Re: Post-Transaction Notification of Millry Corporation and BB Holding Corporation
WC Docket No.: 16-260

Dear Ms. Dortch:

Pursuant to Section 63.24(e)(4) of the Rules of the Federal Communications Commission ("FCC" or the "Commission"), 47 C.F.R. § 63.24(e)(4), Millry Corporation ("Millry Corp") and its subsidiary, BB Holding Corporation ("BB Holding"), hereby notify the Commission of the consummation on November 8, 2016, of the transactions effecting the transfer of control of the domestic Section 214 authorizations held by Millry Telephone Company, Inc. ("Millry Telephone"), Millry Communication, Inc. ("Millry Communication"), and Millry Telephone LD, LLC ("Millry LD") (together, the "Subsidiaries") from the Transferors (Millry Corp shareholders the Darrell R. Brown, Sr. Management Trust, Bryanell S. Brown Management Trust, GST Exempt Family Trust for the benefit of Darrell Raiford Brown, Jr., GST Exempt Family Trust for the benefit of Lisa Renee Bond and the GST Exempt Family Trust for the benefit of Chera Dare Ogburn) to the Transferees (Millry Corp shareholders the Paul E. Brown, Sr. Management Trust and the GST Exempt Family Trust for the benefit of Paul E. Brown, Jr.).[1]

On August 31, 2016, the FCC issued a Public Notice in WC Docket No. 16-260 (DA 16-994), accepting the application for approval of the transfer of control of the domestic Section 214 authorizations held by the Subsidiaries from the Transferors to the Transferees. On October 3, 2016, the Wireline Competition Bureau granted the application for transfer of control of the domestic Section 214 authorizations in a Public Notice issued in DA 16-1130 (WC Docket No.

[1] Notice of the consummation of the transfer of control is also being simultaneously provided to the International Bureau and the Wireless Bureau.

16-260).[2] The time for reconsideration or FCC review of the approval of the transfer of control expired on November 2, 2016, pursuant to 47 C.F.R. § 1.106.

The transaction, as consummated, entailed the redemption by Millry Corp of all of the Transferors' Class A and Class B stock in Millry Corp. As a result, the Transferees' percentage ownership in Millry Corp's outstanding stock and their voting membership in the corporation increased from 50% to 100%, giving the Transferees clear and complete *de jure* control of Millry Corp, and thus the Subsidiaries' domestic Section 214 authorizations. Prior to the transaction, a new, wholly-owned, intermediary subsidiary, BB Holding Corporation, was created between Millry Corp and the Subsidiaries. As provided under the application, notice of the *pro forma* transfer of control of the domestic Section 214 authorizations from Millry Corp to BB Holding was filed with the FCC on September 28, 2016, in WC Docket No. 16-260.[3,4]

Please direct any questions concerning this matter to my office.

Very truly yours,

Dana H. Billingsley
Attorney for Millry Corporation, BB Holding Corporation, Millry Telephone Company, Inc., Millry Communication, Inc. and Millry Telephone LD, LLC

Millry LD remains a 100% wholly-owned subsidiary of Millry Telephone.

[4] Notice of the *pro forma* transfer of control of the international Section 214 authorization held by Millry LD from Millry Corp to BB Holding was filed with the FCC's International Bureau on September 29, 2016.
