty of perjury that the facts contained herein and within the forgoing Challenge Process documents are true and correct to the best of my knowledge, information, and belief formed after reasonable inquiry, that the Challenge Process document is well grounded in fact, that it is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law, and that it is not interposed for any improper purpose.

I verify under penalty of perjury that the foregoing is true and correct. Executed on November 10, 2014.
