Proceeding Case No. 16-41

Dear FCC,

I watch RFDTV on Direct TV everday. The information I receive on RFDTV is very useful to me and I enjoy the programs they provide.

Agriculture is this country's most nessacery industry and its people are the most neglected by this country's media and politicians.

We help every one in some way everyday. Help us keep RFDTV access now.

Thank you,

John Newsome

Dear R.F.D. TV

We live in a rural area of Colorado. Your programing of weather, music, foods, rodeoes, and agriculture in general in the U.S. and other parts of the world makes for good days for 2 seniors that can't travel much because of health reasons. Your programing brings the world and life that we are most interested in to us. We are enjoying traveling with R.F.D. TV.

Keep up the good programing. Thank you very much.

Dear FCC,

We watch RFD-TV on DirecTV because we love the programs that they offer quite the contrary from what is offered on other cable channels and on CBS, NBC, ABC, NPR, CNN, MSNBC, CNBC and FOX News channel, on which they are trying to indoctrinate us and our children. We are in our late 70's and we love the music and entertainment offered by RFD-TV, these programs are as listed...
Daily and Vincent, HeeHaw, Country's Family Reunion, The Jimmy Sturr Show, Larry's Country Diner, Midwest Country, MollieB Polka Party, Nashville on The Road, Pop Goes The Country, Presley's Country Jubilee, Ray Steven's Nashville, The Porter Wagoner Show, Shotgun Red Show, Virginia Dreams Center Stage, Marty Stuart Show, Tru Country, and most educational shows such as Texas Country Reporter.

There is no such material offered on all of cable.

Thanking you for taking our views into consideration!

Dear FCC, code 16-41

I watch RFDTV on Dish 231. I watch RFDTV because it is informative, wholesome and entertaining. I have a small piece of land and love gardening. I learn a lot from RFDTV and enjoy watching other parts of the USA. Live and work. You have many other TV channels on air that are harmful to society. Take these off the air if it is too congested. Please, keep and expand good programming like RFDTV.

Thank you
Jim

Dear FCC 16-41

I am writing in support of independent TV Chanels such as RFD.TV. I am a Senior Citizen I love to watch RFD.TV I can get the Grand Ol Opery, Bluegrass, Gospel & Country Music, Rural living Classic Tractor Pulers. RFD TV is about all I watch. they have Good Clean shows. you don't have to listen to dirty commercials so Please leave the independent Channels alone.

I have to pay Extra I am on Direct TV I have to Buy a seperate package just to get RFD TV. So I am showing my support

F.C.C.

We are a faithful viewer of RFD-TV on DISH in our area. Anything concerning music, bluegrass music, on the station we are watching. We have watched RFD from the time it started at least 25 percent of our viewing.

Hope this station can stay on the air. We live in a rural area in west central Illenois. My husband was a rural mail carrier for thirty years

Please keep R.F.D. on the air.

Dear FCC, 16-41

I am writing in response ~~to~~ the RFD TV issue. I am very upset with this proposal. We watch it all the time, in fact we will not use Cable TV or any other carrier that does not carry RFD-TV. So if you take it off the air, we will not continue to use Dish Network any longer. This Channel is the reason we use Dish Network! Please Keep it on air! We have watched it in California & now Texas.

Dear FCC Number 16-41

My husband and I watch RFD-TV on Dish.

DOCKET FILE COPY ORIGINAL

RFD-tv is the only station we can get farm information such as market prices for our products, new farm technology, and many other things that help us.

We also enjoy the music, rodeo and other programming that pertains to farming.

I think it is important for you to keep RFD-tv on for rural America. We are few in numbers but we provide something very important for our nation — food —

Thank you

DEAR FCC - 16-41 3-14-2016

my wife and I have decided to join the Fight for RFD TV, we watch RFD TV on Dish. It is the main program in our viewing schedule.

We watch this programming Because they are

1. Enjoyable
2. Educational
3. available in RFD programming & distributed thru Dish
4. affordable
5. satisfy my interest in the agricultural industry / lifestyle from which are a large part of Americans history.
6. Variety of shows on this ~~[illegible]~~ AREA.
7. This programming represents a life from which a lot of people still participate in fundamentally or organized ~~[illegible]~~ form.
8. Last as a free country it is our right to purchase a product we want to have, not what someone else thinks we want. We must have a choice.

Dear FCC 16-41 Proceeding number 16-41

My name and address:

Wilbur C. Huss
562 County Road 206
San Augustine TX 75972

I watch RFD-TV on DISH Network.

