FCC- 1641.

Mr Chairman I am writing in reference to 16-41. We currently watch T.V. through Direc-TV. We are grateful for RFD-TV. and its quality family oriented programing. Our local T.V. stations or networks are not watched! There are a couple of points that would need looking at. In the 14 years of having satellite T.V. why has it gone from $57 a month to $101+. WE ARE stuck with 200 plus channels that are not worth the time of day. Many programs are constant reruns. Why have you let le plus communication companys hold us hostage to mishap of Bundling. While you sit in Washington D.C. we are shackled into paying the highest rates in the world for 2nd rate TV 2nd or 3 rate cell phone and land line service and 3rd world internet access + speed at prices that Borderline on HIGH WAY Robbery. What is at issue is freedom of speech, truth honesty and integrity, high moral values suppressed on the alter of murder & mayhem death & destruction for greed + excess profit

To whom it May Concern:

In reference to - Proceeding 16-41

I am writing for my 92 year old Mom who watches your programs all the time. She really gets enjoyment out of the music especially and Cowboy Church, plus other programs that are broadcast on this network. She receives these channels thru Dish Network. She will be heart broken if these are taken off the air. She looks forward to the nights & days they are on.

So I am pleading with you for her & others like her that don't get much other enjoyment to please leave these on the air.

Thank you
Joyce Collins for
Agnes Stufflest

To whom it may concern,

We can't see why our favorite Channels are being threatend by the FCC. My husband and I are eighty and eighty five years old and its a blessing for us. Think about what you are trying to do to the major part of our country. Everyone we know in the country here enjoys it also. We discuss it when we all visit. Please stop this mess. We look forward to this every week end. Friday P.M. Sat. evening and Sun. P.M.

Thank you for listening

Subject: RFD TV Lineup

DOCKET FILE COPY ORIGINAL

To Whom it May Concern:

I wish to call your attention to the RFD TV Lineup. RFD has such a variety of programs that are clean and interesting, which is strictly for family viewing. That is more than I can say about the other TV channels. So many of the other channels are about so much violence and vulgarity, and is not fit for a family to sit and watch together. Even the so-called cartoons need to be cleaned up. With this said, I hope you will reconsider and not block the RFD TV Lineup.

Thank you,
Virginia McIntosh
240 Maple Ave

I am a RFD-TV viewer. It has brought me a wonderful option to enhance my TV viewing choices. I see the genius of Patrick ~~Gottsch~~ to bring a much needed channel for our wonderful agricultural communities. We in the United States are so fortunate to have these dedicated farm families. I believe we must recognize and do all we can to promote and provide for this segment. The music, the educational programs, the focus on our Senior citizens, the F.F.A. 4-H, etc. these are super programs. I think to drop this channel it is ridiculous and unfair. I learned so much from this channel - and would feel it is a huge mistake. Please respect our love for this channel and what we rely on for a positive channel. Thank You,

Re: Proceeding number 16.41 DOCKET FILE COPY ORIGINAL

Dear FCC:

We are writing to you to voice our concerns over rural programming. We watch RFD-TV quite often and would like for it to continue. We are DISH costumers.

This country relies on agriculture and even though rural populations cannot compete with urban ones, the large companies need to remember where they get their food. Rural programming needs to be protected because it is educational AND entertaining! Many, many shows on the air with large companies is not what people should be watching.

Please keep in mind that this country was built on agriculture and still relies on it.

Thank you for your time!

Sincerely,

Gary Hallock

Dear Patrick;

I came from Sutherland, Nebraska 13 miles north east, where the Birdwood Creek empty's into the North Platte river. the sand hill crane's stop there for a month, on their way north. Only about a week or two on their way down south.

DOCKET FILE COPY ORIGINAL

My wife came from Hershey, Nebraska about 11 out south near the Sutherland reservor outlet. Nebraska Public power and irrigation District.

I graduted from Curtis, Nebraska high school 1946 Governor Val Peterson spoke. I am sure that you know about it. It is a state-run school. I suppose that he came up on the train.

Both of us grew up on farm's.

Your T.V. station is very enjoyable too us. We watch 80 - 90% of the time. We sure do enjoy Mollie B polka partie's. No other station carry this polka music.

We enjoy the train's and locomotive's.

they put a translater in at Hasting, Nebras
then we got T.V. It came up from Lincoln, Nebraska.

Some more year's went by and they put one in Hay Springs, it is out north east of Alliance. Nebraska, it came down from Rapid Citiy, South Dakota and we got it too.

North Platte river go's on the north side of North Platte, then turn's south between the airport and citiy then go's on east too the south east corner of the airport where it join's up with the south platte and Nebraska public power and irrigation distrit. And then it is know as the Platte river. The South Platte head's up at Denver.

Farming is sure different now days since we used horse's most of time.

This Yuma is sure a dry country we only get about $2\frac{1}{2}$ inch's of rain a year. No snow.

The generater's are located out south of North Platte. Lake Maloney feed's them I think there are 3 of them in there. I saw them once long time ago.

Sincerely your's;

Yuma, AZ. 85364

Dear F.C.C.

R.F.D. T.V. station is very important too us, we both came from Nebraska too start with.

I knew Cherry county was a very large county, But what I didnt know that it was the largest county in the U.S.A. Valintine is the county seat.

