DOCKET FILE COPY ORIGINAL

Dear Honorable Hundt,

Please accept this letter as my request for the following regarding the Childrens Television Act (CTA)

I request that the FCC should:

1. Set a standard of at least one hour per day of specifically-designed educational & information programming on all TV stations; (the FCC proposes five hours per week)

2. Redefine it's definition of "educational & informational programming in order to close the regulatory loophole which permit stations to cite programs such as "The Jetsons" & "Flintstones" on their license renewal applications.

3. Count only standard length, regularly-scheduled educational programs as meeting the stations "core" programming obligations under the Act.

4. Exclude programs aired before 6:00 A.M. or after 10:00 p.m. from counting toward the core requirement of children's programming.

Thank you very much

Sincerely,

Connie McAllister
