Dear F.C.C. Secretary - 93-48

I am writing to thank the F.C.C. for your work on the Children's Television Act of 1990. Any move to make television more appropriate and beneficial for children is a good one.

In fact, I would encourage the F.C.C.

think the writers of that show would be terrific resources to tap into as you ascertain how to more nearly follow the spirit of the 1990 F.C.C. ruling.

Your work is important and valuable. I join you in your concern and thank you for diligence in seeking better television for our nation's young people.

Sincerely,

Mary Beshear
