Dear FCC, 16-41

I'm writing in respose to a company taking RFD-TV off the air, which I think is so unfair, please think about this, lots of us friends out here don't want you to take that channel off the air.

I watch it a lot and it shouldn't DOCKET FILE COPY ORIGINAL because you a farmer or just a person who enjoys this type of viewing.

Think about it, where would our country be with out the farmer?

They raise our food where would you be with

out farmers.
Please leave this channel
on the air.

America Couldn't exist with out our Farmers. They Plant all Kinds of Seed, Raise all that we eat. Cows, chicken fish + all kinds of ducks, geese, + other Animals. God Spoke the earth in existance. Heaven + earth [DOCKET FILE COPY ORIGINAL] may but my word will never Pass away. God takes Care of every thing. He give us Oxygen to breath, Rain, Sun Shine, that Man Can't Supply. We don't ever thank him for all of this that we receive each day. I am 86 years old + in a Nursing Home we need the Farmers RFD-TV to make what we eat, wear and 1,000 other things they Produce.

I am a Senior Citizen with farming in my past and present. I ask you please to check into the stopping Dish Networks from broadcasting these agriculture programs. These are an important factor in keeping the rural knowledge available to all.

I especially enjoy the music and entertainment that are not available on any other stations. Please keep them available.

Dear FCC, Proceeding Number 16-41:

I watch RFD-TV on Time Warner Cable. I understand this station may be at risk of having its programming removed from availability. I was raised in rural Illinois and Kansas but now live in town. I rely on RFD-TV for information to understand agricultural markets and I enjoy their weather report.

Cordially,
