Re: Verizon Public Notice of Network Change(s), CFR 47 Sections 51.325 – 51.335
Copper Retirement ID No. 2016-03-A-MD

Dear Ms. Dortch:

Pursuant to Sections 51.325 – 51.335 of the Commission's rules, Verizon hereby submits the attached Public Notice of Copper Retirement under rule 51.332. Specifically, Verizon is providing notification of the replacement of copper distribution and loop facilities with fiber-to-the-home facilities at some locations in the Bethesda, Columbia, Glen Burnie, Rockville, and Towson, MD wire centers. Upon completion, Verizon will provide services available over its fiber optic network.

The majority of customers served by copper at these locations purchase "plain old telephone service." Following the transition to fiber, Verizon will continue to offer these customers the same POTS service over fiber at the same or better price as they received on copper facilities. There will be no change in the underlying features and functionalities in their service: this is not a transition to IP-based service and Verizon will offer these customers the same regulated service they have today.

There may be one or more obsolete, narrowband services (such as certain DS0 level services) that are incompatible with or unavailable over fiber. If so, we will work closely with those customers to address their particular needs.

A copy of the attached notice was mailed to the Maryland Public Service Commission, Governor Larry Hogan, and the Department of Defense Chief Information Officer. Verizon has not provided notification to tribal entities as no tribal entity will be impacted by this copper retirement.

Please contact me should you need any further information.

Sincerely,

cc: Maryland Public Service Commission
Governor Larry Hogan
Department of Defense Chief Information Officer

On September 15, 2016 Verizon provided notice of copper retirement to the following:

W. Kevin Hughes
Chairman
Maryland Public Service Commission
6 St. Paul Street
16th Floor
Baltimore, MD 21202-6806

The Honorable Larry Hogan
Office of the Governor
State House
100 State Circle
Annapolis, MD 21401-1925

Department of Defense Chief Information Officer
Attn: Military Asst./Mobility Team

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.332
Copper Retirement ID No. 2016-03-A-MD

September 15, 2016

Carrier: Verizon Maryland LLC, 1 East Pratt Street, Baltimore, MD 21202

Contact: For additional information on these planned network changes, please contact:

Janet Gazlay Martin
Director – Network Transformation
Verizon Communications
230 W. 36th Street, Room 802
New York, NY 10018
1-844-881-4693

Implementation Date: On or after September 15, 2017

Planned Network Change(s) will occur at the following wire center areas in Maryland:

Wire Center	Address	CLLI
BETHESDA, MD	4533 Stanford St, Bethesda, MD 20815	CHCHMDBE
COLUMBIA, MD	5231 W Running Brook Rd, Columbia, MD 21044	CLMAMDCB
GLEN BURNIE, MD	215 Ritchie Lane, Glen Burnie, MD 21061	GLBRMDGL
ROCKVILLE, MD	490 Fleet St, Rockville, MD 20850	RKVLMDRV
TOWSON, MD	100 York Rd, Towson, MD 21204	TWSNMDTW

Attached Exhibit A lists the specific areas in which the copper network facilities will be retired. Exhibit A may also be viewed at http://www.verizon.com/about/terms-conditions/network-disclosures

Description of the planned network change(s):
Verizon intends to retire a number of copper facilities in the Bethesda, Columbia, Glen Burnie, Rockville, and Towson, MD wire center serving locations listed in the attached Exhibit A and to provide services over a fiber network infrastructure. Verizon has deployed its fiber-to-the-home network in the areas identified in Exhibit A.

Description of reasonably foreseeable impact(s) of the planned change(s):
After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities.

Description of any changes in prices, terms or conditions that will accompany the planned change(s):
As a general matter, the retirement of copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on fiber facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that Verizon offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which Verizon offers the replacement service that the interconnecting entity selects. Verizon, separately from this notice, will provide interconnecting entities with further information regarding service migration options that Verizon offers.

Exhibit A
