Re: RFD-TV

To Whom It May Concern: DOCKET FILE COPY ORIGINAL

WHY? Would the station even consider discontinuing the RFD-TV Network?

Do they realize just how many people watch that station, because they have wonderful shows, and it is certainly entertaining for older folks, who can relate to the music of years gone by, Plus all the Gospel Singing. That's what we all grew up on.

We as couple watch Larry's Country Diner, Family Reunion, Marty Stevens Show, Hee Haw, The Dailey and Vincent Show, & Molly B Polka, just to mention a few of them. We have many friends who feel as we do, that this would certainly be a LOSS if all RFD-TV were to be discontinued. We suppose if they do stop them, they will just put more DETECTIVE, DOCTOR, AND REALITY SHOWS on which are not worth watching.

We certainly hope that you take into consideration all the letters and responses that you receive to heart and consider just how many people would certainly be VERY DISAPPOINTED if this should happen, as we look forward to them every week.

Thank You for listening to our feelings and "Good Luck" in continuing to bring us the RFD-TV. Network.

To whom it may concern

Please DO NOT DELETE our most enjoyable channel of R.F.D. We watch it most of the day and night shows. It is always a pleasure to see the many programs that appeal to our age group (over 65) It would spoil our T.V. habits if you took R F D off the air. Begging you to reconsider losing the best of the best.

Dear Sir or Ladies

We love to watch RFD-TV. They have so many nice shows. We love the music shows from Country to Polka. The farm programs are very interesting. Not so much garbage like some other stations. Please keep the big Cable companies from dropping this Great station. Thanks.

Dear Verizon,

I pray you will reconsider your plans for RFDTV. It is the only decent TV station on the air, including the Disney Ch. We are an 83 yr. old couple that crashes and violence on most channels do not interest us. Please listen to the people.

Dear Sirs: 1641 3/21/16

I want to show my support for RFD-TV. In our family, RFD is the one station on our Dish, that we watch regularly! Programming on it is Clean and wholesome, plus informative. Do not black rural independant programming! We would be very disappointed, if we no longer could watch our favorite programs on RFD!

Thank you,

Noah + Gloria Gregory

It is my concern that RFD-TV continue on its Indepent network. Our provider is Dish Network.

Getting the grain & cattle markets every day in a timely basis is one I depend on.

Rural programing is one info source that been lacking a long time!

Patrick has directed only entertainment that is free of sex and violence! All programs are safe for family viewing.

To seniors that aren't able to go to entertainment events either by their declining health or a far distance it great.

Please consider those RFD-TV serves and don't let big companies cut it out - we need it now.

Thank you

Sincerely
Henry Stephens

Well all I can say for you you are greedy. My Husband & I enjoy RFD I have family who are farmers there were five. But 3 of the gentlemen have passed. One had a big farm in Utica Nebraska, one in KS and the other in MO. Then my sister had a horse farm in MO but they both have passed. But I still have at least 3 still farming. Just leave RFD alone we have a lot of farmers. And also leave all the other Channels alone I think you need to leave to operate on what you have and stop raising our bills every year on Dish & Direct

OVER

and the sports programs alone also.
You all are just greedy greedy

I watch RFD-TV on DIRECTV.
I anxiously wait to watch
every country music program
aired on RFD-TV. RFD-TV is,
without a doubt, the most
awesome line-up of excellent
country music and it would
be such a devastating let-down
to have the excellent country
music programs squeezed off
the TV. Please, please, please
don't take country music RFD-TV
programs off the air.
Thank you!

I am an elderly person & I don't get out to see entertainers, I can't afford the cost of a ticket - not on my Social Security so I watch several shows on RFD-TV. Why do other companies like to cancel RFD? Do they think we don't need RFD? It seems they wish to be bullies! I hope this shows you what I think of other companies.

Dear FCC 1641

Please leave RFD on Ch 231

We had to change from Charter due to the cost of $80.00 plus

We only have the lowest on Dish which fortunely included RFD

We came from generations of farmers and hope to continue even if get jobs in winter.

I am an eighty five year old woman, am slightly disabled, am at home alone much of the time.

I like the Cooking shows and most any music, some tractors & radio shows

My son, with whom I reside, since my former husband died, was so happy when we got RFD. He is a row crop farmer, is involved in NTPA tractor pulling. The weather report, Market Hefty Brothers etc. used of the week, seed brands, chemicals Machinery Pete, Macum Auctions, Antique tractors, National Farm Show in Louisville Ky

We would really hate to lose RFD TV
