I am writing this letter to protest the removal of the RFD station from the Dish Network that we subscribe to.

My husband is a retired farmer and rancher who still has an interest in the farm and ranch markets, the rural community and activities that fill the channels of the RFD network. I also enjoy the many features that are provided through our Dish and the RFD channel. The programs are good clean entertainment .The programs are appropriate for our grandchildren and the RFD channel is a blessing to the older communities who find television fills their often lonely hours.

Please continue supporting good clean RFD television for the TV areas of our nation.

Sincerely,

Dorothy and Vernon Schoenhals

RE: Proceeding 16-41

To the FCC:

I watch television through DirecTV and am disturbed that a channel I constantly watch and enjoy seems to be continually threatened with being taken off television. I watch the content I am offered on other channels changing to increasingly violent and unwholesome programming.

I request that the FCC would protect the programming offered by RFDTV

Thank you,

RE: RFD TV from Direct TV Prodeeding #16-41

Dear FCC, Proceeding #16-41,

We are in a rural area in Livermore, CA. where we use Direct TV to receive our television service. Farming in California has been hit especially hard due to the drought. We watch RFD TV daily where we receive important information about the markets and where farming will take us in the future. The programming on RFD TV provides various programs for all ages they are informational as well as entertaining. I do not have an option in San Jose, CA.(where I live at times)to watch RFD TV. The majority of programming on other channels is not worth my time to watch there is too much drama. RFD TV is light hearted and fun with real instant information pertaining to the market trade for farmers.

FCC please maintain our RFD TV streaming into our homes. All ages should be watching RFD TV, if not they are missing a great channel. I feel RFD TV should be expanded to all areas especially to city children.

Sincerely,

Lauren J. Alley

I watch RFD TV on Direct TV.
My husband Albert does too. It is on continually.
I (we) enjoy the farm programs as we are farmers, the music with bands whether polka music or big band or country is wonderful. The programming keeps getting better and better with information & visits to all parts of the country. Why would anyone want to destroy a station like this that gives so much pleasure to so many watchers on TV?

Attention RFD TV,

I am writing this letter to let you know how important your T.V. station is to me.

I am 83+ years old, I look foreward to watching your show. It is very educational and very interesting.

I am not able to get out much and I look forward to watching all of the DOCKET FILE COPY ORIGINAL music.

My brother (William (Bill) Monks never missed your program, he was a rancher and Calle man lived in Simon, Colorado. He has now passed but his wife and sons continue with RFD.

My granddaughter Bridgette also loves your show, she is 14 years old and loves the horses and barrel racing.

I am praying RFD TV continues. its part of our life, don't take it away. My husband loves your shows also.

Dear FCC

Watching you plan to stay on the air fill the dander up.

This area on the border of Oregon & Idaho is a big ag territory. Onion, potatoes, sugarbeets, corn hay & others. The county fairs are big deals. The community as ag classes, hosts College rodeos & our local radio station plays Western & country music, & stock reports etc

This is rural America!! And keeping up with markets, new equipment, new varieties is vital to all of us. Get it info or music or finding possible vacations or recipes.

Fight hard to keep RFD-TV on the air.

Dear FCC -1641

We are a farm family that depends on agriculture for our living with no other income. It is hard to find progaming that has much of anything to do with farming, but RFD TV. New ideas & what has been tried are always interesting that helps many of our decisions. The grandkids enjoy cartoons & funny shows on KUSM. There is so much filth & junk we don't want them watching. Please do not take them away!

I like the programs offered on RFD-TV, including shows about farming and livestock. I especially enjoy the Marty Stuart Show.

Please have Verizon/Frontier return RFD-TV to their programming.

We watch RFD-TV on Direct TV

As a family with a member suffering from Alzheimer/Dementia we would be cut off terribly, if we would not have access to RFD-TV. He enjoys and sings along with the many programs that we watch. The movies he no longer ~~flow~~ can follows but at one time he enjoyed the old movies.

Please do not allow any of the other network to interrupt these programs for seniors and also for citizens with these illnesses. Thank You!

DEAR FCC, PROCEEDING NUMBER 16-41

JUST A QUICK NOTE RE RFDTV.

- THIS IS THE BEST TV CHANNEL ON ALL OF DIRECTV. THE RURAL WAY OF LIFE IS REPRESENTED WITH STRONG VALUES - KIDS FROM ANY WALK OF LIFE SHOULD GET TO WATCH THIS CHANNEL. THEY WOULD MOST CERTAINLY LEARN SOMETHING USEFUL ABOUT LIFE. WAY MORE THAN ANY OF THE NETWORKS LIKE CBS - NBC - ABC.

- PLEASE MAKE VERIZON KEEP BROADCASTING RFDTV TO RURAL AREAS

Being Country music people all our lives we just love all the country music programs and Polka programs and Lawrence Welk and all the farm net work programs. We support RFD all the way.
