**CC Docket Nos. 99-200 and 95-116**

**Comment Date: May 21, 2018**

The Department also requests local number portability (LNP) data in the Commission’s possession related to wireless telecommunications carriers, by carrier and by rate center, from October 2017 to the present.<sup>2</sup>

In order to better monitor the way numbering resources are used within the NANP and efficiently allocate NANP resources, the Commission requires telecommunications carriers to provide the Commission with utilization reports of their current inventory of telephone numbers and a five-year forecast of their numbering resource requirements.<sup>4</sup> LNP data is collected by the LNP Administrator, and provided to the Commission. The Commission has recognized that disaggregated, carrier-specific forecast and utilization