Over half of my TV time is spent watching RFD-TV and it's associated RURAL TV. If not for those channels, I would have no need for satellite TV, and I would revert back to viewing only the networks via antenna.

The whole purpose of Cable and Satellite TV is to give viewers a wide choice of programming.

I was raised in the country, then became a city-dweller for many years. But that did not remove my love of country life. There are many retired people in this country with similar backgrounds, that no doubt feel the same.

Please consider us!

Dear FCC, Proceeding Number 16-41

My name is Carmella T. Bowden, 401 Boxwood Ln., Middletown, De. 19709-9659.

I watch RFD-TV on Dish.

I am a Senior Citizen, I watch all the Country music shows, the Horse programs, the train show, the tractor shows. No other stations carry shows like this. I'm not interested in killings & dead people, outer space stuff other channels carry. Also, I enjoy Equifest that RFD-TV shows before New Year's Day Parade in Pasedena, Ca. I also like Texas Country reporter.

Carmella T. Bowden

Phone No.: (813) 752-6523

Our satellite provider – DirecTV

We love RFD-TV! It is very important to us. We watch as much RFD-TV as all other channels added together. We love the programs about trains, rodeos, travel, farm information, horses, Farm Bureau programs, music entertainment, old Western shows, beef cattle, tractors and farm equipment, and the daily evening news. Everything about RFD-TV is interesting, informative, and decent viewing for people of all ages. One of our sons has beef cattle, but he can't get RFD-TV info now about the cattle because he has Verizon Fios. Sad!
We receive many HD channels on DirecTV, but why can't we get RFD-TV HD?
Urban "city people" of all ages should profit from RFDTV's unique programming, the same as we rural "country folks" do. Please protect everyone's continuing viewing of RFD-TV.
Thank you very much for your conscientious consideration in this very important situation.

Brenda Boles

Please, Please do not let big cable companies delete R.F.D services from my television or others.
I has the most comprehensive weather report which is nation wide. The rural and senior programs are excelent! There are also young age programs like Future Farmers of America there also for teenagers & young Farmers. The music is excelant. Rural information like how our food is secured is prime and should benefit all classes of people city, rural, national and international. The programs are safe and don't need pre announcements to warn children, young people or others to be aware of the content. Please do not interfere with R.F.D. we all need our choices in watching.

Sincerely Patricia Stuelond

DOCKET FILE COPY ORIGINAL

Dear Sirs:

We watch RFD TV on Direct TV Channel 345. This is the only network on which we can watch rural, senior, and family oriented programming. Maybe twice a day we will switch to local news/weather on Fox News or WREG.

A major problem with these local channels is that they lean to and seem to promote anti-law Enforcement sentiment as well as violence. Their programs contain a lot violent shows - which a lot of audiences may like. I'm sure they are giving their audiences what they want, but a lot of us seniors and family oriented rural customers would not have the kind of wholesome programs we want and need were it not for RFDTV.

As a matter of fact for our two households we both agree that if Direct TV were to drop RFD-TV we would cancel Direct TV. We are aware that $180.00 a month might be very value to a major Co. with a base of urban customers. The point here is that we need RFD for the quality programming we need and want. News that relates to the farm & ranch. The information pertinant to urban-ites as well in that they need to see how and where

BDH - 1 of 2

H Betty Hardin
1290 Stafford Dr.
Somerville, TN 38068-5046

their food is produced. We would really like to see a bridge of communication between the cities and the farm Country.

The major corporations should not be allowed to squeeze out the smaller, and growing, independant programers.

Thank you for your serious consideration.

Dear FCC,

Regarding FCC Proceeding #: 16-41 RFD-TV

I watch RFD-TV on DirecTV channel 345 in Scottsdale, Arizona, an urban, primarily upscale city. One day a couple years ago, I was so pleased to find RFD. I am an eastern girl living here for 30 years. To get away from all the horrible programs on TV - grisly crime, stupid, degrading and demoralizing reality shows, 24/7 news that can kill ones spirit and scare humanity, one day I find RFD and have stayed with it. It's not the only channel we watch, but probably close to 75% of our usual day. We "city folks" now watch/listen and learn from encouraging, enlightening programs exemplifying hardworking farm and ranch people.

DOCKET FILE COPY ORIGINAL

What's the price of beef cattle, soybeans? Does it matter? Never thought I'd care. I do! Love the westerns, music shows and now rodeo is a favorite sport. We even travel outside Az. to follow it

We need RFD, and by "we" I mean America. We are sliding down a nasty precipice here. RFD is a blessing. Please continue to offer this independent channel. We are in desperate need of such programming. In advance a positive decision, with hope, I thank you. Sincerely, Becky Kistler
