To whom it may concern:

I am writing to protest the airing of a political advertisement for Mike Hopkins, Jake Pickle's opponent for the U.S. House of Representatives. I don't care what your feeling is on abortion or what time you air this ad, it is completely inappropriate and without taste. I would encourage the FCC to counsel candidates regarding the content of their ads.

MMB ENFORCEMENT COMPLIANCE INVESTIGATION

To Whom it may concern -

Last night on KBVO, an Austin television Channel, there was an add for Stephen Hopkins who is a one ~~[illegible]~~ issue candidate running for the 10th Congressional District. The commercial was clips from PRO-LIFE propaganda showing aborted fetuses in several stages of termination. The shock of seeing this on T.V. was very disturbing! Who can draw the line? I realize the candidates are protected, but I think this gross abuse of freedom gives fanatical groups (PRO-LIFE, KKK, ect) the power to radicly further their cause under the protection of you, the F.C.C. I do not want to see bloody babies any more than I want to see ~~[illegible]~~ the sex, violence, and gore that is minimally kept off public (not pay for view) television - what if my daughter had seen that? I am still schocked over the poor taste and ~~[illegible]~~ misjudgement on your part. Please take those adds permanently off, and direct some-one to monitor politicians who get cheap rates, and abuse

that priviledge with gross manipulation of the FCC laws.

We are not a silent majority anymore - and wheather or not the issue is right or wrong, it should not be displayed with dead bloody fetuses.
