**Amendment of Parts 74, 76 and 78 of the Commission's Rules**

**Regarding Maintenance of Copies of FCC Rules**

**FCC 18-16**

**MB Docket No. 17-231**

**Released: February 20, 2018**

This Guide is prepared in accordance with the requirements of Section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996. It is intended to help small entities—small businesses, small organizations (non-profits), and small governmental jurisdictions—comply with the revised rules adopted in the above-referenced Federal Communications Commission (FCC or Commission) rulemaking dockets. This Guide is not intended to replace or supersede these rules, but to facilitate compliance with the rules. Although we have attempted to cover all parts of the rules that might be especially important to small entities, the coverage may not be exhaustive. This Guide cannot anticipate all situations in which the rules apply. Furthermore, the Commission retains the discretion to adopt case-by-case approaches, where appropriate, that may differ from this Guide. Any decision regarding a particular small entity will be based on the statute and any relevant rules.

In any civil or administrative action against a small entity for a violation of rules, the content of the Small Entity Compliance Guide may be considered as evidence of the reasonableness or appropriateness of proposed fines, penalties or damages. Interested parties are free to file comments regarding this Guide and the appropriateness of its application to a particular situation. The FCC will then consider whether the recommendations or interpretations in the Guide are appropriate in that situation. The FCC may decide to revise this Guide without public notice to reflect changes in the FCC's approach to implementing a rule, or it may clarify or update the text of the Guide. Direct your comments and recommendations, or calls for further assistance, to the FCC's Consumer Center:

## **I. OBJECTIVES OF THE PROCEEDING**

Through this *Report and Order* in MB Docket No. 17-231, the Commission eliminates provisions of the Commission's rules that obligate certain broadcasters and cable entities to maintain paper copies of Commission rules.

Specifically, the *Report and Order* eliminates: (i) the requirement that licensees or permittees of low power TV, TV translator, and TV booster stations maintain a copy of Volume I and Volume III of the Commission's rules; (ii) the requirement that licensees or permittees of FM translator and FM booster stations maintain a copy of Volumes I (Parts 0, 1, 2 and 17) and III (Parts 73 and 74) of the Commission's rules; (iii) the requirement that certain cable operators maintain a copy of Part 76 of the Commission's rules and, if subject to the Emergency Alert System (EAS) rules contained in Part 11 of such rules, an EAS Operating Handbook; and (iv) the requirements that cable television relay station (CARS) licensees maintain a copy of Part 78 of the Commission's rules and, in cases where aeronautical obstruction markings of antennas are required, Part 17 of such rules. The *Report and Order* finds that eliminating these recordkeeping requirements will remove an outdated and unnecessary regulatory burden that may impede competition and innovation in media markets.

### ***Low power TV, TV translator, and TV booster stations (47 CFR § 74.769)***

### ***Cable operators serving 1,000 or more subscribers (47 CFR § 76.1714(a))***

- The *Report and Order* eliminates rule provisions requiring that cable operators maintain a current copy of Part 76 of the Commission's rules and, if subject to the Emergency Alert System (EAS) rules contained in Part 11, an EAS Operating Handbook.
