F.C.C. or Whom it may concern

I'm writting in regard to you wanting to drop the R.E.D. the Best Station, and other Independant Channels from the Cable Network. as a mother, Grandmother and great grandmother I ask you to reconciler, there are so many senior citizens and also young people who watch these stations, as I told you in my last letter we do not watch any programs with crime, violence, bad language, fighting and killing, we see that on the streets every day, I have a relative who is a policeman so I know, we worry about him all the time.

We want to watch programs that remind us of the good old days and that have real music which is Gospel and country, we grew up on that and on the farm, If the God Hard lets time go on the young people may have to go back to farming and raise their own food, so it is very important that they learn about real life

and about Learning, and how to Survive.

I am around young people a lot, my grandchildren friends and at Church, and they don't watch the Urban Channel rather, their parents are trying to raise them right and teach them right from wrong as we are, and a lot of the programs on T.V. tell them that everything is right and it is ok to hate and harm other people, where do you think kids get all the Ideas for the Violent things they do. They need to go to Church and be taught to love one another as God loves us and to do the best they can in this crazy mixed up world.

We watch the R. & D. Station more than any other Station and enjoy it very much, and we don't have to change Stations when our friends come see with their Children, they always ask how did you get that Channel on your T.V. I tell them through Time Warner Cable.

Very truly yours
Ardra Jerline Hughes

Re: FCC 16-41

I am writing this in support of the RFD-TV and RFD-HD. RFD programming has been a breath of fresh air to me and my family. It is one of the few channels we can watch without worry of foul, course, suggestive language, explicit sex scenes or sensless violence which are rampant in almost all the major network shows. RFD has a broad range of programming with intrest for all ages from children to Sr's. Educational programs, News enertainment and much more.
I hope you will take this opportunity to assure that there will continue to be a place for quality programming such as RFD.

Thank you for listening

We are elderly folks living on a remote Ranch who enjoy the type of education & entertainment available on RFD. We can afford to "pay our way" so we are not burdens to any system.

If you do not see it our way please write & tell us so we can see where we are wrong.

Comments:

We watch RFD TV on Armstrong Cable We have watched RFD for a long time and enjoy all the shows very much, We really enjoy Sassys Country Diner Family Reunion, Molly B. Joey + Rory Daly + Vincent, Ray Stevens, Marty Stuart The Gaithers and all the horse shows. We really enjoy the farm shows, + farm news, I was a farmer for 50 years, farming the fields + milking cows + enjoy hearing about whats going on with farming now.

We would hate to see this taken away because we pay extra to get this package so we can watch a Decent Channel on the airways. So please FCC help keep RFD TV on the air for us.

Thank you very much

Dear Sir,

We are retired farmer/ranchers, and when RFD came into being, we were very glad, finally a station we could relate to.

They have markets, farm news, the latest innovations of crops, and machinery, tractor pulls, weather. All then to keep us in touch with what we're interested in.

We would be saddened and disappointed to lose this Channel. Farmers are the major suppliers of food in this Country, dont make us angry.

Sincerely,
Martin and Jeanne Esser

Gentlemen:

PLEASE! Do NOT remove this channel from our viewing of TV.

Each time we turn on the television, RFD is the channel we prefer above all others. Without it, we would not view anything except local news.

Sincerely,

This letter is in regard to the cable giants that want to take R F D -T V off the air. It seems to me with all the sports channels and channels that show nothing but bed hopping from the people who are suppose to be such great leaders, they could leave the ONE channel that supports GOOD, CLEAN shows on and not always threaten to take it off the air. This channel has music, animal and farm shows that should enrich the lives of our children. Many have no idea what cattle even look like, let alone the fact that the milk they drink comes from milk cows. What an enrichment TOOL, RFD-TV would be for the city children.

Use your power and do something GOOD for a change.

Thank You,

Dear FCC, Proceeding number 16-41:

If it weren't for bad luck, RFD-TV wouldn't have any luck at all.

I watch RFD-TV on cable service provided by Keystone Communications, 86 Main Street, Keystone Iowa, 53349.

This is Iowa, a farming rual state, we need to have RFD-TV.

Cable TV provides 9 sports channels, 8 family channels, 6 nation wide news channels, 3 history channels and only one farm channel.

There are channels I never watch, BBC Amercia, Shopping channes, spookey Chiller TV and more.

I watch RFD TV week after week and will continue to watch RFD TV.

Thank you,

Michelle Hillyer

Dear Sirs,

I'm a 90 year old woman, one of your many customers, that loves RFD-TV. If it wasn't for that channel there wouldn't be too much on TV to watch any more because half of the time is taken up with advertizments and just plain junk.

If it wasn't for the rural people, Farmers and Cattlemen, furnishing the food for our country, where would you be?

I enjoy the horse shows and the rural country shows but my favorites are the Great classic Country Shows — which the young people of today doesn't know one thing about. So I do hope we can keep our RFD-TV channel.

To Whom It May Concern:
I'm writing in hope of keeping RFD-TV on the air.
It's an alternative to the sex, violence, and R-rated language shown on other networks (even their commercials).
RFD-TV is TV families can enjoy watching together. They offer music, dancing, comedy, nature shows, cooking, animal care, etc. What other network offers this?
I firmly believe TV influences behavior and support PBS stations + RFD-TV.

Dear Sir:

I am 85 years old this week. I do no go out for entertainment as I live 20 miles from a community where you go shopping, Crescent City Calif. Gasquet has a post office, & small grocery & restrant & church.

I enjoy RFD station on T.V. very much. They have good music programs on Sat Night and Sunday afternoon until Med Night.

I also enjoy many other programs they have,

I grew up on the farm & love seeing the Anomals, Watching the rodeo, ect. I Watch several programs every day.

Please don't take our station off the air. I enjoy it very much!!

Dear F.C.C., Code 16-41.

I am concerned about the thought of losing the channels I watch. Like R.F.D. and the Outdoor channels and such. I watch Hee Haw and the music channels. I love Rodeo and RFD carries a lot of Rodeo.

It is nice to see decent channels instead of all the violece movies and jienk that is coming on the T.V.

My family watch R.F.D. too.

I hope you consider these requests.

To Whom It May Concern

I don't think it is right that Charter should remove RFD from our TV. listing's, There is so much Education and Knowledge on the RFD Channel.

I think we should stand up for our rights. After all we pay for it.

I'am 79 years old and raised up on Country Music. Every Saturday Night when it was bed time, My Dad would turn on the Radio. And we listen to the Grand Ole Opera until we fell asleep

We lived a simple life, But we were happy. Now today RFD brings back some of those yester year's with the older program's I once knew when I was growing up.

Thank You RFD

FCC:

I watch RFD-TV on ATT-Uverse and so far there is no threat of change.

My late husband and I were in agriculture and grew up hearing the Grand Ol' Opry, so this channel is a favorite. I can see that modern day farmers can benefit while we oldsters (I'm 90) can reminisce.

Please consider all people in all regions in your decisions. Thank you.
