Dear Chairman Hundt and FCC Commissioners:

DOCKET FILE COPY ORIGINAL

I am writing on behalf of the National PTA and the Montana State PTA to voice our opposition to the V-chip rating system as presented by Jack Valenti. This method does not provide sufficient information about the content. We support a descriptive content-based rating system so parents can make decisions about what is appropriate TV programming for their children. Please endorse a rating system that includes content descriptions. Thank you

Dear Mr. Hundt and the FCC Commission,

I am writing this card to show my opposition to the television industry's proposed age-based television rating system. I believe that parents must be provided with more information about the content of a given television program. As a member of PTA, I back the National PTA's rationale for opposition.

Thank you for listening to my opposition.

Dear Chairman Hundt & FCC Commissioners:

I Am writing on behalf of myself & the National and Montana PTA to voice my opposition to the V-chip rating system as presented by Jack Valenti. This method does not provide sufficient information About program content in fact is Absorbably vague. I do support a discriptive content based rating System such as used by 'HBO' & 'Showtime'. This gives parents the correct information to make TV viewing decisions. Thank you,

I am opposed to the ~~age-based television~~ rating system. This type of system does not provide me, as a parent, with information about the content of the program.

As a parent of 2 elementary children, at present I do not allow week day tv watching - this includes evening hours. Please allow the parents decision-making power about television viewing!

Sincerely,
Jan Horton

Dear Mr. Hundt,

I am very much opposed to the proposed age-based television rating system because it does not offer enough information in determining whether a program is appropriate for my children to see. I hope to see a content based system.

Thank you,

I feel in the best interest of our Children we must have a rating that will address the content of programs. Parents need your help and understanding to give them the decision-making power they should have.

Thank you for caring.
