I'm an 84 year old lady + don't know what I'd do without your R.F.D. Channel. Mine is #74 — and at least 75% of my viewing is with you. I'm Country, Gospel, + blue grass music! up until 1 Am Sat. P.M. Mich time. What great Programming!

My Cable is D + P. Communications! Not shown on T.V. with other Mi towns. Many of us in our Park (Mobile Home = 83 units) + Very nice — have D+P, as do much of Hudson.

Keep up the Great [illegible] I had some spare money (on Sat Sec.) I would do nate you some.

Pray for you, always -

Colleen Shaw.

My name is Shirley A Christ. I'm 86 yrs old. My Son is 45 yrs today. He didn't want to go to colledge, He wanted to farm. In all his years he always wonderd why TV or radio didn't have market prices so he could plan his days work. We have a station now RFD (rule Free Delivery) which we watch daily. It gives us all the things we need to operate. Without this media he would always wonder which why to go. Please do whatever you can to keep RFD on the air. We need this TV Station to keep us informed and for them to keep up there Good programs. We are Dish TV users. So help us keep our Good programs on the air

Dear FCC

I'm with TimeWarner in Concord, N.C. The Rual RFD channel is very important to me. I do not think a few people should decide what the choice is for us to watch. I long ago turned off the silly programs that are offered. RFD is a breath of fresh air. I hope you remember what your duty should be - to serve all people.

Dear FCC, 16-411

I am writing to try and help in keeping RFD. I love the station. It is the most newsworthy station on TV. I am a Country & Western fan and this is the only station that has it. I live in the Country and have DISH. I just believe they want to take this off the air. When you live in the Country that is all you have. My daughter lives in Colo. and they have direct TV. They hate it. It keeps going up all the time. I also have a daughter

in Kansas and she has dish.
My amount stays the same.
People who live in big cities
don't realize what it is
like. We can't all have Cable.
So please work as
hard as you can to keep
RFD. I'll be prayin for you.
The station is the best
informative I know
