Re: Ex Parte Notice
MM Docket No. 99-25

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission Rules, this notice of an ex parte presentation in the above-referenced matter is being provided. On August 5, 2010, the undersigned, with representatives of Educational Media Foundation ("EMF") and Prometheus Radio Project ("Prometheus"), met with Rosemary Harold, Legal Advisor, Office of Commissioner Robert McDowell to discuss the Memorandum of Agreement ("MOA") between EMF and Prometheus filed with the FCC on July 8, 2010 in connection with the above-referenced matter. The topics covered in the meeting included the motivations of the parties in deciding to enter into the agreement, questions about other parties who did not sign the agreement who might be affected by its implementation, and issues as to whether the agreement would effectuate announced goals of the FCC in actions taken earlier in this proceeding.

Additionally, EMF and Prometheus stated that the MOA would fulfill the Commission's goals of localism by allowing local groups to apply for stations in urban areas, while also allowing rural communities to gain service via translators. The parties noted also that the MOA could resolve some of the questions raised regarding priorities between LPFMs and translators.

EMF was represented by Brian Gantman, Government Relations Director/In-House Counsel at EMF and the undersigned counsel. Prometheus was represented by Pete Tridish, Director of Electromagnetism for Prometheus, and Parul P. Desai, Media Access Project, counsel to Prometheus.

A copy of this notice is being submitted in the relevant docket.

Should there be any questions concerning this matter, please contact the undersigned.

Sincerely,

David Oxenford
