Dear FCC: RE: PROCEEDING NUMBER 16-41

My name is John Achey, 21513 VICTORY LAKE WAY, CREST HILL, IL 60403.

We watch RFD-TV on DIRECTV and enjoy watching their programming. It is educational, informative, nostalgic, entertaining and valuable to our entire family.

Please seriously consider my request to continue the broadcasting of RFD-TV. This programming would be greatly missed if discontinued.

Thank you,

John Achey

Dear FCC, Proceeding number 16-41

My husband and I watch RFD-TV on Dish, on an everyday basis. It is our go to Channel each evening for rodeo/equine/agricultural programs. We are not interested in the majority of the other channels due to the trash that they are showing these days, which is offensive to us.

RFD-TV is a family oriented station and we do not want to lose this station.

RFD-TV programs are simply the best.

Thank you.

Dear FCC, 16-41 March 9-2016

I'm writing in regards to the issues we are being confronted with about our RfD TV that is being cut from our TVdish Channels - why does Verison want to get the independant programers off our plan??? We want our, our farm shows, the music is awesome - all the weather info shows we do NOT want to LOOSE any of the RfD independent programs cut from our TV Channels - RfD has a diverse programing which we want to Keep.

RFD Programing is the Best Keep it on our plan!!

The Conglomerate Companies Produce Such Horrible programs they aren't fit to be on the air and you who support that should be ashamed of your choice of shows you Program - Keep RfD on the air.

Sincerely,

Shawn Messner

PROCEEDING 16-41

I positively support the RFD-TV channel, This is the only informative, family oriented, educational programming worth watching on TV any more!

I oppose providers dropping this or other independent channels that are both helpful and informative to our rural areas and senior citizens! (for which I am both!)

Thank you,
Sincerely,

My husband and I are in our late seventies and being of the older generation, we thoroughly enjoy the programing on RFD.tv

It provides so much enjoyment and lots of memories from "the good old days". The regular tv has horrible shows and nudity and that is why when we discovered RFD.tv we fell in love with it.. please don't remove RFD.tv ... we need good programs to watch and enjoy.

Dear Patrick

I'm writing to tell you I do not like what they are doing to our TV Programs. We have Dish DOCKET FILE COPY ORIGINAL fed up with them,

Please let FCC commissioners, Ajit Pai, Clyde Reynolds, Megan Clyburn, Ajit Pai to stand beside the Older people & keep the good programs on the air. Bring back the good Country music shows on Blue Highway TV or RFD. Bring back shows like The 60's music, The Jeeter, The Carbondale Effect.

Get rid of the dumb shows like, Swamp Modern Family, Spin City, Drew Carey, Matchea, Dilmore Girls etc, They aren't fit for our Grand kids & Great Grand kids to watch.

I am 75 years old & I don't care for the new crap they are cramming down our throats.

Keep on trying to get Verizon, Harrison or who ever to go back like it was.

Thank you

I watch RFD-TV on Charter Cable Company in Rochester, MN. Please DO NOT eliminate this station as it is one of the best channels on TV. Rural people are the backbone of this country. I read that one farmer feeds several hundred people. Keep their programs on. I enjoy the music programs they have, also, as no other channel has them any longer. Their programming is clean, moral and God's name can even be mentioned in their music programs.

Keep them on the air.

Sincerely,

Mary Madden

I am very glad to write to you. I am so glad I accidently stumbled onto RFD a couple years ago. I am so thankful for it. I am 83 and a widow and RFD is what I watch the most. I especally like all the music. It keeps me company and seems like someone is really here. It is so great to hear all the singers that are gone that I used to watch when my kids were little. Also so many new shows with some I had never heard off. They are great too. I like rodeos too. And all the pretty horses. It is just a great station. Please don't take it off. There are only 2 or 3 other stations I watch most of the time. Thanks so much for RFD.

Concerns 16-41

Dear FCC:

We do not want RFD-TV taken away. We are 65 and 70 years old and farm part time. We enjoy the programs on RFD. The market report, country music shows, Their shows can be watched by any age and not worry about sex or language being bad. Its the best channel on TV to get good shows on. We watch it more than any other channel.

Also they have more good Church programs and good music on. Family Reunion (COWBOY CHURCH)

Please dont take RFD-TV off the air!

It is a good family channel!

God Bless
Sincerely

I watch RFDTV or DISH almost everyday for programs I cannot find anywhere else. They have rural community, music, horse clinicians + horse activities that I greatly enjoy + find educational. My family + grandchildren

watch many of these shows & I don't have to worry about "adult supervision."

Please keep RFDTV, RIDE, & other small broadcasts available so that we don't have to pay high-price jobs from the networks. I am a senior citizen & my financial budget is limited - pls keep this type of programming available to everyone. It is needed so much in today's society with so many programs bombarding everyone - young & old alike - that are not suitable.

Thanking you in advance for your consideration. PLS KEEP RADTV available to us all!

Respectfully yours,
Carol Z Stapleton-Kreuter

PS.
Couldn't send form - didn't work when you were supposed to "confirm." Others probably had problems too.

I am writing trying to save RFD television station -.

It means a lot to me as I like the Country Music - weather report and the farming programs. I am 86 years old and the above means a lot to me as I can't get out and see programs like the "RFD" station brings. other stations have some of the programs but nothing like "RFD" does.

I especialy like the "Marty Stuart" show that doesn't come on other stations. If RFD is droped I will stop using other stations.

I enjoy the programming of RFD-TV. It pertains to the rural style of living which is vastly different than urban/suburban. Their program relates to rural life styles & choices.

I don't think it is fair for large urban media companies to force

1641

the rural channel off the air.

Please insure that independent channels get carried on all cable/satelite systems at no additional cost, (such as including them in "expensive packages" forcing us to pay more to watch it).

Certainly I don't want a wall built between urban + rural America
