Re: CG Docket # 02-278

I have no idea what your current TCPA rules could possibly be if not non-existent!

Any + All unrequested calls to my number should be illegal — they are already immoral, rude, infuriating, disrupting, interrupting, dangerous, cruel, untraceable (if they're not ashamed of what they're doing? why can't I re call them?)

I have dangerously raced in from outside.

Gotten out of the sick bed.

Hazardously flew to answer before it woke an ill family member.

Jumped up from uncount-
able meals & for meal prepa-
rations.

Been hung up on.

No one on the line but the
computer vacantness ~

I resent the necessity of taking
my valuable time to write this
& pay ~ even the cost of a stamp!;
feeling the need to defend not
spending the $ & time to get an un-
listed phone (doubt it helps ....);
not letting my answering machine
get the call (these scurrilous people
are apparently instructed not to
lv msgs; having caller i.d. & not
answering if I don't recognize #;
on & on ....

I pay for my phone for my
convenience & pleasure ~ not their
abuse ~

On several occasions when I've
explained how they / their call intruded
on my life they've been rude enough
to say they need to earn a living ~

Am I suppose to think that's honorable? admirable? ~ I do NOT ~ returning requested calls; maybe.

I can't believe any of this is news to you; but it felt good to ventilate.

In short — I deplore these rude intrusions.

Get my # off your lists — Close down this irresistable intrusive, hostile group.
