The Colorado River Indian Tribes will like to provide a brief statement on the subject of Tele-Communications. We are new comers to this arena of providing telephone service to our reservation. Various testimonies have been provided here, as to the conditions of inflated claims by the various telephone service on Indian Reservations. As landowners, we should have exclusive rights to serve our reservation, if we choose to do so. We have attempted to exercise this right, but turned away, because we did not meet the deadline date of the GTE bidding process by a couple of days, and continuing as we speak. This, Mr. Chairman will cause an additional impact on us as a tribe, by pursuing to purchase from the winning bidder, which will cause an additional cost to us or cause us to seek other alternatives.
