The Honorable Reed Hundt:

The main request we are asking is to strengthen the guidelines for enforcement of the Children's Television act of 1990 to provide more educational and informational program for children.

Children need special consideration. They are this County's future. Children's programing needs to be targeted at thier age level. Television is a powerful influence.

To Reed Hundt.

Regarding Children T.V. act of 1990,

To often, during prime time, as I watch a T.V. program that I think would be family oriented I find many scens that I do not feel in good taste. Sex scens are presented in a perfectly good story. The scens could be eliminated.

The Honorable Reed Hundt,

This is in regard to "Cleaning up television" for children and adults. If it is too bad for children to watch, probably adults shouldn't watch it either. We need "clean" tv shows and advertisements. Some of the "underwear" advertisements are very repulsive and unnecessary. Please help clean up tv or our nation will fall. Our nation was built on good, clean principles.

Thank you.

Sincerely,

Bill & Frances Farley

Dear Sir —

I am for the TV act for improved programs for children. Violence, profanity crime, sex etc have no place on our TV screens, either for adults or our children. It is time we began to air clean programs in respect to our selves, our children & nation.

Yours truly,
A. E. Longfellow
