Dear Ms. Kreisman,
I hate crime
because I don't want
people to commit crime.
I don't want them to
rob Abe's Pharmacy, because
my baby brother always wants
me to buy him candy. I don't
want them shooting the owner
of the store. Please stop
crime!!

Dear Ms. Kreisman,

Violence - we have a program in our school called S.A.V.E. Students Against Violence through Education. The violence in this world is out of hand. A couple of reasons why the violence is so out of hand is because there are too many gun shops in the nation and there are also too many liquor stores. There is one on almost every corner of the city. Another reason why is because adults or parents are leaving guns in the house without any supervision on the kids and the kids get into the guns and shoot people, but sometimes it is on accident and sometimes it is on purpose.

Good luck,

Sincerely,
Nicholas Colasante

Dear Ms. Kreisman,

We have a program at school called S.A.U.E, Students Against Violence through Education. I know that alot of violence people see is through the T.V and through the movies. When young people see this violence, they think that this is ok. Then they can go around shooting people. Recentaly on the news, I heard that a young girl was trying to act out a scene from the movie Pet Cemetary, she hung her sealf and thought that later she would come back to life! Of course she didn't. People wonder how they can stop all the violence on T.V. there would be less shootings. How can you help my class room, and mysealf to stop violence?

Sencerly Yours,
Faith Kieler grade 5

Dear Ms. Kreisman:

I would like to bring to your attention a program our school has launched, called Students Against Violence through Education (SAVE). This initiative is a letter writing campaign to public officials and network executives by our students expressing their fears and concerns about television violence.

One official we have targeted was the Secretary of Health and Human Services, Donna Shalala. She informed me of the implementation of the Children's Television Act (CTA) by your agency the (FCC).

As head of Mass Media we hope you can enforce the obligation of the broadcasters to provide wholesome television shows to our youth. Since our future is inextricably tied to what we do now for our children.

Sincerely yours,

Mary Gabriel

I wish that poachers would stop killing birds, mammals, and fish. Also, there are too much steel factories that destroy our fresh air. There is too much pollution in the world. I hope that you can stop the pollution.
