Re: Connect America Fund Docket WC No. 10-90 – Comments of Fort Mojave Telecommunications, Inc. on Wireline Competition Bureau Publishes Preliminary Determination of Rate-Of-Return Study Areas 100 Percent Overlapped by Unsubsidized Competitors

Addendum

Dear Ms. Dortch:

On August 21, 2015, Fort Mojave Telecommunications Inc. ("FMTI") filed the Comments referenced above in response to the Federal Communication Commission Public Notice announcing the Wireline Competition Bureau Publishes Preliminary Determination of Rate-Of-Return Study Areas 100 Percent Overlapped by Unsubsidized Competitors.

In these Comments, FMTI informed the FCC that its study area boundary was inaccurately represented on the FCC's 100% Overlap Map and that it had successfully contacted the FCC to correct this information. Attached to this letter is a pdf document illustrating the shapefile polygon submitted to the FCC. No information in the original comments referenced above has changed.

Sincerely,

Linda Gutierrez
