STATEMENT for 2012

Carrier has established operating procedures that ensure compliance with the Federal Communication Commission ("Commission") regulations regarding the protection of customer proprietary network information ("CPNI").

- Carrier has NO FCC licensed radio systems that are connected to the public switched network.
- Carrier has no paper forms or computer systems that provide for the recording of Customer Proprietary Network Information.
- Carrier does not allow 3rd parties access to any of our business information. By not recording CPNI information it is not possible to use CPNI in marketing or any other campaign.
- Carrier does not have CPNI information. Therefore, there is nothing to defend from data brokers.
- Carrier does not have CPNI information. Therefore, there is nothing to defend from pretexters.
- Carrier does not have CPNI information. Therefore it is not possible for a customer to make a complaint related to unauthorized access to CPNI.
