To the FCC,

The days of the rabbit ears, standing up and walking over to the black and white TV to change channels, and my mother happily giving us Swanson Turkey TV Dinners on our TV trays so we could eat and watch a western show is long gone.

Now instead of adjusting the antenna to watch a funny variety show, we pay $90/mo = $1,180/yr for satellite TV.

DOCKET FILE COPY ORIGINAL

Most of the programs are nothing we want to watch!

Please do not take away the shows we do enjoy by granting the big companies the OK to drop RFD TV. If we pay, can't we enjoy?

I strongly question the imposed television access to weirdness, the impact on young people, and the violent reflection of the times. Is this really progress?

Please save RFD-TV.

To Whom It May Concern:

The RFD means everything to me.

I grew up on a farm and I grew up on country music. We listened to it and we played and sang it.

I'm very interested in what other states look like and how people live.

I'm old and poor now. I can't do fun things and I can't travel, so watching RFD TV gives me much pleasure and enjoyment.

Please keep this Channel coming to us forever.

I watch RFD, the Weather Chanel, on Direct TV.

Please, don't let it be dropped of the Airwaves.!

These Networks, are a valuable Sources of not just entertainment, but educational, knowledge, and as a tool.

Please see to it, that it would be lowered in price, so folks like myself, can continue to afford it.

I'm 52.

Dear FCC, Proceeding number 16-41 -
I watch RFD-TV on Dish.
This station needs to stay on. We
need wholesome programming. I
don't watch much else on TV as it is
mostly morally disgusting. As for "reality TV",
who wants to watch people behaving badly.
Please keep this channel!

Dear FCC,

This letter is to show our support for RFD-TV. Please keep it in your programming. If you drop it, we would not enjoy watching television very much. We've always loved country music & other things related to it. It's the only channel that is truly devoted to such shows.

Gentlemen:

DOCKET FILE COPY ORIGINAL

It is not fair to the viewing public what is happening to independent stations.

RFD.TV gives us a great selection of shows to watch without having a lot of junk.

In our house RFD.TV is the most watched channel.

This is not just a senior channel, but a family channel.

We know the children can view good shows without having to worry about what might come on next.

IT'S THE MIDDLE AGE AND YOUTH THAT OWN AND SHOW THE LIVESTOCK.

IT'S THE FARMERS, YOUNG AND OLD THAT LOOK FOR THE AGRICULTURE SHOWS.

PLEASE STOP THEM FROM DICTATING WHAT WE CAN WATCH OR HAVE TO PAY EXTRA FOR. THANK YOU.

SINCERELY YOURS,

We watch RFD TV on Charter Cable, and I will add that we must pay $12.00/mo. for the extra channel. We think RFD TV is the only REALLY good-family channel. It keeps the rurals, seniors, farmers, ranchers, travelers, horsey folks - and any one - informed about every day living that is so important to our well-being - physical, mental and spiritual.

Please keep RFDTV on the many TV broadcasting companies!!! It is a channel that offers not only entertainment, but informative and educational programing! It is truly about AMERICA - not just trashy, violent, stupid programing.

Again, we sincerely implore you to keep RFDTV on all television.

Thank you,

Re: FCC Proceeding Number 16-41

I live in [redacted] County, Maryland. Fortunately, I have DirecTV which carries RFD-TV, The Weather Channel, etc. in this area. I would definitely miss the variety RFD-TV affords me: Country music (i.e., The Marty Stuart Show), train programs, horse programs, rural and

agricultural news - to name just a few. (Also Indian Heritage.) I also check regularly with The Weather Channel, which offers my local five-day weather and current radar and is invaluable with on-coming storms. Should DirecTV ever drop independent stations, then DirecTV would be dropped by me, as many homes have dropped Verizon Fios in this area. (I'm glad I didn't go with Verizon Fios when had the opportunity. I understand individuals are forced to pay disconnect fees.)

I watch many different channels. I don't know if BYU (Brigham Young University) and KWK are considered independent stations, but I would definitely miss these two as well should they ever be dropped.

I respectfully request that the FCC not allow these companies to drop independent stations and if they have, to reinstate them. Variety programming is essential to our well-being.

Sincerely,

Helen F. Stockdale
