**WIRELESS TELECOMMUNICATIONS BUREAU SEEKS COMMENT ON
VERIZON'S PETITION FOR DECLARATORY RULING REGARDING FEES
CHARGED BY CLARK COUNTY, NEVADA FOR SMALL WIRELESS FACILITIES**

WT Docket No. 19-230

Comments Due: September 25, 2019

Reply Comments Due: October 10, 2019

By this Public Notice, the Wireless Telecommunications Bureau seeks comment on a petition for declaratory ruling filed by Verizon on August 8, 2019 pursuant to section 1.2 of the Commission's rules. Verizon asks the Commission to declare that the recurring fees charged by Clark County, Nevada (County) for small wireless facilities in public rights-of-way are unlawful.¹ Specifically, Verizon claims that these fees materially inhibit the provision of telecommunications services by Verizon and violate Sections 253(a) and (c) of the Telecommunications Act, as amended, and that the Commission should preempt the fees under Section 253(d).²

Verizon argues that the County's recurring fees materially inhibit the provision of telecommunications services by wireless providers because: (1) they do not reasonably approximate the County's actual and direct costs associated with a provider's use of the public rights-of-way and other assets; (2) they consequently are not limited to the County's objectively reasonable costs; and (3) they are inherently discriminatory.³ Verizon asks that the Commission declare that the County may not charge recurring fees to Verizon that exceed the presumptively reasonable annual rate of \$270, as set forth in the *Small Cell Declaratory Ruling*.⁴

We seek comment on these issues and any other issues raised by the Petition.
