Dear Sir,

We are writing this letter to you regarding that you would like to discontinue our services QBS + FOX Network, I wish that you wouldn't do this because where we live we cannot get the ~~programs~~ programs on antenna because we live in a valley & mountains around us.

Thank you.

I'm a satellite owner and greatly oppose the court's decision to terminate satellite delivered network programming.

I'm behind you 100% in implementing a rule that will help preserve my service with PrimeTime 24.

I will like to have full access to network programming. I do not receive local stations, for what reason, I don't know.

I live in the country about seventeen miles from the nearest town. I had no other chose but to purchase a satellite. So, I will be greatly affected because, it's impossible for me to rely on cable from the local cable company.

In my closing, I strongly suggest that you please do everything in your power to enable me and others to have access to satellite network programming with local channels included.
