Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

I write with grave concern for the freedom and independence of the internet in the US. And I understand that you have a good record of acting to protect true freedom of communication in telecommunications and the internet.
I want to urge you to oppose Chairman Julius Genachowksi's industry friendly regulations at the December 21st FCC meeting. We must be honest about what is real net neutrality and what is political cover. You can represent all those who desire true internet independence.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Patrick Michaels

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

David Donahue

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Please, be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote NO on Chairman Genachowski's proposal at the FCC meeting December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Karen Miller

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dorothy Gaither

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,
