**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON THE JOINT
PETITION OF HOOD CANAL TELEPHONE COMPANY D/B/A HOOD CANAL
COMMUNICATIONS AND QWEST CORPORATION D/B/A CENTURYLINK TO
WAIVE THE DEFINITION OF “STUDY AREA” CONTAINED IN PART 36 OF THE
COMMISSION’S RULES**

CC Docket No. 96-45

Comment Date: September 20, 2019

Reply Comment Date: October 7, 2019

The Wireline Competition Bureau (Bureau) seeks comment on the joint petition of Hood Canal Telephone Company d/b/a Hood Canal Communications (HCC) and Qwest Corporation d/b/a CenturyLink (CenturyLink) (together, Petitioners) for waiver of the definition of “study area.”¹ Petitioners state that the purpose of the waiver is to permit CenturyLink to remove an area that is originally within its Washington study area located east of the town of Union and for the same area to be recognized as part of HCC’s Washington study area.² Petitioners add that CenturyLink currently has no customers being served in the area being transferred, nor has any facilities.³ However, there are two customers in the same area that are currently served by HCC.⁴ Moreover, the Petitioners also state that the driving factor behind this change is for HCC to be able to serve the said two customers with voice and broadband services.⁵

Petitioners state that grant of the petition is in compliance with the standards set forth in the *USF/ICC Transformation Order*,⁶ and the public interest will be served by granting the waiver.⁷

Effective November 15, 1984, the Commission froze all study area boundaries to prevent incumbent local exchange carriers from establishing separate study areas made up only of high-cost exchanges in order to maximize their receipt of high-cost universal service support.⁸ A carrier must therefore apply to the Commission for a waiver of the study area boundary freeze if it wishes to transfer or acquire additional exchanges.

In the *USF/ICC Transformation Order*, the Commission streamlined its rules governing study area waiver requests, creating a method similar to the Bureau's processing of routine section 214 transfer of control applications.⁹ In the past, the procedures for addressing petitions for study area waiver required the Bureau to issue an order either granting or denying the request after issuing a public notice. Under the revised process, upon determination that a petitioner has filed a complete petition and that the petition is appropriate for streamlined treatment, the Bureau will issue a public notice seeking comment on the petition, and the petition will be deemed granted 60 days after the reply comment due date absent further action by the Bureau.¹⁰ Based on an initial review, the Bureau finds that because of the policy issues raised by the Petition, it is inappropriate for streamlined treatment and should be subject to further analysis and review. Accordingly, the Bureau will issue an order either granting or denying the Petition after considering the record, including the record received in response to this public notice.¹¹

Pursuant to sections 1.415 and 1.419 of the Commission's rules, interested parties may file comments on or before the dates indicated above.¹² All pleadings are to reference **CC Docket No. 96-45**.
