I live in Western Ne. & on a farm for almost 55 years. I am a widow have been for 30yrs.

I watch RFD TV for about 50 70 or more all the time. I really enjoy the country music. rodeos. & other sports My husband & I grew up with which we called western music at that time. I also watch the news & weather & markets. & everything else.

My Programs are on Public T.V. I guessing if it wasn't for RFD TV & Probably wouldn't even turn my TV on. So Please don't take this channel away from us rural folks. & the elderly as Probably a lot of us are retired. & watch a lot of TV.

Our family watches RFD-TV via Dish Network. There are about 5 channels in my tier of programming that are decent enough to view and with which to spend our time. RFD-TV is one of them.
We watch RFD-TV enough hours of the day that there would be no reason to turn the TV on, or to even have a subscription, if it were removed.

Please keep RFD-TV in your programming

Thank you.

This is our absolutely favorite channel; very few of the other channels are viewed daily.

We would be absolutely lost without this entertainment, information, etc. We're big fans of the type of music shown.

Dear FCC,

Concerning 16-41

I am writing for myself and many senior citizens that rely on stations like RFD to get them through the day and night. I am 80 years old and only watch television of this nature. Their tradional music, farming, equine shows and the news is so beneficial to the WORLD.

I use Directv and if they should drop RFD, I will cancel with them. I can't believe FCC would consider dropping a network that is so informative in all aspects of life and with such integrity.

Please consider all the shut-ins that rely on the clean and informative viewing and all the benefits to all their viewers. Thank you

Sincerely,
Evelyn Taylor

Dear RFD,

I commend you for your coverage of the recent death of Joey Feek. Not only the coverage of Joey + Rory, but George Jones, Ray Price and other traditional music deceased singers. I'm 80 years old and still in fairly good health and able to maintain my own property, but I have many friends that are confined to their homes and rely on stations like yours to pass the hours away.

Thank you for the integrity of your station and all that work there.

Thanks again,

Re: FCC 16-41

We subscribe to RFD-TV thru DISH.

This is one of the ways we keep up with farm news, markets, sales, good ranch procedures, & excellent family programs.

RFD-TV and other independent TV outlets are important to us who live away from urban areas.

Please, keep these good programs available to us.

Sincerely,

Dear FCC - 1641

Please do not drop RFD, family oriented rural shows. We enjoy much and watch it daily on our DISH Network. It is one of few, decent family shows we enjoy. Matter of fact if RFD is dropped we will drop Dish entirely. We love RFD!

Dear F.C.C. 1641

My wife & I watch R.F.D. TV about 4 ~~POCKET FILE~~ COPY ORIGINAL day. It is the only station on T.V. that I can get the farm markets on. We also watch the daily shows. Also It is the only TV network I can watch & not worry about terrible adult commercials. We think it should be against the law for Fox, CNN, NBC, ABC, CBS, to run these. Keep RFD On.

The diffent shows that are on that they watch shows them you just don't go to a store & get this duff.

I also enjoy the shows about old tractors & equipment and this is the only farm show that has about draft horse's and the plowing & getting hay, & and having about antique trator and how things were done in the good old days. I started staying with my grandfather & grandmother when I was only 4 yrs. and learned a lot about the farm. Don't take a good show away and replace it with the junk shows. I am 73 I live in Cameron, W. Va. and have a small 22 acre farm. Please dont take this show off
