Dear Sir (16-41)

I hope this finds everyone all OK.
I trust you'll keep RFD on the TV.
We are farmers and thats how we keep up with the markets & weather and all the music shows as Larrys Diner, Marty Stuart Show, Midwest Country & etc.
Please keep this all on TV.
These country lands is what feeds the City folks as well as country people and we need RFD. Its part of our everyday life.
When my grandkids come they like the shows on cows, pigs, goats, chickens and all the country life. They don't get any of this in the city life over in Ohio.
Do keep RFD as part of our lives.
God Bless you in making your future plans. God is our guide.

Sincerely
Don & Betty

To WHOM it may Concern:

I just want to say that RFDTV has good programing. Leave it on satelite & cable TV. No other station gives the same variety.

Please — leave it alone.

I watch RFD-TV on Direct TV. I like to watch the Tour of Roses parade each year, Marty Stuart, Texas Country Reporter, agri & farming programs. I do not know any programs on RFD TV I do not like. I pay a high price to watch a few programs on Direct TV. RFD-TV is a clean family show & I really enjoy it. I do not wish to see it dropped. It has such a good variety of programs to watch.

They have singer on these shows that didn't know if they were living or not. So please its not much to enjoy on TV anymore so don't take what we do love.

Dear Sirs at FCC,

I am sorry to have to write a second letter to you in regard to these big Cable Companies once again wanting to take my RFD-TV off the air.

I am hoping and praying that you and all its listeners will keep it on the network stations. It is my favorite channel on Sat. night from 6-12pm. RFD is the cleanest channel on TV, and if you took all the sex & violence on the other channels you would have RFD on only. I grew up on a farm and am still [illegible] farm and rode horses all my life, another reason I love RFD.

DOCKET FILE COPY ORIGINAL

I've been a member of Direct TV since 1995, and have been so disappointed when these companies have ruined CMT and TNN which no longer Bluegrass & Classic Country like they were back then.

I'm 84 yrs. old and grew up on Classic Country & Bluegrass & Grand Ole Opry. RFD has all about horses, farming, news & etc. When I changed to Cable TV years ago I could have XM Bluegrass Junction & within a year & 1/2 they took it off and

put the "Sonic" channel on. Its OK, but not the station that Serius XM is. They have good music, but play the same songs over & over. XM Bluegrass has all the performers & latest Bluegrass bands & their music. Sonic sure doesn't measure up! Why take something good off?!! For me to get XM Bluegrass Junction now I'd have to buy a new car to hear it, or be wired up extra on my farm.

To these big Cable Companies I say — Why do you people insist on your members watching what you people want put on TV. Keep RFD TV on the air and make me and all it's many fans happy to pay our monthly bill!!

Sincerely,

Darlene Duhrkopf

Please dont let the big networks (Corporations) knock out R&D-TV. You would be depriving a good share of the population of their most important TV shows. Dont rural and elderly people count at all?

Im a 90 year old widow, living alone in a small town. The only T.V I really enjoy is R&D-T.V and PBS. and I'm not alone — Many farmers really need R&D-TV.

I am writing to your T.V. network, that I enjoy very much. I hope this idea of every year or so of taking this network off the air, can be put in a bag. I look forward every evening to turn on RFD. I would miss this program very much if is removed from the network.

I am 76 years old and am active on the farm work. I drive tractor mowing + raking hay.

Again I enjoy this RFD network. Keep up the good work and keep my enjoyable night time!

Thank you

We had this trouble before with a different station and we switched to Direct T.V. because they were going to raise our rates much higher even tho we had RFD at the time, There are only 2 stations we require to receive and R.F.D. is one of them, We are in our 80's and watching R.F.D. is an absolute must for us. Please do not take it away from us. Thanks for any help you can give us to keep it on the air for us.

Dear Sirs

We were very disappointed to learn our TV Channel RFD is about to be Cancelled by our Direct TV satellite.

Our RFD TV is a major Channel we watch. First TNN was cancelled, and now you want to stop this. We have dozens of other channels we never watch.

It seems the TV watching is Controlled by City people and Country people have no Say.

We respectfully request that RFD TV not be Cancelled as a Channel for us to watch.

Please leave R.F.D-T.V. on Cable and DISH Satellite television. We are tired of violent killings, old immoral sex shows and fantasy space expeditions. We need wholesome, educational shows that are family orientated and decent.

At least give us the one channel, out of the hundreds you endorse, that is free of sex and violence.
