Subject: **Projected Costs for the California LifeLine Program for Fiscal Year 2015-2016 & 2016-2017**

General Order 153, Section 10.4.2 requires utilities to annually submit to the Communications Division, a forecast of the utility's California LifeLine Program[1] claims. The Annual Cost Projection Worksheet must be filed by May 15, 2015, by carriers that have filed or intend to file reimbursements from the LifeLine Fund for the fiscal year 2016-2017 for Wireline carriers and fiscal Year 2015-2016 and fiscal Year 2016-2017 for Wireless Carriers. No reporting is required by carriers that do not wish to file reimbursements from the LifeLine Fund.

Attached is the Annual Cost Projection Worksheet for the forecast of the claims for the California LifeLine Program Fund for fiscal year 2016-2017 (July 1, 2016 through June 30, 2017) for all carriers and fiscal year 2015-2016 for Wireless carriers only. The line items are the same as those used on the monthly claim form. For each line item, carrier's estimates should be consistent with the methods used in preparing the monthly claim form. If there is a change in either the type of item claimed or in the method used for the estimates, a description of the change should be attached to the form.
