This is for RFD, TV

Please get those awful people who are trying to destroy RFD, TV. Its the very best station on T.V. We want it kept on.

Their friday, saturday and sunday night music shows are the best on T.V. If they weren't there I'd have my T.V. turned off.

There's absolutely nothing decent on any other stations

I'm standing not real good health. My husband has been in a nursing home going on 4 yrs, its a 50 mile drive for me to see him. I have a 5 acre yd and home to care for him all alone.

I watch T.V. sometimes but I can't stand the garbage on the other channels.

RFD T.V. is the best on the net W or R. Please please protect it for us.

May God bless you

We get our TV reception from Dish network.

Our favorite channel is RFD-TV. We thoroughly enjoy all the country music programs. This is the only channel left on TV that airs country music. We used to watch on TNN, then GAC, then CMT. None of them carry hardly anything worth watching.

We have a whole list of programs we watch. As we are in our 70's, this is our major form of entertainment

We watch Larry's Country Diner, Midwest Country, Molly B's polka show, Dailey & Vincent, Ray Stevens Nashville, Hee Haw, Joey + Rory Show, The Presley's, Marty Stewart, Reno's Blue grass music, Chumbers and Highlanders,

Please don't ever discontinue our wonderful country music. If we didn't have the RFD channel, there wouldn't be much point in keeping our Dish network.

Most of the programing on national TV is hardly worth watching.

Please Keep RFD-TV on the air.

Sincerely,

Dave Rudi

FCC to whom it may concern: 14-4

my wife and I were shocked and dismayed to find that there is a movement to block the RFD Station from the air. we are 81 and 77 years old and spend a lot of time watching this channel. After watching these programs we can leave with a good feeling as opposed to the murders and other violent shows that are to prevalent.

we strongly request that you take whatever action necessary to insure that this station and programming and others like it remain available.

Thank you for your consideration.

Sincerely

I am a 76 year old Widow who subscribes to Directv. The main reason I pay for this service is so I can watch RFD. This Network (RFD) is the only program that has programs for older Rural people to enjoy. I grew up on a family farm and retired here so my country roots grow deep!

Please ~~cond~~ consider us senior citizens when making a decision.

I will cancel my Directv service if they do not carry RFD.

Sincerely,

Dear FEC;
My family is very concerned about the programming we have to watch.
RFD is one of a very few family channels left to watch. Please don't take it out of your programming.
If you need to take some out I can suggest some. such as.
1. Party Down South
2. Bates Motel
3. Housewives of where ever.
4. The Kardaschins.
and many more These are not family channels. you don't want to sit down with you children to watch that trash
Put some family channels on if you want to change. I'm sure people with children will thank you for it.
Just leave RFD and the few that's left alone.

Thank you.

I am very pleased with the programming schedule on RFD-TV Reconnecting City w/ Country on Time Warner Cable in Albany, New York

I appreciate the variety of programming we receive esp. Rural America Texas. I've watched Joey + Rory and enjoyed it for several years.

Marty Stuart - very entertaining

Living in a rural area of Albany, I appreciate your coverage of rural America

2.

in U.S.A.

RFD TV coverage of Joey's final days and tribute in her hometown of Alexandria was very important to those who loved her. "Remembering Joey" was done with much love and respect. I thank you sincerely for your coverage during a trying time for Joey & Rory's loyal fans. RFD-weather girl, Christina Loren, did a very kind and sensitive way of being the M.C.

Thank you for your consideration of my views on Rural TV.
