Docket number CG Docket No. 02-278

I am irriteted & totally annoyed by the phone & e-mail solicitations that abound today. I consider each call and e-mail an invasion of my privacy and the worst part is that I known of no way to stop them other than to discontinue phone & internet service which is not a satisfactory solution.

I truly hope that something can be done about this ever increasing problem.

Sincerely,

Frank Eoff
