I'm sick of all the phone calls trying to sell something, surveys, + hang up calls.

Sometimes I feel like unplugging all my phones.

I feel this is an evasion of my privacy.

There should be a law passed to stop these people.

I protest all telemarketing. My husband and I get several telephone calls every day. It is an invasion of our privacy + has nothing to do with free speech. Please do something to regulate this type of telephone use.
