Springfield - 1 - 7 - 0 2

Hello members of the Secretary,
My name is Rosario, a member of "DelHoh", Delaware County for the Hard-of-Hearing.
I have been wearing H. Aids for about 15 years. As of lately I wear Digital H. Aids on both ears.
Mine is a severe Sensoneural H. Loss, which means sensitivity to High-Pitch Frequency. For this reason I do not own a cell-phone, because I do not hear the ring! In the near future I would like to own and carry a cell-phone since I am a single person therefore very Self-Dependent. Hearing Aids incompatibility with Digital Telephones is still an unresolved problem. I truly wish you could take the seriousness of this matter in consideration. There are so many of us out there waiting to benefit from the convenience of owning a cell-phone.

No. of Copies rec'd 0
List A B C D E

Surely you can understand how important this matter is to all of us. Many thanks to all of you for listening to this Complaint!

Truly hoping that Digital Wireless Telephones will be made compatible to our H. Aids real soon.

Again, many many thanks

Truly

Rosaria Crimaldi.