I found this out from Post card's from Nebraska. R.F.D.T.V.

They play the Beer Barrel Polka alot well, do you know where it came from? I'll give you a hint it didn't come from Germany. The Beer Barrel Polka came out of Poland.

North Platte produced two presidents for the Union Pacific railroad.

Bill Jeffer's and E.H. Baily.

north across from the Depot. the number was 100, I dont remember the name of it. the section men were putting out marker Barell's and pail's too catch the garbage and sewerage and hooking up the water. Also the tephone guy was there hooking up his telepho In those day's none of the passenger cars were self contained.

I saw E. H. Bailey in Cheyenne one time, he just got off of his car 117 and the switch engine was hooking on too it take it off. those wheel's were sure hot and smoking from coming down off of Sherman hill.

They built another hump, the last hump and named it Bailly yard.

Jeffer's street run's north south throug town North Platte connecting with Hyway 30

We sure do enjoy the toy train's very much

Sincerely your's;
Russell M. Neel

To Whom it May Concern!

It is my understanding that there is a move underway to remove RFD-TV from the air waves.

I am a senior citizen, cow-calf operator and rely heavily on the live[illegible]ing and up-to-dated market reports. These are used to base my decisions on current issues affecting cattle markets as well as livestock prices and agri-weather.

DOCKET FILE COPY ORIGINAL

I have no computer access, so RFD-TV is vital to my operation. For those of us in rural America, this service via my satellite provider - Dish Network

A Special Note—

is extremely important. Please reconsider this decision and keep RFD-TV in my programming package.

Sincerely,
Barbara J. Sample

FCC 16-41

March 25, 2016

Dear FCC,
We are writing in reference to Proceeding 16-41.
We are writing to voice our concern that RFD-TV be allowed to remain on any and all channels. We feel that indepent channels should recieve support. We feel that RFD-TV and it's programming is so important to our country. It has educational, wholesome, informative and entertaining programs. Please rule in their favor.

Thank you for your consideration

Dear FCC - 16-41,

I am writing to have you reconsider dropping the RFD TV channel.

DOCKET FILE COPY ORIGINAL

It is the best channel lineup in the TV listings.

I have had it only the last 2 years and have enjoyed it immensely, from farm news, music, and segments that are educational.

It would be a great loss for us seniors and others that are enjoying the RFD TV channel.

Stop and think - where does your food come from? If it wasn't for our farmers where would you be purchasing your food from - maybe China? I don't think so.

I watch RFD-TV on the Dish network every day; it's the only sensible TV channel.

Sincerely,
Arlene Robenson

Farmer dairy farmer wife & of WWII Veteran's wife

F.C.C. 16-41

I am writing to tell you that I really am hoping you will continue the connection with RFD TV.

I watch that Channel a lot and enjoy every minute of it. There are not any "beeps" - etc. etc. It is just a pleasure to watch this Channel.

I would really appreciate this disagreement (whatever) to end

Thank You

Mary Peterson

Dear FCC,

I Am writing to let you know how much we enjoy R.F.D.T.V. We Live in North West Iowa, a small Farming Community. We watch R.F.D on Dish Network.

The programs we watch are Very importent to us. they Incloude Texas Country reporter, Country Family Reunion, Rodeo's, horse traing, Cooking, history of old barns, tractors, Ranches Nabraska postcards, Rosebowl Parade, Farm News, Programs about the Produts other States Produce and

how the Live, All the Country Music programs.

We all the people the bring the R.F.D.T.V. to our Community thank you for your Concideration on this Issue.

A Loyal Customer
Norma Barkham

Case # 1641

Sir

I understand that your big Companies are trying to get R.F.D. T.V. off the air. why are you doing this. there are a lot of farmers watching this station. There are a plenty of other stations, that have all this Violence on every ~~program~~ program has shooting. blowing up Cars + buildings ~~Dong~~ Do you think these programs are better for us. where do you think you would be without the farmers Do you know where you're

(2) Great Show of Education
+ Music entertainment!

Lecture
3-25-

We Love RFD please keep it on the air.

Cause of all the Great Music
+ variety shows
Music tells a story in a song.
Weather reports - all across USA!

Farm Report - + Farm prices animal + crops

Farm Equipment New + Old -
Show how we have grown ——
Farm: land crop management - storage
chemical use for crop -
+ crop way they are used
in so many products usually
nothing is wasted

We like Texas Reporter + Nebraska
Information on other states - jobs and
crafts + many unusual hobbies
like the 107 yr old man that was in
3 wars + Bet his rifle w/ his service info. on it

DOCKET FILE COPY ORIGINAL

We like the Christian teaching + training

God Loves his people - (Bible) God word

Cowboy Church - tells how it is used to strengthen them all - we are all Children of God + need his strength.

Training of animals - horses + cattle pigs etc. Life is special!

Help - Young people to grow with a animal - learn responsibility of training - feeding + cleaning it + even showing cows + pigs - goats etc. Responsibility is a great thing to have

Shows Love -

Shows what job are out there - FFA

World wide + our responsibility to have save our land + water from pollution + be good care taker of this earth. This earth is Gods + we are Gods people + everything here is God respect it. Sincerity Don + Jean Misluck
