**NOTICE OF REQUEST BY THE STATE OF NEVADA OFFICE OF THE ATTORNEY
GENERAL TO REVIEW SUBMISSIONS IN WT DOCKET NO. 18-197 THAT
CONTAIN NRUF AND LNP DATA**

CC Docket No. 99-200
CC Docket No. 95-116
WT Docket No. 18-197

On August 7, 2018, subject to a protective order, the Commission placed into the record in WT Docket No. 18-197 (Applications of T-Mobile US, Inc., and Sprint Corporation For Consent To Transfer Control of Licenses and Authorizations) various Numbering Resource Utilization and Forecast (“NRUF”) reports filed by wireless telecommunications carriers and disaggregated, carrier-specific local number portability (“LNP”) data related to wireless telecommunications carriers.¹ Pursuant to the associated protective order, outside persons participating or intending to participate in Docket No. 18-197 who are not involved in competitive decision-making activities and who have signed the Acknowledgment of Confidentiality attached to the protective order may review and use the NRUF and LNP data “solely for the preparation and conduct of [Docket No. 18-197] before the Commission.”²

The protective order further provides that if a state department or agency, among others, issues a subpoena for or orders the production of NRUF or LNP data or information derived from NRUF and LNP data (“NRUF/LNP Confidential Information”) that a person has received pursuant to the protective order, the person receiving such an order must notify all affected parties and the Commission, such that “the Commission and each affected Wireless Telecommunications Carrier has a full opportunity to oppose such production prior to the production or disclosure of any NRUF/LNP Confidential Information.”³

Pursuant to this provision, on August 29, 2018, T-Mobile US, Inc. (“T-Mobile”), notified the Commission that it had received a subpoena from the New York State Attorney General’s Office in connection with that Office’s investigation of the proposed merger between T-Mobile and Sprint Corporation (T-Mobile/Sprint merger), seeking all materials T-Mobile received from the FCC in

connection with the Commission's investigation of this transaction, which includes NRUF/LNP Confidential Information. T-Mobile further stated that the New York State Attorney General's Office intends on sharing those materials with other state attorneys general that are investigating the merger and that have signed confidentiality agreements with T-Mobile and Sprint.⁴ Separately, the New York State Office of the Attorney General and the California Attorney General notified the Commission that in connection with their investigation of the proposed T-Mobile/Sprint merger, they plan to seek materials that contain or incorporate NRUF/LNP Confidential Information.⁵

The Commission has recognized that disaggregated, carrier-specific forecast and utilization data should be treated as confidential and should be exempt from public disclosure under 5 U.S.C. § 552(b)(4).⁶ Nonetheless, when the public interest has so required, the Commission has provided access to that data to persons not involved in competitive decision-making subject to a protective order requiring that the data be used solely for the purpose of participating in the relevant proceeding before the Commission and that the data and information derived from the data not be made public.⁷ The Commission has also provided NRUF and LNP data to the United States Department of Justice for the Department's use in antitrust investigations upon assurances from the Department that the material will be kept confidential and used for only legitimate enforcement purposes.⁸

On September 4, 2018, the Commission released a Public Notice notifying all wireless carriers that the New York State Office of the Attorney General and the Attorney General of the State of California, in connection with their investigation of the proposed merger between T-Mobile and Sprint, intended to seek access to NRUF and LNP data submitted to the Commission.⁹ On October 22, 2018, the

into the proposed merger between T-Mobile and Sprint.¹⁴ The letter states that the data will be used only for legitimate law enforcement purposes and that the Office of the Attorney General will keep the data confidential to the full extent possible under applicable laws. The Office also states that if a request is made for public disclosure of confidential information, it will assert all applicable exemptions, privileges, and objections to disclosure.

The Commission is providing this notice to inform carriers of the request of the State of Nevada Office of the Attorney General to allow carriers the opportunity to contact the Office or to take any other action they may deem appropriate if they have concerns or oppose disclosure. Comments or objections should not be filed with the Commission.
