Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)
Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)
Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information _____

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)
Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information _____

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)
Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information _____

Certification that the ETC is able to function in emergency situations

(610) **TracFone will be able to function in emergency situations to the extent that its underlying network providers are able to do so. TracFone provides service using the networks from several of the leading wireless companies in the nation, including Verizon Wireless, AT&T Mobility, and T-Mobile. TracFone relies on those networks' reliability in all situations, including emergency situations. Each of those companies complies with applicable requirements for emergency service, including available power supplies. Those network operators have implemented state-of-the-art network reliability standards, which TracFone and its customers benefit from their high standards.**
