I am writing you in reguards to im assuming WC Docket # 12-375. I read somewhere & wrote your information down in reguards to "High Phone Prices" in prison. I believe the paper said something about the FCC stepping in and "Capping" expensive phone calls to families from prison.

If you could help me learn about this & if maby something I can do to help I would like any and All information on this that pertains to what im refering to.
