FCC # 16-41

DOCKET FILE COPY ORIGINAL

Dear R.F.D. TV

We live in a rural area of Colorado. Your programing of weather, music, foods, rodeoes, and agriculture in general in the U.S. and other parts of the world makes for good days for 2 seniors that can't travel much because of health reasons. Your programing brings the world and life that we are most interested in to us. We are enjoying traveling with R.F.D. TV.

Keep up the good programing. Thank you very much.

Proceeding Case No. 16-41

Dear FCC,

I watch RFDTV on Direct TV everday. The information I receive on RFDTV is very useful to me and I enjoy the programs they provide.

Agriculture is this country's most nessacery industry and its people are the most neglected by this country's media and politicians.

We help everyone in some way everyday. Help us keep RFDTV access now.

Thank you,

John Newsome

Dear FCC,

Proceeding # 1641

We watch the RFD channel on Dish satellite.

We, my wife and I watch the RFD channel every night and a lot during the day.

Please Keep our favorite satellite station on the air

Sincerely,

Dear FCC,

We watch RFD-TV on DirecTV because we love the programs that they offer quite the contrary from what is offered on other cable channels and on CBS, NBC, ABC, NPR, CNN, MSNBC, CNBC and FOX News channel, on which they are trying to indoctrinate us and our children. We are in our late 70's and we love the music and entertainment offered by RFD-TV, these programs are as listed...
Daily and Vincent, HeeHaw, Country's Family Reunion, The Jimmy Sturr Show, Larry's Country Diner, Midwest Country, MollieB Polka Party, Nashville on The Road, Pop Goes The Country, Presley's Country Jubilee, Ray Steven's Nashville, The Porter Wagoner Show, Shotgun Red Show, Virginia Dreams Center Stage, Marty Stuart Show, Tru Country, and most educational shows such as Texas Country Reporter.

There is no such material offered on all of cable.

Thanking you for taking our views into consideration!

Don Feldpausch

Dear FCC, code 16-41

I watch RFDTV on Dish 231. I watch RFDTV because it is informative, wholesome and entertaining. I have a small piece of land and love gardening. I learn a lot from RFDTV and enjoy watching other parts of the USA. Live and work. You have many other TV channels on air that are harmful to society. Take these off the air if it is too congested. Please, Keep and expand good programming like RFDTV.

Thank you

Jim

Dear FCC 16-41

I am writing in Support of Independent TV Chanels Sus as RFD.TV I am a Senior Citizen I love to watch RFD.TV I can get the Grand ol Opery, Blue Grass, Gospel & Country Music, Real living Classic Tractor Fever. RFD TV is about all I watch. they have Good Clean Shows. you don't have to listen to dirty Comercials so Please leave the Independent Channels alone.

I have to pay Extra I am on Direct TV I have to Buy a Seperate Package Just to Get RFD TV. So I am Showing my Support

F.C.C.

We are a faithful viewer of RFD-TV on DISH in our area. Anything concerning music, bluegrass music, on the station we are watching. We have watched RFD from the time it started at least 25 percent of our viewing.

Hope this station can stay on the air. We live in a rural area in west central Illinois. My husband was a rural mail carrier for thirty years

Please keep R.F.D. on the air.

Dear FCC, 16-41

I am writing in response ~~to~~ the RFD TV issue. I am very upset with this proposal. We watch it all the time, in fact we will not use Cable TV or any other carrier that does not carry RFD-TV. So if you take it off the air, we will not continue to use Dish Network any longer. This channel is the reason we use Dish Network! Please Keep it on air! We have watched it in California & now Texas.

Please, Please do not let big cable companies delete R.F.D services from my television or others. It has the most comprehensive weather report which is nation wide. The rural and senior programs are excelent. There are also young age programs like Future Farmers of America there also for teen agers & young farmers. The music is excelant. Rural information like how our food is secured is prime and should benefit all classes of people city, rural, national and international. The programs are safe and don't need pre announcements to warn children, young people or others to be aware of the content. Please do not interfere with R.F.D. we all need our choices in watching.

Sincerely Patricia Stueland

Our satellite provider – DirecTV

We love RFD-TV! It is very important to us. We watch as much RFD-TV as all other channels added together. We love the program about trains, rodeos, travel, farm information, horses, Farm Bureau programs, music entertainment, old Western shows, beef cattle, tractors and farm equipment, and the daily evening news. Everything about RFD-TV is interesting, informative, and decent viewing for people of all ages. One of our sons has beef cattle, but he can't get RFD-TV info now about the cattle because he has Verizon Fios. Sad!
We receive many HD channels on DirecTV, but why can't we get RFD-TV HD?
Urban "city people" of all ages should profit from RFDTV's unique programming, the same as we rural "country folks" do. Please protect everyone's continuing viewing of RFD-TV.
Thank you very much for your conscientious consideration in this very important situation.
