Re: Docket # CG [redacted]

Gentlemen:
I have called I. Don my phone and in the last probably three months I have had approximately 15 hang-up calls from the Franklin Mint. All hours of the day and evening.
My husband and I are in our 80's and this must be stopped!
I have called the number shown and I get a recording thanking me for my interest in the Franklin Mint. I do not get to

talk to a person.
Please, please do something about this situation.
Thank you.
