Re: Verizon Public Notice of Network Change(s), CFR 47 Sections 51.325 – 51.335
Copper Retirement ID No. 2016-03-A-NJ

Dear Ms. Dortch:

Pursuant to Sections 51.325 – 51.335 of the Commission's rules, Verizon hereby submits the attached Public Notice of Copper Retirement under rule 51.332. Specifically, Verizon is providing notification of the replacement of copper distribution and loop facilities with fiber-to-the-home facilities at some locations in Bergen, Berlin, Cape May Court House, Cranford, East Dover, East Orange, Ewing, Freehold, Hackensack, Haddonfield, Journal Square, Marlton, Medford, Merchantville, Morristown, New Brunswick, Red Bank, Somerville, Toms River, Union City, Wall Township, and Woodbury, NJ wire centers. Upon completion, Verizon will provide services available over its fiber optic network.

The majority of customers served by copper at these locations purchase "plain old telephone service." Following the transition to fiber, Verizon will continue to offer these customers the same POTS service over fiber at the same or better price as they received on copper facilities. There will be no change in the underlying features and functionalities in their service: this is not a transition to IP-based service and Verizon will offer these customers the same regulated service they have today.

There may be one or more obsolete, narrowband services (such as certain DS0 level services) that are incompatible with or unavailable over fiber. If so, we will work closely with those customers to address their particular needs.

A copy of the attached notice was mailed to the New Jersey Board of Public Utilities, Governor Chris Christie, and the Department of Defense Chief Information Officer. Verizon has not provided notification to tribal entities as no tribal entity will be impacted by this copper retirement.

Please contact me should you need any further information.

Sincerely,

cc: New Jersey Board of Public Utilities
Governor Chris Christie
Department of Defense Chief Information Officer

On September 15, 2016, Verizon provided notice of copper retirement to the following:

Richard S. Mroz
President
New Jersey Board of Public Utilities
44 S. Clinton Avenue
Trenton, NJ 08625

The Honorable Chris Christie
Office of the Governor
P.O. Box 001
Trenton, NJ 08625

Department of Defense Chief Information Officer

WALL TOWNSHIP, NJ	1223 Church St, Manasquan, NJ 08736	MNSQNJ01
WOODBURY, NJ	24 Curtis Ave, Woodbury, NJ 08096	WDBYNJWB

Attached Exhibit A lists the specific areas in which the copper network facilities will be retired. Exhibit A may also be viewed at http://www.verizon.com/about/terms-conditions/network-disclosures

Description of the planned network change(s):
Verizon intends to retire a number of copper facilities in the Bergen, Berlin, Cape May Court House, Cranford, East Dover, East Orange, Ewing, Freehold, Hackensack, Haddonfield, Journal Square, Marlton, Medford, Merchantville, Morristown, New Brunswick, Red Bank, Somerville, Toms River, Union City, Wall Township, and Woodbury, NJ wire centers serving locations listed in the attached Exhibit A and provide services over a fiber network infrastructure. Verizon has deployed its fiber-to-the-home network in the areas identified in Exhibit A.

Description of reasonably foreseeable impact(s) of the planned change(s):
After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities.

Description of any changes in prices, terms or conditions that will accompany the planned change(s):
As a general matter, the retirement of copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on fiber facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that Verizon offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which Verizon offers the replacement service that the interconnecting entity selects. Verizon, separately from this notice, will provide interconnecting entities with further information regarding service migration options that Verizon offers.

Exhibit A
Copper Retirement ID No. 2016-03-A-NJ
