To F.C.C. 1641

Just thought I would let you know about my opinion. I like R.F.D T.V. for its good entertainment. I now have DirecT V as my satilite Provider. If direct V would ever drop R.F.D. TV. I would then Drop DirecTV in a heart beat.

Sincerely

Lloyd Mlejnek

Dear FCC:

This letter is to ask you to keep RFD station on the television. I am very pleased with the livestock shows on the channel. I work at a cattle feed lot, and love the knowledge of the breeds available. I love the vet service shows also. The channel has a lot of information that it presents to the viewer of animals.

Please strongly consider keeping small interesting channels on!!

Sincerely,

Deb Grothe

Dear Federal Communication Commission,

I would be lost without the channel of RFD. It features a lot of country music, and also religious hymns. As an older person, programs of early country singers such as Porter Wagner and Dolly Parton brings me a lot of joy.

Please don't stop RFD from being broadcasted!!!

Thanks,

Lois Gerdes

I an a subscriber to DirecTV and receive RFD TV, one of my favorite channels. The programs on this channel are very informative and provide a valuable avenue to help both rural and urban America better understand each others needs. The programs aired on RFD TV are not available on any other channel.

I respectfully ask you to please support and protect these independent channels and to not allow these large urban cable and satellite providers do what Verizon Fios has done to RFD TV.

Thank you,

Harry Hoover

Dear FCC, Proceeding number 1641

I watch RFD-TV on Suddenlink Cable. Their wholesome, family-friendly programs fit my family's lifestyle. I urge you to NOT drop or block RFD-TV from your program line-up. Without RFD, there is no other network available to my family that we could watch and enjoy as much as RFD-TV. We support their wholesome approach to entertainment and information.

Sincerely,

Jane Daum

I was with Sylvan Cable TV in Brevard for years

Sylvan Valley CATV sold out to Comporium for a long time. One day I came home RFD TV was off. I called Comporium they couldn't reach agreement with R.F.D. So I left Comporium & went to Direct TV which has RFD TV

DOCKET FILE COPY ORIGINAL

RFD is one of the best channel on T.V.

I have lived in the Country all my life (66 years) and
really enjoy watching RFD TV!!
We have raised chickens for 40 years. We have
four poultry houses 500' by 40' about 19 to 21 Thousand
chicken per house, about 4 to 5 turn outs per year.
We also have cows and grow hay.

IN RESPECT,
Betty Smith

Dear FCC,

Please do not allow RFD TV taken from my satellite provider. I depend on this exceptional educational, and cultural source of information. It provides me many opportunities to better my gardening talents in my "urban" (small town) environment in the heart of the third most populated state in the U.S.

Their shows on cattle and equestrian current events, as well as history, are found on no other channel from my DISH provider.

Their environmental and land management programs... State by State... are exceptional. Most of all, I am never, ever, embarrassed by sordid, violent, or lewd television on RFD TV. It is "FAMILY TV"!!

Sincerely
Wade C Staggs

We receive RFDTV Through Dish broadcasting. Channel 231 in our area.

I am 84 years old. My wife and I watch RFDTV more than any other station.
We can get complete farm market reports that are up to the minute.
Good agriculture education information that would have helped me, to have been a better farmer.
The whole broadcast day is informative and enjoyable.
The 9:00 AM sign of Taps, the Pledge of allegiance and the word to the song America is given by a young girl, this reminds us this is what America is all about.
Keep RFDTV on the Air.
Thank you, and may God bless America!

To Whom it May Concern,

There are many reasons our family feels that RFDTV should not be taken off the air.

This network is good for the entire family. It is not only entertaining but is educational as well. It is nonviolent and appropriate for all ages.

We use the marketing program to help us stay abreast of world circumstances that affect our lively hood.

Everyone in America should watch RFDTV for one day, then determine that it is [redacted] an educational and wholesome network.

Sincerely

Greg Drake

Dear Sir: 16-41

Our family enjoys the programing from the RFD TV station. It is good family entertainment. This station should be available to everyone that owns a TV set.

We receive it through Direct TV.

Right now my husband is watching the railroad show he enjoys each Monday.

Please do what you can to keep this station available to all.

Dear FCC.

I am very upset that you are attempting to remove RFD-TV from the airways. Proceeding # 16-41. We now receive it on Dish Network. This station is very important to the rural areas. They have excellent programs. We watch RFD-TV every day. This is a terrible thing if this program is taken off airway.

Please do everything within your ability to keep RFD T.V. active and on line. I get it thru satalite (Direct TV)

I grew up farming and spent 35 years in the Air Force before settling here in Virginia. I own a small farm now and grow soy beans and winter wheat. I get a lot of news and entertainment thru RFDTV that is not available on other comercial channels. I enjoy the farm news and the Country music shows. They just are not available thru other channels. I watch RFDTV most of the time other than the local and national news.

Please give it your best effort to not take this away from me.

We all need RFDTV

Sincerely

Eugene M. Longfield

Dear FCC, March 22, 2016

As a dish customer I was most pleasantly surprised to find RFD TV. As a senior citizen I enjoy the many country music programs which appeal to my generation. I also enjoy the Trains and Locomotives each week as well as the tractor auctions and rodeo highlights.

It angers me that urban power brokers try to take away what little

bit of programming that's left for senior citizens to enjoy. I reference CBS takeover of The Nashville Network (TNN) several years ago.

I am fortunate to have dish, but I write on behalf of cable subscribers who might lose RFD and other networks. Thank you for understanding our situation.
